STRIKERS RETURN TO THE MILLS

According to Officials of the Steel Corporation There Is Weakening in Their Ranks.

MANY NEW APPLICATIONS

The announcement that the company will start their Pittsburg Mills non-union has caused many strikers to seek cover—Amalgamated officials claim that their ranks are unbroken—No change in the situation outside of the Smoky City.

By Exclusive Wire from The Associated Press.

Pittsburg, Aug. 29.—Officials of the mills of the United States Steel corporation, which were closed by the strike of the Amalgamated association, say that about twenty new applications from former employees for work. The announcement that the company would start their mills with non-union men has, the officials believe, caused a weakening in the ranks of the strikers and many are seeking cover. The Amalgamated officials, however, claim that their ranks are unbroken and as strong as ever. Reports from all the mills of the corporation show that steady gains are being made in the force of non-union men. The strikers claim to have recruited six non-union men to desert the Star mills today and to have then shipped back to Chicago, whence they came. On the other hand, Superintendent Piper of the Star plant announced that he is nearly ready to start up the other mills in the plant, and the men now waiting for the improvements to be completed are in the mill. In the Painter mills the work is progressing smoothly, and no desertions are reported. New men are being secured, though the company officials say that on Sunday the strikers make an active canvass of the homes of the men at work and seek to induce them to remain away from the plant. The last two weeks have been a busy time for the men who have started today, but it was found impossible to have them ready and the starting was postponed for a few days. Pickets about the Lindsay-McCutcheon plant in Allegheny claimed to have started back a new strike today who are bound for the mills. Other than this, there was no change in the Allegheny plant.

The only significant action in Lawrenceville today was the successful starting of the mill in the Allegheny plant of the Carnegie company. The start was made, according to the officials, with a full crew, and the mill will be run without interruption. Regarding the rumor that the steel workers strike would affect the opening of the window glass plants in this city, a prominent manufacturer today said the reason given for this was absurd. The building trades, he said, have not been affected by the strike in the least, as was claimed. The structural steel mills have not been stopped at any time and buildings have been carried up without interruption. If there is a delay in starting the glass factory fires, they say it will be for other causes.

Little Interest at Headquarters.

There was little of interest about the headquarters of the Amalgamated association. The cause for the absence of Assistant Secretary M. P. Tighe was intimated in a report from Chicago which says that he is engaged with Vice President W. C. Davis in organizing a new Amalgamated lodge in South Chicago, which will take the place of the one expelled by him two weeks ago. It is said that fourteen members have been secured in this city with Vice President W. C. Davis in organizing a new Amalgamated lodge in South Chicago, which will take the place of the one expelled by him two weeks ago. KNIGHTS TEMPLAR ADJOURN.

The Meeting of 1904 Will Be Held at San Francisco.

Louisville, Aug. 29.—After electing officers and selecting San Francisco as the place of meeting for the first Tuesday in September, 1904, the twenty-eighth triennial convocation of Knights Templar, which has been in progress here since Tuesday, adjourned today.

The festivities came to an end at a magnificent ball held tonight at the Horse Show building. The election of officers occupied the greater part of today's session. In the selection of the grand junior warden and the grand recorder occurred the only contest.

In the contest for the grand wardship, W. H. Mayo, of St. Louis, who held the office for six years, was pitted against John A. Gerrow, of Detroit. Mr. Mayo led on the first ballot, but lost steadily thereafter, and the office went to Detroit. On the fifth ballot, H. W. Lyles, of Connecticut, was re-elected grand treasurer, practically without opposition.

THE RECORDER'S AXE AT PITTSBURGH

Mr. Brown Springs a Big Surprise on the Politicians of the Smoky City.

By Exclusive Wire from The Associated Press. Pittsburgh, Aug. 29.—Recorder A. M. Brown tonight sprung a big surprise on the politicians of this city by decapitating three official heads and appointing three other heads and appointing their successors, who will assume charge at once. The deposed officials are:

J. O. Brown, director of public safety, to be succeeded by Andrew Fulton, at present superintendent of highways. Clarence Burleigh, city attorney, to be succeeded by William B. Rodgers, attorney. Robert Ostermaier, delinquent tax collector, to be succeeded by William B. Hays, a prominent oil man.

United States Senator M. S. Quay came to the city today from his home at Beaver, and Recorder Brown returned from his vacation in the mountains at about the same time. The recorder has been in retirement since the late state Republican convention and came to the city unannounced. His action tonight was entirely unexpected and he gives no reason for the removals except to say that they were made in the interest of better government.

STATE RIFLE MATCHES ARE CONCLUDED

Second Brigade Secures the Trophy at Mt. Gretna—Poor Showing of the Third.

By Exclusive Wire from The Associated Press. State Rifle Camp, Mt. Gretna, Pa., Aug. 29.—The annual state rifle match was concluded here today. Camp was broken this afternoon and the soldiers have departed for their homes. The last match, the brigade trophy event, was shot this morning, resulting in a victory for the Second brigade team by the narrow margin of four points over the Philadelphia or First Brigade.

The brigade match attracted the most interest of all the week's events and there was difficulty in keeping the crowds from overstepping the firing line as they crowded around the score boards. The scores follow: First brigade—200 yards, 241; 200 yards, 238; 300 yards, 252; total, 341. Second brigade—200 yards, 241; 200 yards, 229; 300 yards, 265; total, 345. Third brigade—200 yards, 237; 200 yards, 235; 300 yards, 219; total, 291.

THE TRENTON DISASTER

Result of the Boiler Explosion on the Delaware Steamer More Appalling Than Supposed.

NINE DEAD, 20 MISSING

Of the 33 Persons Taken to the House of Correction Hospital Nine Still Remain and Two Will Probably Die—Searchers Are Dragging the River—Passengers Say Steamboat Was Racing.

By Exclusive Wire from The Associated Press. Philadelphia, Aug. 29.—It developed today that the result of the explosion of the boiler on the steamer City of Trenton, while on her way up the Delaware river from this city to Trenton, N. J., yesterday afternoon, was more appalling than was at first supposed. Nine persons are known positively to be dead, at least twenty are missing, most of whom are believed to have been on the steamer, and two of the injured still in the hospital will probably die. The identified dead are:

WILLIAM NELSON, aged 67 years, a veteran of the Civil war and formerly an inmate of the Soldiers' Home, Hampton, Va. JAMES McCOBBICK, 25 years, Wilmington, Del., steamer. ELIZABETH GREEN, 7 years, Philadelphia. WM. D. B. S. 28 years, Philadelphia. ARTHUR H. T. LANSING, 14 years, Trenton, N. J. WM. H. KEEN, Philadelphia. JESSE STRATTON, Trenton, died in hospital.

In addition to these, there are two charred bodies, believed to be those of females, in the morgue. They are beyond recognition, and will be buried in Potter's field.

List of Missing.

The list of missing, which will doubtless add many to the death roll, is as follows: Irené Weid, aged 16 years. Clara Weid, 12 years. Dona Weid, 9 years, three sisters, of this city, who were with their mother, Mrs. Dunn, who was killed on the steamer. Mrs. Wm. H. Keen, whose husband was killed. John D. Chew, of Camden, N. J., assistant engineer. Augustus Meikle, Bremen. Mort Meikle, Bremen, Philadelphia. Annie Herr, aged 10 years, Philadelphia. Mrs. J. M. Mathews, Philadelphia. Mr. and Mrs. Frank Albert, Philadelphia. Nellie Ballantine, Philadelphia. Mrs. Herbert Green, Philadelphia. Ethel Stokes, Trenton, N. J. Henry Johnson, Hallowville, Pa. Marion Ashwell, 17 years, Philadelphia. Mrs. J. M. Mathews, Philadelphia. James O'Connell, Bremen, Philadelphia. Miss Edna Kinney, Philadelphia.

In the Hospital.

Of the thirty-three persons taken to the hospital in the house of correction, near the scene of the explosion, the following are still in the institution: Mrs. Edna Van Kleeck, Hightstown, N. J., still dead. Miss Fannie Koch, Philadelphia, will die. W. C. Marshall, Morristown, Pa. J. W. Hastings, Philadelphia. Mrs. J. W. Hastings, Philadelphia. Frank Lansing, Philadelphia. Mrs. Clara Corner, Philadelphia. Mrs. F. R. Smith, Philadelphia. Miss F. R. Smith, Philadelphia.

Although the searchers, consisting of a corps of city police, have been dragging the river ever since yesterday afternoon, they have been unable to find any more bodies. That there are more victims in the river is the firm belief of the authorities, and their failure to find additional dead is supposed to be due to the strong current in the river at the point where the explosion occurred.

The water was pumped out of the hull of the burned steamer, after which a careful search was made for additional victims of the explosion, but none was found. An attempt was made at high tide this afternoon to float the wrecked vessel, but it was unsuccessful and another effort will be made at the next high tide late tonight.

As to the exact cause of the explosion, nothing is yet known, but a rigid investigation is to be conducted at once. Fire Marshal Lattimer, Coroner Duga, the police department and the United States boiler inspectors for this district will each carry on an independent investigation, but little will be known until the survivors have been examined and a careful inspection of the wrecked steamer shall have been made.

Steamer Was Racing.

Many of the passengers who escaped injury maintain that the City of Trenton, which was late when she left her wharf in this city, was racing at her topmost speed, and that if this had not been the case the accident would not have happened. This is partly borne out by a statement said to have been made by Assistant Engineer John B. Chew. Chew told his wife that he expected to be killed by an explosion on the steamer, as the company made the engineers keep up too high a pressure of steam.

A telegram received tonight from Trenton, Pa., says that Miss Elizabeth Littenbort, a school teacher of that place, who was on the City of Trenton, has not been heard from. This makes twenty persons reported as missing.

Acting under instructions of the supervising inspector general of steam vessels at Washington, Robert S. Hoyle, of New York, the supervising inspector for this district, came here today and made a preliminary examination of the interior of the hull of the City of Trenton. He was accompanied by officials of the company and local boiler inspectors. Mr. Hoyle, after the inspection, said he had not found the cause of the explosion, but had a theory as to how the accident happened. He would not say what his theory was. The port boiler lies at the bottom of the river, some distance from where

the steamer was beached, and an inspection of it is impossible. Plans have been made to get a statement from Chief Engineer Murphy, of the City of Trenton. He lives at Wilmington, Del., where he is now confined to his home. His relatives will not allow him to be seen, nor will they make a statement in his behalf. He is said to be in a deplorable condition as a result of the explosion. It is believed by some of the officials, who are investigating the disaster, that Murphy can satisfactorily explain the cause of the explosion.

"CAN I SPEAK WITH YOU?"

The Above Remark, Made to Non-Union Men, May Cause Arrest. By Exclusive Wire from The Associated Press. Chicago, Aug. 29.—Union pickets may be arrested without warrants and held to the criminal court for unlawful interference if they issue the privilege of a conversation. This was the purport of a decision rendered here today by Justice Doyle, when he held to the criminal court James Brown and Herman Vogelberg, two of the strike committee of the Iron Molders' Union of North America, who on August 22 pulled the sleeve of Anton Nelson, a moulder, and said: "Can I speak with you?"

"BOSSIE" FRANCIS ELUDES PURSUERS

A Pack of Bloodhounds Locates Him in a Mine—All Approaches Are Guarded.

By Exclusive Wire from The Associated Press. Kansas City, Aug. 29.—"Bossie" Francis, the murderer of Miss Mary Henderson, at Columbus, Mo., on Tuesday evening, has thus far eluded his pursuers, and tonight the large posse that has been searching for him, partially disbanded, discouraged over the failure of their efforts, after having been, as they supposed, at the point of capturing the negro. A pack of bloodhounds was obtained today from Manhattan, Kansas, and taken to the scene of the murder. They found the trail of Francis readily and followed it straight to the coal mine at Blackwater, owned by a negro, whose wife is an aunt of Francis. The posse of two hundred men felt sure that "Bossie" was hidden in the mine shaft, but as he was known to have two pistols, none of the men ventured to go down. Finally, A. W. Rice, owner of the bloodhounds, entered the mine, taking the dogs with him, but failed to find Francis.

Late this afternoon, the men decided to disperse for the night, leaving a few of their number on guard at important points. The search will be continued tomorrow.

"Bossie" Francis is known to all the negroes in the county, and is very popular among them. No one supposes that he has gone far from Columbus, and it is thought that no negro in the neighborhood would refuse him food and shelter. All the negroes have been ordered by the volunteers, and their houses searched.

There seems to be no doubt that Francis first fled to his uncle's house at Blackwater and then took refuge in the woods. The three negroes taken to Warren, Pa., are supposed to be having aided Francis in his flight, are in no danger, the town being entirely quiet.

FEVER COMMISSION DROPS DR. CALDAS

Experiments, the Members Say, Have Demonstrated That His Serum Is Useless.

By Exclusive Wire from The Associated Press. Havana, Aug. 29.—Major Havard, chief surgeon, says that, as the yellow fever commission regards the experiments with the Caldas serum as denigrating to the health of the country, the commission has definitely severed connection with the Brazilian expert and will not supervise any further experiments conducted by him.

Dr. Caldas has all along maintained that he had cured the yellow fever germ in the intestines," remarked Major Havard today, "whereas all the experiments conducted here prove that the germ of the disease is in the blood, people having been directly inoculated by blood infection from a person suffering with yellow fever."

RANKIN HOTEL BURNED.

Many Guests Have Narrow Escape in Early Morning Blaze. By Exclusive Wire from The Associated Press. Pittsburgh, Aug. 29.—The Franklin Hotel at Rankin, Pa., was totally destroyed by fire early this morning. The flames spread so rapidly that the guests barely escaped with their lives and lost almost all their clothing.

A guest named Oates, who jumped from a third story window, broke his left arm and was badly bruised, but not dangerously hurt. The loss was about \$10,000.
