A HOTED PHYSICIAN,

Doctor Wanata, of Lansing, Mich.,

Says There is Nothing in the Materia Medica that Equals Lydia E. Pinkham's Vegetable Compound for the Cure of Woman's Ills.

"Dear Mrs. Pinkham: — The honest, intelligent physician is above the 'School.' Whatever is best in each case should be used, no matter to what school a physician belongs. I, as a matter of conscience, can only prescribe the best, and as I know and have proven that there is nothing in Materia Medica which equals Lydia E. Pinkbam's Vego-table Compound in severe cases of female disorders, I unhesitatingly prescribe it, and have never yet been sorry.

"I know of nothing better for ovarian troubles and for falling of the womb or ulcerations; it absolutely restores the affected parts to their normal condition quicker and better than anything else. I have known it to cure barrenness in women, who to-day are happy mothers of children, and while the medical profession looks down upon 'patents,' I have learned, instead, to look-up to the healing potion, by whatever name it be known. If my fellow physicians dared tell the truth, hundreds of them would voice my sentiments."—Dr. Wanata, Lansing, Mich.

DR. WANATA.

As Dr. Wanata says, if physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it can be relied upon to effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass. for further free advice. No living person has had such a vast and successful experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and followher advice.

Lydia E. Pinkham's Vegetable Compound has carried hundreds of women through the periods of child bearing and change of life in perfect comfort and safety.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any

other medicine the world has ever produced. It is well to remember these facts when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vege-

table Compound; so do not experiment with untried medicines. \$5000 REWARD. — We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission.

The recording secretary, Mrs. Elizabeth Howell, gave her report, consisting of facts rather than figures, very instructive in its general trend.

MRS. VAUGHN'S ADDRESS. The address of the president, Mrs. Vaughn, was a thorough account of her year's labors, speaking, letter-writting and journeying to and fro in the interests of the cause of temperance.

The report of the committee on credentials having been read and accepted, Mrs. D. B. Hand of Scranton led in prayer previous to the election of offiers. This is usual, was one of the most stirring events of the day, but after much discussion, resulted in the reinstatement of all the old officers, as before enumerated. The morning session closed with brief prayer by Rev. Judson N. Bailey. The assembly, numbering over a hundred, adjourned to the Sunday school rooms with their basket lunches, excellent coffee being erved by the resident union.

The afternoon session opened with devotional services, led by Rev. Judson N. Bailey, editor of the Arrow, a temperance paper published in Moosic. A resume of the year's work was givn by each of the following local presidents; Mrs. B. Downing of Scranton, Mrs. L. W. Stone of Waverly, Mrs. G. H. Stephens of Peckville, Mrs. L. M.
