PRESIDENT'S RECOVERY NOW SEEMS ASSURED

Since Sunday Night Not an Unfavorable Symptom Has Appeared in His Case.

WATCHING FRIENDS SANGUINE

Faith in the Outcome Grows Stronger and Stronger and All Danger of Future Complications Seems to Have Been Brushed Aside in the Minds of Many—Dr. McBurney Seems to Think That the President Can Be Pronounced Convalescent in a Week, While Dr. Mann Places the Limit of Danger Further Away—Mrs. McKinley Is Admitted to the Sick Room for a Brief Visit.

THE LAST OFFICIAL BULLETIN.

MILBURN HOUSE, Sept. 9.—The following bulletin was issued by the President's physicians at 9.30 p.m.:

The President's condition continues Favorable. Pulse 112; temperature 101; respiration, 27.

P. M. RIXEY, M. D. MANN,
ROSWELL PARK, HERMAN MYNTER,
EUGENE WASDIN, CHARLES McBURNEY.
GEORGE B. CORTELYOU, Secretary to the President.

By Exclusive Wire from The Associated Press.

Milburn House, Buffalo, Sept. 9.—"God's contribution to the American people will be the sparing of the president's life." As the evening shadows were falling tonight John G. Milburn, president of the Pan-American, reverently uttered these words as he stood before the house in which the nation's patient was fighting so bravely with death. And all who have been at the Milburn residence today reflect the view that the battle will be won and the prayers of the world will be answered. Since last night not an unfavorable symptom has appeared. Every hour has been a victory. Faith in the outcome grows stronger and stronger and hope mounts higher and higher until in the minds of some the danger of all future complications is brushed aside and hope has become conviction. Indeed, many of the president's friends seemed possessed with a sort of superstitious confidence in the president's recovery, which nothing but an absolute change for the worse can shake. And the basis for the confidence that is expressed is solid. There has been nothing but improvement, gradually and slowly, but steady improvement. Every bulletin, every private and public word of the physicians in attendance breathes encouragement.

The reports the physicians have given out are facts as they exist from a scientific standpoint, unmixed with sentiment. Still, that the president is by no means out of danger is the verdict of each of them. Not one of them will risk his professional reputation with a statement that the president will live. All they will say is that with every hour the danger of complications from peritonitis or blood poisoning decreases. Dr. McBurney, the most eminent of the physicians in attendance, expresses the opinion that if the improvement continues, it will be a week before the president can be pronounced out of danger and convalescent. And some of his colleagues, like Dr. Mann, place the limit of danger still further away. The fear of peritonitis, it can be said positively, has well-nigh disappeared. With the expiration of the seventy-two hour period at 4 o'clock this afternoon, danger from that source was almost gone. The president himself has been cheerful all day and has expressed confidence in his recovery. Today he asked for a morning paper, but this, of course, had to be denied him. It is with some difficulty he can be restrained from talking and Colonel Myron T. Herrick, of Cleveland, is quoted as authority for the statement that he has spoken at intervals of several things he proposes to do in the future.

Mrs. McKinley's Brief Visit.

This morning he asked to be allowed to move his position, and when permission was given, before the attendants could move him, he changed to the position he desired to assume, without difficulty or pain. This speaks much for his general strength and spirits. Mrs. McKinley saw him again today for a brief visit, and Secretary Cortelyou was admitted for the first time. No one else was allowed to see him, although he inquired several times who were below stairs. He was given nourishment today in the form of eggs beaten in milk, administered through the rectum.

The water which has been given heretofore cold did not appear to agree with him, and since last night very hot water has been taken into the stomach through the mouth, with splendid results. His bowels moved freely during the day, and this also was considered an excellent symptom. If he continues to improve it will be gradually. If he should grow worse, the change in that direction also probably will be slow. This is the opinion of Dr. Mann. There will be no crisis. If he arrives at convalescence, Dr. Parke expresses the opinion that it will be three weeks before it will be safe to move him. It is expected that the interior wounds will heal first. The sutures of the lacerated tissues were made so soon after the bullet passed that they are probably healing rapidly. With the exterior wound it is a slower process.

The extreme optimism of the vice-president and the members of the cabinet would be difficult to overstate. "I am absolutely confident every thing will turn out all right," declared the vice-president and he said he based his confidence on information behind the public expressions of the physician. So relieved are Secretary Gage and Attorney General Knox at the improvement that they will leave for Washington tonight feeling strongly that their chief would recover but with the assurance of the physicians that if a change for the worse should come it would be gradual and that they would have ample time to return. In the case of Secretary Gage there was also a public reason why he should be at his post. New York financiers have appealed to him to relieve the situation in the money market by increasing deposits in national banks and he feels that he can hardly act at this distance from the scene if he finds that action is desirable. Secretary of State Hay is due to arrive tonight and will remain with the other members of the cabinet at least for a day or two. The devotion of the members of the cabinet to their chief is touching. All would desire to remain near him until the crucial period is passed and Secretary Hitchcock and Secretary Wilson avow that only absolute and imperative public business will induce them to depart before the president is pronounced out of danger.

Senator Hanna will also remain until the physicians give absolute assurance that Mr. McKinley will live. Controller Dawes and some of the other eminent men connected with the administration expect to depart tomorrow or Wednesday if the improvement continues.

Roosevelt's Trying Position.

Vice President Roosevelt has occupied a peculiarly delicate and trying position since the event which threatened the president's life, but he has borne himself throughout this ordeal in such manner as to win the admiration and respect of all. It has, moreover added a new bond between the vice president and those intimately associated with the president, and the latter are warmest in their expressions of the manner in which he has met every requirement of the situation. Not for a moment has he permitted the idea to be entertained that there was need for considering the constitutional functions which this would impose on him. On the contrary, Mr. Roosevelt has been one of the most positive in the declaration that the president would recover. During the long period of Garfield's illness, nice distinctions arose as to what constituted the disability of the president within the meaning of the constitution; whether when the physical faculties were benumbed while the mental faculties were unimpaired there was any disability as meant by the constitution. But fortunately there has been no such issue presented on this occasion, and the vice president himself has been primarily responsible for the avoidance of any thought of the temporary exercise of executive functions by him. Nor has there been any occasion for the exercise of executive authority for such minor routine matter as it comes can readily be left until the present emergency has passed.

Twice during the day and again this evening the vice president has called at the Milburn residence to inquire as to the president's condition. During the afternoon call he met several officers and Senator Hanna and spent a short time with them in informal discussion. On the streets Mr. Roosevelt has been a centre of respectful attention, but he has met this with dignity and composure. Despite senseless remarks that he was going about guarded by secret service men, he has positively declined to have anything like a guard near him. One of his remarks today, in speaking to two laborers, who greeted him, struck a popular chord. They had suggested that he might be afraid to be stopped. "No, indeed," he replied, "you men are our protection, and the foul deed of Friday will only make you more vigorous in protecting those whom you elect to office."

Message from Nicholas.

Emperor Nicholas gave happy expression to the world-wide solicitude over the president, in a message which was given out today. It is addressed to the president and after expressing his happiness at the president's improvement, adds that he joins with the universal world in wishing a speedy recovery.

CZOLGOSZ EXAMINED.

He Persists in the Denial That He Had Accomplices in His Crime. Emma Goldman Will Be Arrested.

Buffalo, Sept. 9.—Czolgosz, the assailant of President McKinley, went through another long examination today at the hands of the police officials, but emerged from it without having added anything material to their knowledge of the case. The effort of the detectives was to draw from the prisoner some admission as to his accomplices, but he persistently stuck to his denial that he was not assisted in any way in the commission of the crime. Every possible device was resorted to in the effort to obtain the information, but the prisoner maintained his position and could not be shaken. In answer to questions, he again went over the events of Friday and told substantially the same story as in the original confession made to Superintendent Bull and District Attorney Penney. Czolgosz carefully weighed his answers and when conclusions that he did not approve were taken from his statements, insisted upon making explanations of his exact meaning. The police have about concluded that more effective work on the plot theory can be done on the outside, although Czolgosz will probably have another experience with the third degree of police craft tomorrow.

The general investigation of the case progresses slowly, because the men on it must cover a large amount of preliminary ground before they can do effective work. According to the local authorities, the police of the country knew very little about the anarchists. They say that the secret service do not show any special familiarity with them and that there does not seem to be a single city police department in the country that has more than a general knowledge of them. Members of the Buffalo force admit that they have never given American anarchists serious consideration and that they did not know there were any here. Since the president was shot they have found that there are at least twenty avowed anarchists in the city. Here, as elsewhere, it has been necessary for the detectives to first satisfy themselves as to the identity of a lot of men whom they had never had occasion to watch before. No other arrests have been made in connection with the case, and the local police say that they do not anticipate any for the present.

It is believed that both Emma Goldman and Julius Schwab will be detained by the police whenever they are found. Superintendent Bull has made a general request to the police of the country that anyone suspected of complicity be detained and examined. Czolgosz is still kept secluded and the detectives are the only ones who have access to him. He is still strong and healthy and eats with a will. Knowledge of the condition of the president is kept from him. He knew on Friday night that the president was still alive but has been given no information since then.

Not once since his confinement, either in talking with his guards or when up for examination has he asked as to the fate of his victim. No plan for the arraignment of the prisoner has been considered by District Attorney Penney. When seen tonight that official said: "We are still investigating the case and until the inquiry by the police is concluded and something definite as to the result of the president's wound is known nothing will be done about the prosecution of the prisoner. All discussion of the subject is premature. I have not yet even taken the matter up for consideration."

CORTELYOU'S HEADQUARTERS.

The Glenny Residence Adjoining the Milburn House Tendered.

By Exclusive Wire from The Associated Press.

Buffalo, Sept. 9.—The Glenny residence, adjoining the Milburn house, has been placed at the disposal of Secretary Cortelyou and the members of the cabinet for such use as they may desire to make of it. It has not been leased, as erroneously reported. The use of it was simply tendered in the same spirit in which almost everything in the city of Buffalo has been offered.

Secretary Cortelyou has moved a part of the white house staff into the residence to secure greater quiet in the Milburn house, especially all of the official work of arranging dispatches and letters is being done there. The members of the cabinet also met there yesterday to discuss the request of Acting Secretary Hackett for the detail of an officer of the department of justice to aid Judge Advocate Lemly in the Schley court of inquiry. The Glenny family has not moved out. Only two or three rooms on the lower floor are being used by the white house staff.

CORTRIGHT'S CONTRACT SUMMARILY CANCELLED

Mail Carrier Who Expressed Joy at the Shooting of the President Is Out of a Job.

By Exclusive Wire from The Associated Press.

Washington, Sept. 9.—Second Assistant Postmaster General Shallenberger today summarily cancelled the contract of a mail carrier for expressing satisfaction over the shooting of President McKinley. The name of the person thus dealt with is Charles F. Cortright, and he had a contract for carrying the mail between Homer, Cortland county, N. Y., and Spafford, in Onondaga county, the same state. The information concerning his offense came to the postoffice department through the postmaster at Homer, who enclosed affidavits from four citizens of the place confirming his report.

It appears that when Cortright first received the announcement of the news of the attempt upon the president's life he remarked with an oath that he "was glad of it," and added that the president should have been killed years ago. Hearing of this remark, three citizens of the town called upon Cortright and asked him if the report was correct, and he replied that it was. Upon receiving this information, duly supported by the oaths of the citizens who heard this statement, General Shallenberger took prompt steps to cancel Cortright's contract on the ground that a person capable of such sentiments is not a fit custodian of the mails of the government.

MR. REED'S OPINION.

The Ex-Speaker Believes That Presidents Should Be Protected.

By Exclusive Wire from The Associated Press.

Kingston, N. Y., Sept. 9.—Judge A. T. Clearwater, of this city, just returned from Bar Harbor, was with ex-Speaker Thomas B. Reed when Mr. Reed heard the news of the attempt to kill President McKinley. Mr. Reed expressed the warmest hope that the injuries were less serious than reported, and for the president's speedy recovery.

He said the time had arrived to protect presidents from close contact with the large crowds. It was not a question of courage. All presidents were courageous, but their duty was to be protected. The position was so exalted and important, so much depended upon the life and health of a president, that he should not be permitted to risk needlessly.

COOK DEMOCRACY ABANDONS TRIP

Do Not Care to March in Buffalo While the President Is in Danger.

By Exclusive Wire from The Associated Press.

Chicago, Sept. 9.—The Cook county Democracy has voted to abandon its trip to the Pan-American, giving as a reason that it would be indelicate for a political club to march and enjoy itself in the streets of Buffalo at a time when the president of the United States is in distress nearby.

The club also adopted resolutions "expressing sincere regret and sorrow at the attempted assassination of President McKinley and that our esteemed president will be restored to full and perfect health."

CARRIE NATION REVILES M'KINLEY

By Exclusive Wire from The Associated Press.

New York, Sept. 9.—A crowd of people was gathered in the steeple chase at Coney Island last night to listen to the address of Mrs. Carrie Nation, boiled over with anger when the hatchet performer announced that she was glad that President McKinley had been murderously assaulted and she hoped he would die. She said that the president was the friend of rum sellers and brewers and did not deserve to live.

"Shame!" hissed the audience. Mrs. Nation then reviled her hearers as "hell hounds" and "goats." The audience in disgust left the hall and outside gave three cheers for McKinley.

SCHLEY COURT READY TO MEET

Sessions Will Be Held Daily After Thursday from 10 to 12 and from 1 to 3.

WILL SIT CONTINUOUSLY

During a Conference Between Admiral Dewey and Captain Lemly, the Judge Advocate, the Matter Is Arranged—The Witnesses Summoned.

By Exclusive Wire from The Associated Press.

Washington, Sept. 9.—During the conference between Admiral Dewey, president of the Schley court, and Captain Lemly, judge advocate of the court, at the navy department today it was arranged that the sessions of the court after Thursday, when the court first assembles at 1 o'clock, should be held daily from 10 to 12 o'clock and from 1 to 3 o'clock or thereabouts. The court will sit continuously from day to day, Sundays excepted, until the investigation is concluded. Among the witnesses examined by the judge advocate general today was Commander Schroeder, naval governor of Guam, who was executive officer of the battleship Massachusetts during the West Indian campaign, but was not present at the battle of Santiago. Other prospective witnesses who reported at the navy department are Commander Southerland, formerly attached to the Gloucester, and Lieutenant Commander Sears. Admiral Schley's flag lieutenant. The latter is on Admiral Schley's list of witnesses.

Captain Francis A. Cook, who commanded Admiral Schley's flagship, the Brooklyn, during the Santiago campaign, and Lieutenand Commander Sears spent practically the entire day in close consultation with Admiral Schley's counsel. It is understood that Captain Cook will be the first witness to take the stand for Admiral Schley.

Mr. Knox Declines.

Buffalo, Sept. 9.—Acting Secretary of the Navy Hackett has been urging Attorney General Knox, both by wire and letter, to appoint one of the assistant attorney generals to assist Captain Lemly, the judge advocate of the Schley court of inquiry, in the conduct of the case before the court. But the attorney general has declined to take a step which he believes would look like the government prosecution of the officer on trial.

The government, in Mr. Knox's opinion, should have no part in the trial. It is an inquiry under the navy department, made at the request of Admiral Schley for promotion, and now for the department of justice to detail an officer under it to assist in the conduct of the case would inevitably be construed, Mr. Knox believes, as a desire on the part of the administration to convict that officer.

WRECK ON THE B. & O.

An Employe Killed; Another Fatally Injured and Many Passengers Hurt.

By Exclusive Wire from The Associated Press.

Wheeling, W. Va., Sept. 9.—One railroad employe was killed, one was fatally injured and half a dozen passengers were cut by broken glass in the wreck today on the Baltimore and Ohio railroad, at Burton tunnel, of the through express. There were six coaches in the train, loaded with excursionists bound for Cleveland to attend the G. A. R. encampment. A broken flange, presumably, derailed the engine and the three cars, including the baggage car. The wreck took fire and all three cars were destroyed, together with their contents.

Engineer M. B. Stover is dead and Fireman Marlow injured.

SPIN OF THE SHAMROCK.

A Successful Trial of Two and One Half Hours.

By Exclusive Wire from The Associated Press.

New York, Sept. 9.—After a successful trial spin of two and one-half hours today, the Shamrock returned to her mooring in the bay. There was a good breeze from the southeast when she started at 3.05 p. m. It shifted to the southward and finally to southsouthwest. The yacht sailed on one tack out through Gedney's channel to Sandy Hook lightship, thence to southward about three miles, keeping off for home at 4.25.

Her speed on the beam reaching in from the lightship was undoubtedly between fourteen and sixteen knots. She covered, all told, about twenty miles while she was out. She made fast for the night at 5.30 p. m.

MR. BRYAN'S SENTIMENTS.

Anarchy Can Be Neither Excused or Tolerated in America.

By Exclusive Wire from The Associated Press.

Buffalo, Sept. 9.—William J. Bryan today telegraphed the Times as follows:

Free governments may be overthrown, but they cannot be reformed by those who violate the commandment "thou shalt not kill." Under a government like ours every wrong can be remedied by the laws, and the laws are in the hands of the people themselves. Anarchy can be neither excused nor tolerated here. The man who proposes to right a public wrong by taking the life of a human being makes himself an outlaw and cannot consistently appeal to the protection of the government which he repudiates. He invites a return to a state of barbarism in which each one must at his own risk defend his own rights and avenge his own wrongs. The punishment administered to the would-be assassin and to his co-conspirators, if he has any, should be such as to warn all inclined to anarchy that while this is an asylum for those who love liberty, it is an inhospitable place for those who raise their hands against all forms of government.

HONORS GO TO CANADA.

The Dominion Marksmen Defeat the Ulster Rifle Association at Seagirt Range.

By Exclusive Wire from The Associated Press.

New York, Sept. 9.—The Canadian and Irish riflemen met today on the long ranges at Seagirt, N. J., in a special contest between teams of five men each. They shot over the 800, 900 and 1,000 yards ranges, the Canadians using the English military rifle and the Ulster representatives shooting with Mannlicher guns. The Canadians received an allowance of eight points each or forty points for the team and the honors went to Canada by 13 points on the gross score. The net scores were: Canada, 595; Ulster Rifle association, 620.

The Irish team was selected by lot. Major J. K. Millner made 49 points out of a possible 50 at 1,000 yards. The match was decided on the scores made in the first half of the special all-comers cash prize match, in which thirty-three men took part, each of whom had ten shots at 800, 900 and 1,000 yards. The second half will be shot tomorrow, the same conditions maintaining.

TROUBLE AT PANAMA.

Mobs Surround the House of Senor Cardoz, Venezuelan Consul at Panama and Denounce Castro.

By Exclusive Wire from The Associated Press.

Colon, Colombia, Sept. 9.—On the publication of the report in Panama yesterday that a Venezuelan squadron, consisting of four ships, was bombarding Rio Hacha, on the Caribbean sea, a lawless, irresponsible mob proceeded to the residence of Senor Cardoz, the Venezuelan consul at Panama, shouting:

"Down with the government of Castro."

Cardoz, who is a Danish subject and a native of St Thomas, immediately took refuge in the palace of the governor of Panama, where he was received with open arms. The local officials deplore the regrettable incident. The mob was eventually dispersed and quiet restored.

By Exclusive Wire from The Associated Press.

Buffalo, Sept. 9.—Secretary Gage has been appealed to by some of the New York financial institutions to relieve the money market by increasing deposits in National banks. Representations are being made to the effect that while the interior is demanding money to move the crops, public funds are piling up in the treasury, to the detriment of the commercial country.

Secretary Gage declined to state what, if anything, would be done to relieve the situation. He will be in Washington tomorrow and can there consider the matter at close range. He will not announce his decision until he is on the ground.

LAST EFFORTS TO SETTLE STRIKE FAIL

General Executive Board of Amalgamated Association Adjourns Without Date.

NO PEACE PROPOSITIONS

The Entire Matter of Arranging a Settlement of the Steel Strike Is Left with President Shaffer—The Members of the Board Have Been Clamoring for a Settlement for Three Days and the Best of Feeling Does Not Prevail.

By Exclusive Wire from The Associated Press.

Pittsburg, Sept. 9.—Last efforts to settle the steel strike have failed. The general executive board of the Amalgamated association adjourned this evening without date and without either accepting any of the peace propositions, which have come indirectly from the United States Steel corporation, or making any counter propositions, according to the official statement.

The semi-official report is that the proposition secured for the Amalgamated association through the intervention of the representatives of the National Civic federation was unsatisfactory and that the entire matter of arranging for a settlement was left with President Theodore J. Shaffer. The board in its sessions of three days has been clamoring for a settlement, but satisfactory terms and means were not at hand, and the sessions resolved themselves into an informal discussion of the situation. At the close of the national executive board this evening, President Shaffer declared that he had no statement to make, but subsequently said:

"The board has adjourned, and the out-of-town members will probably leave for their homes tonight. No peace proposition has been received and none made."

Still later he added that he or no other member of the board would go to New York during the night to submit a peace proposition, saying that he would be at headquarters as usual tomorrow.

The meeting of the board did not adjourn in high good feeling, yet the members of the board were averse to making statements supplemental to that of President Shaffer. It was stated by some of the members of the board after adjournment that they had left matters the same as before the meeting was called and that the strike must go on as before having arrangements for a possible settlement through a coveted direct conference with the representatives of the United States Steel corporation with President Shaffer.

Mills in Operation.

Today completed the first thirty days since the American Sheet Steel company, the American Tin Plate company and the American Steel Hoop company began their attempt to start the union plants of the country in the face of the Amalgamated strike. Aside from the Clark plant of the Steel Hoop company, and the Upper and Lower Union mills of the Carnegie company, where the attempt to render the strike effective was never a success, the three companies have during the month succeeded in placing in operation seventy-six mills in the union plants single turn. Indications are that the number will be doubled within the next ten days if the strike is not settled before that time.

While the tin plate company has put up the most aggressive fight of the three, the steel hoop company has been most successful in the eastern district and in the west the sheet steel company has met with the larger success. With the results known in these preliminary skirmishes at a few chosen points, all three companies have now prepared to carry the fight into every union plant without further delay.

At McKeesport this evening the strikers, following up their advantage of the morning in keeping the workmen from entering the National tube works, gathered about the gates of the plant in great numbers and warned the few men who came out not to return tomorrow morning. It is generally believed the company will appeal to the sheriff or governor within 24 hours for protection.
