Scattered through the auditorium were a few delegates when the morning session of the day opened at 9 clock with devotional exercises, conducted by Rev. J. C. Patey, of Pike county, and who has the distinction of being pastor of the only Baptist church in that county. Those present participated readily in prayers and ongs in which divine blessings were carnestly sought and praises heartily rendered unto God. In the absence of and explaining his present the non-arrival of the moderator, he emarked, "One of the most hopeful signs of Christianity is that we have time to make money, but also to serve the kingdom of God."

Feature of Morning Session.

The first feature of the morning sesion was the reading of an historical sketch of the Jermyn church, prepared and read by Rev. M. R. Thompson, pastor of the church. This church was organized December 9, 1882, with six members, and it now reports \$5 members, and was recognized as a egular Baptist church Aug. 18, 1884. of the church and was its pastor during the first eight years of its car-reer. During the reading of this sketch, Moderator Keller came to the platform and presided through the reranning exercises of the day with his usual grace and dignity.

Rev. W. J. Ford, chairman of the tate missionary committee, made a this society. He stated there had been Grerease of offerings among the cear. Following this, were addresses by Rev. M. R. Thempson, Jermyn; Rev. H. I. Gibson, Hollisterville, and Rev. Thomas Baker, Scott Valley, missionary pastors. A general discusports of various committees were listened to at this time. Rev. C. A. Spalding reported for the benevolent emmittee; Rev. Thomas De Gruchy. D. D., for the committee on systematic beneficence, and Rev. R. R. Thompon reported on temperance.

Election of Trustees and Officers.

The following trustees for the assotation were elected: Rev. C. and Dr. B. G. Beddoe, B. G. Morgan was re-elected trust-e of Keystone eademy. Rev. W. J. Ford was reelected vice president of the State Mission society, and Rev. H. J. Whalen, D. D. was re-elected to the vice presidency of the State Educational society. The following persons were appointed to represent the association it the Baptist state convention, to be held in Philadelphia in October: Rev. W. J. Ford, Rev. Thomas De Gruchy and Rev. R. F. Y. Missionary Societies Report.

With an abated storm the concluding session of the convention was begun promptly at 2 o'clock, with Scripture reading and prayer by Rev. G. T. Gibson. The auditorium was about one-third full, some of the delegates having to leave for their homes on the early afternoon trains. The afternoon ession was occupied with the presen tation of the work of the different misdonary societies of the Baptist de nomination by their respective repre sentatives. Rev. O. F. Flippo, D. D. district secretary of the American Baptist Publication society of Philadelphia was present and gave, in his characteristic manner, a most intersting address on the theme "The Gospel on Wheels," or a description of one phase of this organization's work, the colportour and chapel car branch. Incidentally he referred to a somewhat unknown fact that President McKinley, while a member of the Methodist church was immersed when he entered it, after a careful study of the Bible and literature published by the Amerian Baptist Publication society. He stated that at the present tim

the society has six chapel cars, each osting \$5,000. He exhorted all to join these chariots by contributing to their support.

Rev. Dr. Pierce's Report.

Following the address, Rev. R. F. V. Pierce read a somewhat lengthy report on the Publication society. A report on foreign missions was read by Rev. H. H. Harris, Ph. D. stated that in the association, during the past year, \$329.67 had been raised for foreign mission work, and while this revealed a small increase over offerings of the past year, it represented on , a contribution of six and onehalf cents a member.

An address followed this report, by Rev. F. S. Dobbins, D. D., district secretary of the American Baptist Missionary union, and a resident of Phildelphia. Dr. Dobbins is full of a missionary spirit, he having been a missionary for some time in Japan. He is always listened to with the greatest interest in the presentation of his subject, "A Call for a New Witnessing."

Funny Papers Scored.

In his opening remarks he referred to two pictures appearing recently published in Life and Judge, and showd how grossly they misrepresent facts pertaining to foreign mission work and Christianity. In Life was published a cartoon depicting a scene of a black man, a white missionary and a lion. The lion was represented as sayng, "I will wait a few days and all will be black meat," he supposing that the black man would, as a cannibal devour the white missionary.

"But," said Dr. Dobbins, "never has white missionary been eaten by caunibal though they have been killed

The other false picture was in Judge and showed how that, after Christian England and America had involved China in trouble, they run away and leave her. Underneath the cartoon were the words, "This Is What Christianity Does," which Dr. Dobbins, in emphatic tones, pronounced "a

The Troubles in China.

The remaining portion of the address was a remarkable review of the transforming power of Christianity in heathen lands. He said: "In this country in recent days we have had a demonstration of anarchism. The troubles in China last year were simply anarchism let loose, in which 200 missionaries were killed, and perhaps 20,000 native Christians. There is but one thing that can put down anarchism in this or any other country and that is the gospel of Jesus Christ received into the hearts of men." After this W. A. Roberts sang a solo

in a most creditable manner. Home Mission Work.

The next important matter was eport on the work of the Home Mission society, by Rev. S. F. Mathews He said: "A matter for congratulations is the fact that, though beginning the fiscal year with a debt of \$32,200.90, it has met through its growing resources not only the debt, but all its current expenses, with a balance in hand of \$203.41." Rev. Albert H. Smith delivered an excellent address on the "Work of the Home Mission Society." He stated this society is doing effective work among twenty different nationalities. He confined his nesday. remarks, however, to the work in Cuba and Porto Rico, and among the negroes. He showed the reason why we should preach to them the gospel and

John Reid, of Dunmore, Retires from the Position of District Superin-

tendent of Pennsylvania Co.

John Reid, of Dunmore, formerly of this city, for a year past district superintendent of the Pennsylvania Coal company, will on Sept. 15 sever his connection with this company, having forwarded his resignation to take cffect on or about that date. The retiring superintendent had important duties, having the entire supervision of the collieries throughout this section He was appointed to this important position about a year ago, being promoted from a mine foremanship, previous to which he had been on the surveying corps. Mr. Reid is now about 40 years old and since early manhood has been at work for the Pennsylvania Coal company, filling continudly positions of trust and responsibility. As to the futre, Mr. Reid is uncertain, but within a short time he will accept an important trust, which

at present he cares not to divulge. The vacancy created by the retirement of Mr. Reid will, it is reported, be filled by the promotion of Henry McMillan, of West Pittston, who for many years has creditably discharged the duties of the foremanship at the Barnum colliery. This promotion will be gratifying to everybody, for there is no other mine foreman whose standing is higher and in whom confidence can be more implicitly reposed. His successor at Parnum has not been named: in fact, the change has not yet been officially announced.-Pittston

letter in Wilkes-Barre Record. Survey to Port Jervis.

A meeting of the Delaware Valley Railcoad company was held in Easton on Tuesday afternoon. The extension

to Port Jervis was discussed. Chief Engineer Allen gave the directors the route surveyed from Bushkill, across the river to Flatbrookville and from thence along the river through Montague to Port Jervis

The survey of the railroad at Tri-States called for a connection with the P. J., M. & N. Y. R. R., the tracks of which are to pass over those of the Eric vailroad.

A meeting of the directors of the road will be held here on September 24th, when a new organization will be effected .- Stroudsbudg Times.
