## SALVATIONISTS HARVEST TIME

### ANNUAL FESTIVAL INAUGURATED THIS WEEK

#### Contributions Are Being Received All Over the World to Carry on the Work—Republican Club Meeting Tomorrow Evening—Hook and Ladder Truck Wanted—William Connell Glee Club Rehearsing—Base Ball Next Saturday. Other News Notes and Personals.

The annual Harvest Festival of the Salvation army has been inaugurated this week all over the civilized world, and people in every walk of life are giving of their means and possessions to help the work along. The army celebrates this festival in the fall of each year, and it has come to be a recognized fact that once a year not only all Salvationists, but also all friends and sympathizers shall bring "as God has prospered them" an offering to help on the work, even as God's ancient people brought of their best at the great Feast of First Fruits.

The Salvation army believes in following out the injunction, "offer to the Lord of the substance and the first fruits of all thine increase," and therefore it is that at this time their halls are filled with gifts to be sold for the benefit of their work. Among the contributions are vegetables of every description, barrels of flour, groceries, canned goods, furniture, clothing, pictures, fancy articles, and everything imaginable.

The proceeds of the sale are for the benefit of home work, a large proportion of what is raised in one city or town being used for the local work, and the remainder goes for carrying on the work throughout the country.

The dates of the festival are September 1 to September 11, and the local corps proposes to have in connection with the celebrations a large auction sale on Monday, September 9. An ice cream and cake social will be held on Tuesday, September 10. All gifts should be sent to E. W. Leitz, 1239 Pine street, not later than Friday of this week.

Delegates will also be elected to attend the coming convention of State Republican clubs, which meets in this city soon, and committees will be appointed from the club to assist in a general way the committee in charge of the details.

The work of the approaching campaign will also be taken up and acted upon, and committees appointed to carry out the plans of the leaders. Every member of the club is requested to attend this meeting and participate in the discussions.

#### Hook and Ladder Truck.

Now that the new Hook and Ladder truck has been accepted by the city there is a movement on foot to have the old one located on the West Side. It is a well-known fact that the Hooks always experienced much difficulty in responding to alarms on the hill here, and for that reason it is essential that a truck should be permanently located on this side.

Arrangements could be made for housing the truck in one of the barns back of the Franklin Engine house, where it could be conveniently reached, or its holders brought into service on short notice. It is understood that Chief Forber has the matter under consideration.

#### William Connell Glee Club.

A splendid rehearsal of the William Connell Glee club was held in Ivorite hall last evening preparatory to their trip to Vermont the latter part of this month. The club has decided to hold three rehearsals each week from now on until they are ready to leave. These will be held Tuesday, Thursday and Sunday evenings.

The meeting tomorrow evening will convene promptly at 8 o'clock, and every member is requested to be present. Thirty singers will make up the party which will go to Vermont, and in addition to the officers, and they expect to carry off the prize at the Poultry established.

#### Nearly Ended in a Fight.

The benefit entertainment and dance held at Meigs' hall, Monday night, nearly ended in a fight, which was occasioned by the man for whom the affair was held.

A young man belonging to the Meadow Brook Pipe and Drum corps wanted to announce their picnic to be held at Webster's grove next Saturday, but the fellow who rented the hall objected, and for a time it looked as though a free-for-all fight would take place.

The promoter of the dance finally cooled off, and the announcement was made without any further trouble.

## THE DAY-DREAM

Of many a woman carries her into baby-land. In a dream she feels the touch of baby lips—the pressure of baby fingers. Then she wakes to the regret and heart-ache of the childless woman. Yet that dream may be made reality. In a great many instances women who do not bear children, or whose children are born so fragile that they quickly fade away, can be made happy mothers by the use of Dr. Pierce's Favorite Prescription. This great medicine for mothers has performed wonders for a great many women. It acts upon the organs of maternity, giving them great vigor and elasticity, so that the baby comes into the world practically without pain to the mother. Taken during the period of gestation, "Favorite Prescription" puts the mother into a condition of physical comfort which naturally results in mental quiet and confidence. It cures nervousness and nausea, encourages a healthy appetite, and induces refreshing slumber. The hour of maternity comes on without any dread or shrinking, and the abundant strength and vitality of the mother ensures the birth of a healthy, happy child.

As a tonic for nursing mothers, "Favorite Prescription" cannot be excelled. It promotes the nutritive secretions, and so furnishes abundant nourishment for the thriving infant. It has a great advantage over many so-called "nourishing" fluids which are in effect only stimulants and impair to real strength to the mother. "Favorite Prescription" contains no alcohol, and is entirely free from opium, cocaine and all other narcotics. It is a true temperance medicine. When it is remembered that many a child has received the first impulse to alcoholism at the mother's breast, it should be a matter of especial maternal care to avoid all alcoholic beverages and so-called "tonics" which are only stimulants.

Dr. Pierce's Favorite Prescription is essentially a woman's medicine. It regulates the periods, stops unhealthy drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

The dealer who offers a substitute for "Favorite Prescription" does so for the sake of a little more profit. His profit is your loss in this case. Therefore, insist upon "Favorite Prescription," the medicine you can rely upon because it has cured so many other women.

Women suffering from disease in aggravated form are invited to consult Dr. Pierce by letter free of charge. All correspondence strictly private and sacredly confidential. Address DR. R. V. PIERCE, Buffalo, N. Y.

#### THE DOCTOR HAD FAITH.

"I have been using Dr. Pierce's Favorite Prescription," writes Mrs. Victor J. Hadin, of Leonardville, Riley Co., Kansas, "can say it is just what you advertise it to be, and can cheerfully recommend it. I began taking it just two months before I was confined and was greatly benefited by its use. The doctor who attended me said I did about as well as anyone he had seen (as I was sick only about three hours), and also that your 'Favorite Prescription' was one 'patent medicine' which he did have faith in.

"We now have a darling baby boy, strong and healthy, who weighed nine pounds when born (July 28th). During this month he has gained three and one-half pounds. He never given him one dose of medicine. I shall cheerfully recommend Dr. Pierce's Favorite Prescription to anyone in need of it. I thank you for the benefit I have received from your medicine."

#### "GOT ALONG SPLENDIDLY."

"I wish to add my testimony to hundreds of others as to the value of Dr. Pierce's medicines," writes Mrs. Ida M. De Ford, of Latona, Hubbard Co., Minn. "Have doctored with a great many physicians—some specialists; have twice been in hospital for treatment. My case has been regarded as a hopeless one, and they knew not what the trouble was. Heart was bad, stomach all out of order, tired out, severe pains in all parts of the body; sinking spells, and nearly every ailment a woman could have. I took many a bottle of different 'patent medicines' without effect. I began taking Dr. Pierce's Favorite Prescription, and ten months afterwards I gave birth to a ten-pound boy. All physicians had stated as a fact that I never could bear a child. Both the baby and myself were strong, and I got along splendidly—thanks to your medicine. I do my own work and feel very much encouraged. I wish all suffering women would thoroughly try your 'Favorite Prescription.'"

### KNOWLEDGE FOR NOTHING!
