#### FOR STEALING JEWELRY.

E. H. Sampson, a Lake Ariel Butcher, Arrested Yesterday at the Instance of M. Herr.

E. H. Sampson, a Lake Ariel butcher. was arrested yesterday at the instance of M. Herr, a jewelry peddler, on the charge of stealing \$50 worth of jewelry. He was held in \$500 ball by Alderman

Herr claims he was peddling jewelry, Lake Ariel, some time ago, and nislaid his satchel, containing rings and pins valued at \$70. He put an advertisement in the local papers, offerng a reward for the return of the bag and contents. He went to New York the next day, and while he was away the satchel was returned to R. Soloman, of Penn avenue, by Sampson, who received the \$2 reward, and signed the

name of Simms to the receipt. When Herr returned from New York he found that all the good jewelry, valued at about \$50, had been taken from the satchel, and that what remained was worth very little. He made every effort to locate the man who had eturned the bag, but without success, until about a week ago, when he was

again in the vicinity of Lake Ariel. He came across several people wh had purchased some of the jewelry stolen from his bag, and by persisten inquiry learned, so he says, that it had been bought from Sampson. He immediately came to this city and swore

out a warrant for his arrest. Deputy Constable John Hawks, of Alderman Ruddy's court, went to Lake Ariel on Thursday night, but Sampson had got scent of his coming and had eft for Wilkes-Barre in the afternoon. Hawks watched the Eric and Wyoming trains, for a time in the mornbut finally decided that his man would be likely to take a street car for Dunmore and board the train there, after his arrival from Wilkes-Barre,

He accordingly took the next train going up, and was highly pleased to see Sampson board it at the Dunmore station. He was promptly placed under arrest and was taken to Alderman Ruddy's court, where he was given a hearing. He had several rings on his fingers, which Herr identified as bar ing been stolen from him.

Sampson didn't put up much of a defense, and was held in \$500 ball for his appearance at court.

#### WILL REDUCE RATES.

Fire Underwriters Likely to Take Off the Recent Increase When New Hydrants Are Set.

A prominent member of the Fire Underwriters' association said last night, when asked by a Tribune man when the twenty-five per cent. increase in local insurance rates would

be taken off; "The rates were increased nearly a year ago, after the fire underwriters had made a thorough inspection of the city's fire department, and had decided that it was not what it should be. At that time we formulated a list of improvements which we believed should be made in the department, and announced that the increase would be taken off just as soon as the city improved its fire department in the manner suggested by us,

We did not expect that everything we asked would be complied with. We decided that a substantial compliance would be all that would be required. The city has already purchased a new book and ladder truck and a new firstclass engine, as requested by us, but one of our most important require-

ments has not been complied with. "This is the installation of largesized fire hydrants in the central part of the city. The new engine will be worthless unless these hydrants are purchased and placed at each corner on Mulberry, Linden and Spruce streets and Lackawanna avenue.

# OF LABOR DAY

HOW IT WILL BE CELEBRATED HEREABOUTS.

Central Labor Union Will Conduct A entral Labor Union Will Conduct A
Big Picnic at Lake Lodore—Address by President Mitchell of the United Mine Workers-Contest of Glee Clubs for a Prize of \$100.
Ten Thousand Are Expected to be
In Attendance—Details of the Arrangements.

The arrangements which have been made among the central labor unions in this part of the country for the observance of Labor Day, Monday, indicate that it will prove one of the most memorable celebrations of the workingmen's great holiday in the history of Pennsylvania.

The local union will run a great excursion to Lake Lodore, where the feature of the day will be an address delivered by President John Mitchell, of the United Mine Workers of America In Wilkes-Barre, one of the greatest labor union and trades' parades ever held in Luzerne county will take place and be followed by an all-day picule and general demonstration at one of

the city groves. In Pittson, there will aso be a parade, while the Carbondale union will defer its celebration until Tuesday when it is to be made a feature of the semi-centennial celebration, and addresses will be delivered by President Mitchell and other labor leaders Many of the Pittstonians and Carbondalians will attend the local union excursion.

The Central Labor union will meet at 2.30 o'clock Sunday afternoon, as will also the arrangements committee, to perfect final details. One of the purposes of the excursion is to raise funds for the entertainment of the delegates to the American Federation of Labor convention here in December. President Mitchell will make hi address promptly at 2 o'efock, and will probably be the only prominent speaker of the day.

Chairman John H. Devine, of the Terks' association, who is chairman of the committee, will introduce Mr. Mitchell. Vice President Lewis, of the United Mine Workers of America, has also been invited to address the mass neeting, but his presence is not anticipated. The glee club contest for \$100 will be one of the prominent features of the day.

The Gwent club, of Edwardsville the Anthracites, of Taylor; the Mor-leis, of North Scranton, and two clubs from West Scranton have all entered the competition. After the singing of the contest selection, all the contesting clubs will join in a chorus and sing, led by Haydn Evans, the ad-

CONTRACT FOR FOOD. A contract has been made with Fadden Bros., caterers, to have on hand sufficient refreshments for 10,000 persons, and the Delaware and Hudson Railroad company has guaranteed to furnish a sufficient number of cars to accommodate this number. Bauer's band will accompany the excursionists and give concerts during the day, while Lawrence's band will furnish

the dance music in the pavilion. A special train will leave Pittston at ound on the place and as Ellen was 7.15 o'clock, stopping all along the line for passengers until it reaches here. ains will leave Scranton at 8, 9 and 1.30 o'clock, with as many others as are necessitated by the size of the crowd. Tickets will be, moreover, good on all the regular trains. The committee in charge of the day and the Central Labor union delegates will march to the station and take the first train, acting as a guard of honor to President Mitchell.

Chairman John H. Devine states the Delaware and Hudson Railroad company guarantees to take care of the nauling of the crowds, and that Caterer Fadden has ordered two tons of hams and a great quantity of other provisons, amounting in all to four carloads. In addition to taking care of these two very important items, that of getting the crowd there and back comfortably and providing ample refreshments for them while there, the crowd may give its attention to enjoying the things which are provided for the day's en tertainment, and with the entire day enlivened by a flow of music and th numerous games, boating and other forms of amusement, those who do not wish to miss the glee club contest for the \$100 prize wil do well to bear in mind that it is scheduled for 12 o'clock

sharp. Those desiring to avoid the rush are advised to purchase their tickets from the local Delaware and Hudson agent on Saturday, as those who fail to secure tickets on Monday before getting on the train will be required to pay

full fare. The majority of local business places will be closed Monday, the Central Labor union having petitioned the

merchants to observe the day. COMMITTEE IN CHARGE. The committee in charge of the exersion consists of: J. H. Devine, of clerks, chairman; Georgo H. Gothler, of the cigarmakers, secretary; H. B. Campbell, of the machinists, assistant secretary; Hugh Francy, of the in, sheet and iron workers, treasurer; M. D.
