TEN-DOLLAR FINE **AGITATES COUNCIL**

Members of the Upper Thrown Into Sort of a Mild Ferment by the Effort to Pass Resolution Remitting Fine Imposed on Marcin Dockerty for Alleged Fast Driving. The nughes-City of Carbondaie Suit for Damages Ordered Settled. Other Councilmanic Matters.

Select Council was agitated last night over the resolution ordering the ten dellars to be remitted to Martin Dockcity which was imposed on him by Alderman Delayan for an alleged vioation of the city ordinance prohibiting fast driving over the streets. It was discussed and cussed on the quiet, and debated on and argued over for the greater part of the me ting and was finally left undisposed of.

For a trivial matter this resolution claims an unique record in the history of councils. Dockerty, who is ce'ebrated for his fondness for speedy horses, was arrested by Patrolman Ruddy several driving on Belmont street, was taken before Alderman Delayan of the Sixth ward and fined \$10. Complaints had payment of bills. been made one after the other about reckless driving over this thoroughfare. Dockerty was the first to be arrested and as an example a heavy fine was imposed in his case. Dockerty protested against the penalty, insisting that he was not driving beyond the ordinary speed, and when the alderman refused to reverse himself the former the councilmen and had a resolution directed the fine to be remitted. It was laughed at by all, but the friends of ekerly, on the ground that councils select council, however, and when it amended, on the advise of the city solicitor, so as to direct the latter to to it that the fine be turned over to the city treasurer, and then remitted to Dockerty. it was for a city ordinance violation.

The amended resolution to have the city solicitor collect the fine from Al derman Delayan and remit it to Dockcrty remained to be disposed, but for some reason, which was not explained or apparent, it was not voted. It remains, therefore, for council to say what shall be done about it.
