LETTERS FROM THE PEOPLE.

[Under this heading short letters of interest will be published when accompanied, for publication, by the writer's name. The Tribune does not assume responsibility for opinions here expressed.]

Thanks of a Veteran.

Editor Scranton Tribune— Sir: I want to personally thank you for your editorial in this morning's issue of "The Tribune," when Mr. A. V. Howe for his letter, was the article was written. It should be read and re-read and copied generally. Certainly the "case" of the coal cartons has convinced the "defeat" in the coal cartons. It has been at least as contributed to it. It calls to mind the cruel cartoons in the Greeley campaign. I don't regret the paper, but one picture was most cruel, namely: Charles Sumner placing a cable on Horace Greeley's political grave, and but a few weeks after the pure and good Greeley died a broken heart. After the sad event I have no doubt the paper would have recalled that cartoon and blotted it out of the memory of every true American. I am past the excited phase, but to expect the class who have sought re-approach upon our people and their country, I would re-shedder my gun and expect 'em from the land. Yours respectfully, J. M. Alexander, Carbondale, Sept. 9, 1901.

ELECTRIC LIGHT DOCKAGE.

Auditing Committee Thought that It was Too Small.

There was some little discussion at last night's meeting of the joint auditing committee of companies over the small number of lights reported out for the month of August by the police. According to the police reports there were only 156 lights out during the month, making a dockage of only \$31.20 in taken from a bill amounting to \$1,052. The members of the committee were unanimous in considering this number of lights to be ridiculously small, and the bill was held up pending an investigation.

It was decided to direct the chief of the fire department to have his clerk in the future send to the committee the original time sheets for bunk and call men sent in by the captain of the fire companies. This was decided upon after the pay-roll of the bunk and call men for the months of July and August had been read.

"Here's where we'll get bumped," said Chairman Vaughan, "we don't commence right here and now to safeguard our interests. These fellows will be turning in all kinds of time reports if we don't watch out."

TEST OF NEW FIRE ENGINE

HIGHLY SATISFACTORY EXPERIMENT GIVEN YESTERDAY.

New Machine Purchased from the American Fire Engine Company Was Operated on Spruce Street Between Washington and Adams Avenue—Threw Stream Seventy-five Feet Higher Than the Mears Building—Final Test Will Be Tried This Afternoon.

The new fire engine purchased by the city from the American Fire Engine company, of Seneca Falls, N. Y., was tested yesterday, and judging by the height and length of the stream thrown, and the very apparent satisfaction of Director of Public Safety E. L. Wormser and Superintendent of the Bureau of Fire H. F. Ferber, the new piece of apparatus will decidedly do it. It will, however, be given another and final test this afternoon at 2 o'clock on Wyoming avenue, between Mulberry and Vine streets. Several tests were made yesterday afternoon and in the concluding one two streams were thrown over the Mears building, clearing the big structure by a generous margin.

The engine was stationed at the hydrant, at Spruce street and Washington avenue, and was in charge of C. E. Nyesser, the engineer of the American Fire Engine company. D. J. Slove assisted him during the tests. Superintendent Ferber intends attaching the engine to Engine company No. 1, formerly known as the Nay Guys, which will also receive a new engine, as a reserve. The superintendent yesterday appointed Slove as permanent engineer of the new machine, and John Kelly, another Nay Guy man, as stoker.

THE FIRST TEST.

Six hundred feet of hose were used during the afternoon. The first test consisted of ascertaining the time it took to make steam from cold water. Forty pounds of steam was raised in six minutes and a half, and then came the second test, in which the engine was charged with impregnating one Edna Arnold, July 19, and getting cashed a money order for \$50.

The arrest is the direct result of some very clever detective work by Deputy Marshal Snyder himself. A month ago, he received a warrant for the woman's arrest, with the information that she was believed to be located at either Hazleton or Avoca. She was described as being an all-around cook.

Mr. Snyder immediately went to work on the case and while unable to ascertain the whereabouts of the woman, finally found that she had six in Hazleton, and one of the suburbs of Wilkes-Barre. He was in Wilkes-Barre and in company with the chief of police there, and a detail of officers searched the city for the Dunn-Bennett woman, but without success. He continued working on the case, however, and finally struck the clue which resulted in this important capture. He found that another alias had been adopted and Anna Duncan was the name under which the suspect was known.

A watch was then placed on all the mail leaving the places where the two sisters lived, and it was ascertained that letters were frequently sent to Anna Duncan, Bath Beach, near Hookstown, N. Y. Inspector Mohr was notified and the arrest followed. The woman waived an examination and was committed to the Jersey state penitentiary at Trenton, to await trial in the Federal court.

FRACTURED RENOFSKY'S SKULL

John Renofsky is in a dangerous condition at his home in Olyphant, as the result of a blow on the head he received Sunday from Mrs. Mary Enonmski. Both reside on River street in Olyphant.

They had a quarrel and Mrs. Enonmski hit Renofsky on the head with a club, fracturing his skull. She is now in the county jail.

FEDERAL COURT NOTES.

Judge R. W. Archibald issued an order Saturday for a drawing of grand and petit jurors for the October session of Federal court, which will be held in this city. Twenty-three grand and forty-eight petit jurors will be drawn.

The first objections yet filed against a petition for discharge in the district Federal court were received yesterday, when Attorney Burton W. Davis, of Wilkes-Barre, acting for Lackawanna Mayor, Frederick W. Wormer, objected to the discharge of Charles M. Kiehlidine, of Wilkes-Barre. Referee in Bankruptcy C. A. Van Wormer yesterday declared a seven-per cent dividend in the case of Charles B. Bliss, of Factoryville. Referee Van Wormer is now comfortably settled in his new quarters in the Federal building, their own allotted the district attorney, the work of moving having been completed Saturday. None of the court officials have yet changed their offices.

NEW BISHOP'S PROGRAMME.

Will Leave for His See One Week from Today.

Bishop Garvey will rest during the present week, and, on Sunday next, celebrates his first pontifical mass, at St. John's church, Pittston. On the Tuesday following he will leave for Altoona, accompanied by a delegation of priests and other friends of the Scranton diocese and an escort of priests from the diocese of Altoona. Bishop Hoban has not as yet announced who will succeed to the rectorship made vacant by Bishop Garvey's elevation. Cardinal Martinelli left at 12:45 p. m. yesterday and expects to be recalled, probably, when this will happen or by whom he will be succeeded. He being made a cardinal transforms him from a delegate to a pro-delegate or one acting for a delegate.

Bishop E. F. Prendergast, of Philadelphia, accompanied by his brother, Rev. Francis Prendergast, of Philadelphia, and Rev. N. J. McManus, of North Scranton, left yesterday for Bristol, Conn., to attend the funeral of Rev. Father Garvey, of Bristol. The other two priests left for their respective homes Sunday or yesterday.

A CLEVER CAPTURE.

Agnes Dunn, alias Ruth Bennett, Arrested Through Efforts of Deputy U. S. Marshal Snyder.

Deputy United States Marshal J. W. Snyder yesterday received a communication from Postoffice Inspector William J. Mehory, of Philadelphia, announcing the arrest at Bath Beach, N. Y., Friday, of Agnes Dunn, alias Ruth Bennett, by Deputy Marshal Snyder, who was charged with impregnating one Edna Arnold, July 19, and getting cashed a money order for \$50.

The arrest is the direct result of some very clever detective work by Deputy Marshal Snyder himself. A month ago, he received a warrant for the woman's arrest, with the information that she was believed to be located at either Hazleton or Avoca. She was described as being an all-around cook.

WILL CONVENE SEPTEMBER 19

CALL ISSUED FOR DEMOCRATIC CONVENTION.

Eight of the Twenty-six Members of the County Committee Assembled at the St. Charles and Fix One Week from Thursday Next as the Time for the Fall Pow-Wow—Primaries to Be Held on the Preceding Tuesday—Some Probable Candidates for the Nominations.

The Democratic county committee met at the St. Charles last night and issued a call for the county convention. The primaries will be held Tuesday, September 17, and the convention on the following Thursday. The primaries will be conducted between the hours of 4 and 7 p. m. The convention will be held in Music hall and will commence at 9 o'clock a. m.

This will be the largest convention, in point of the number of delegates, ever held by the Lackawanna Democrats. The new appointment having increased the total representation from 32 to 129. A district having polled more than 150 votes for the presidential candidate is entitled to two delegates, and a poll of more than 20 votes gives a district three delegates. Twenty-nine districts of the county are entitled to two delegates each. Archibald, Second ward; Scranton, Third ward; First district, and Scranton, Twentieth ward, Second district, are each entitled to three delegates.

ONLY EIGHT PRESENT. Only eight of the twenty-six members of the committee assembled at the meeting. These were Vice-Chairman E. C. Newcomb, Secretary T. P. Duffy, School Board Solicitor D. J. Reedy, County Commissioner John J. Durkin, Deputy Jail Warden Victor Burschell, J. O'Boyle, Colonel Herman Osthaus and M. J. Donohoe. Mr. Reedy was called to preside in the absence of County Chairman James J. O'Neill. It was explained that the slim attendance was due to the fact that no notices were sent out. Chairman O'Neill's letter directing Secretary Duffy to call the meeting was delivered at the latter's office while he was at the Pan-American.

It is an open question yet as to who will be the Democratic candidate for Judge. E. C. Newcomb can have the nomination if he wants it, the wise ones say, but he has not thus far indicated that he wants it. It is believed among the leaders that he will take it and that an announcement of his candidacy will be forthcoming in a few days.

Cornelius Comegys and Aaron Augustus Chase were about the St. Charles last night, ready to declare their willingness to be Judge if any one cared to sound them. Mr. Comegys has formally announced his candidacy. Mr. Chase is a conditional candidate. W. A. Wilcox is also a candidate, and there is talk of running S. B. Price or I. H. Barry.

Dr. J. F. Saltry, Dr. Lynch of Clark's Summit, and Dr. Kelly, of Olyphant, are candidates for coroner. Former City Engineer Patrick Blewitt and Hubert Johnson, are mentioned as candidates for county surveyor.

County Auditor P. W. Costello still continues to be without opposition for county controller. It is as good as certain he will be accorded an unanimous nomination. It is quite possible a slate will be made up that will be acceptable all around and that the convention will have nothing to do but to go through the formality of making nominations.
