### MONTROSE.

Montrose, Sept. 9 - The news of the dastardly assault upon President Me Kinley was received in Montrose the same as in every other community. Our people were overwhelmed with sorrow for our beloved ruler and his wife, while they were filled with rage or the miserable wretch who had shed this inoncent blood. For a number of hours, business practically was at a grand-till and until midnight briday the streets were filled with an auxious throng. There was a large congregation at the Prostoverian church yesterday porning, many of the Methodist brithren being present, as, on account of repairs now in progress, there were no services in their house of worship. A solo by Mr. Charles Shaw, of Brooklyn, N. Y., was very effectively rendered. Dr. Benton delivered an able discourse upon the theme, "The New Both, Why?" In the latter part of his sermon, Dr. Benton treated in a touching and instructive manner the to tible tragedy in which the president had forr faid low. Last evening, the pulpit was most satisfactorily and obly filled by Mr. Frederick N. Jessup.

Mr. and Mrs. Joseph Hitchner, of West Pittson, are guests of Dr. and Mrs. W. H. Conklin. Charles Swift, of Scranton, was a

## Could You Look Inside Yourself You Would See Why the Nerves Have Such a Wide Influence Over Health.

The influence of Nerve Control over health was nover so fully recognized as now. It is clearly illustrated in the thousands of cures made by Dr. A. W. Chase's Nerve Pills-a medicine that has leaped into public favor solely on its wonderful Nerve restoring properties. The reason Nerve Pills break down the barriers of ill health, is because they restore Nerve Energy-the main spring of health. They supply the something that is wanting which makes the human machinery run smoothly, they act through that great network of human organism, reaching every part of the body-the Nerves.

Dr. A. W. Chase's Nerve Pills do not act as a momentary stimulant that excites and whips up the Nerves for the time being only-they first stop the wasting process and then build up Nerve Energy by replacing Nerve waste with active, responsive tissuethe kind that vibrates health to mind and muscle.

Mrs. Joseph Mitchell, of No. 916 Linden street, West Scranton, Pa., says; "Dr. A. W. Chase's Nerve Pills are fine. I was all out of order, nervous and could not sleep-weak and mis-The kindneys were sluggish and the back lame-nothing seemed to help me until I got a box of the nerve pills at Matthews Bros.' drug Lackawanna avenue. ## THE MARKETS.

## Wall Street Review.

New York, Sept. 9.-The number of shares of stocks sold on the stock exchange during the five hours of today's session was no greater than was sold during the two hours of Saturday's session. This fact in itself would be indicative of a marked subsidence of the nervousness and feverbecause which nervaded the stock may ket on Salurday, but the table of recoveries which resulted from the day's truding, makes a really remarkable showing of the recuperative power of the market. The confident opinion of the president's physicians and friends that he is in a way toward safe recovery from his wounds was of course the primary cause of the buoyent rebound in prices. The effort was shown not only in New York but in all the great securities markets of the world. The secondary cause was the comprehensive and effective measures concerted for the protection and support of the market by the clearing house banks and great financiers of the metropolis. The effect of these measures was seen in the success with which the call money rate was re-

pressed to a six per cent. level. Some expectation of action by the ecretary of the treasury for the relef of the money market also played its part in the day's strength of the morket. The market closed strong at near the top, net gains for the prin cipal stocks running from 2 to 4 points, and St. Paul, 64. Thus a large part of Saturday's losses were retrieved. Total sales today, \$45,800 shares. Railroad bonds showed recoveries also, but in much smaler degree than

in stocks. Total sales, par value, \$2,065,000. United States bonds were unchanged on the last call. The following quotations are furnished The Tribune by M. S. Jordan & Co., rooms 708-708 Mears building, Scranton, Pa. Telephone 5008:
