MONTROSE.

Special to the Scranton Tribune.

Montrose, Sept. 23.—The people of Susquehanna county are looking forward with pleasurable anticipation to the county fair, which occurs in Montrose on Tuesday and Wednesday of next week, the latter being the "big" day, Entries are already coming to the office of Secretary Titsworth in numbers that for tells a larger and more varied exhibition than usual. A great ren street, to the Shoemaker property, drawing card is the famous Dr. Mason Glee society, the famous Welsh choir of Wilkes-Barre. All present signs warrant the expectation that the Montrose fair will this year far surpass the very successful ones of former years.

John S. Courtright, esq., is at Susquehanna on business. Miss Ellen Armstrong has returned from Carbondale, where she went to visit a brother, who is ill in a hospital

town today. The street parade. which contrary to the rule was entirely creditable, set the little people in a fer vor of excitement. There is no other show that will invariably draw such large audiences as this historic drama and it is safe to predict that standing

room will be at a premium tonight. Louis Loomis, the young man who was shot through the leg, while standing in front of the Keeler house, at Tunkhannock, last Thursday evening, was brought to his home in this place yesterday. The wound is very painful, but not dangerous, unless unexpected complications should develop. The shooting of Loomis was unintentional, but it was the result of criminal recklessness in the use of firearms, and his assailant is under bail for his appearance at court. Miss Hattie Risley, of Rush, is visit-

ing friends in Montrose. Rev. E. K. Thomas and family have returned from a visit to relatives living in the eastern part of the county. The Montrose base ball nine were "up against it" very emphatically or Saturday, when they met the Susquehanna nine on the field of battle and lay down to the tune of 186. In exgame, we will simply say, in short, that had Montrose been able to play her regular team the result would have been vastly different. Our boys speak highly of Susquehanna and of the treatment they received in that town.

Miss Anna Hickey, a trained nurse

of Scranton, is professionally engaged

in this place.

The Rt. Rev. Bishop Michael Hoban, D. D., of St. Peter's cathedral, Scramton, made a visitation to St. Mary's parish in this place and held confirmation services yesterday. At 8 o'clock a. m. the bishop was the ecle-brant of the mass and delivered the sermon. At 9.30 mass was celebrated by Rev. Father Broderick, rector of St. Mary's, and the members of the confirmation class received holy communion in a body. The high mass at 19:30 was celebrated by Rev. Father Manley, of Susquehanna, and the bishop delivered the sermon. Leonard's Mass in G was rendered, and the "Agnus Del" was sung by Miss Bessie Miller. The church was crowded. Many from other churches came to witness the interesting sacrament of confirmation. About eighty were confirmed, among them being a number of converts to the faith.

Very often the future shows her that she was laying the foundation for years of When the back aches, when there is irregularity or any other womanly ill, then the first duty a woman owes to herself is to find a cure for her ailments.

The use of Dr. Pierce's Favorite Prescription in cases of womanly disease will insure a prompt restoration to sound health. It regulates the periods, stops unhealthy drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong,

sick women well. Sick women are invited to consult Dr. Pierce, by letter, free of charge. All correspondence absolutely private and confidential. In his thirty years and over of medical practice Dr. Pierce, as-sisted by his staff of nearly a score of physicians, has treated and cured more than half a million women. Address Dr. R. V. "I will drop you a few lines to-day to let you know that I am feeling well now." writes Miss Annie stephens, of Belleville, Wood Co. West Va. "I feel like a new woman. I took several bettles of 'Favorite Prescription' and of the 'Golden Medical Discovery. I have no headache now, and no more pain in my side; no hearing-down pain any more. I think that there is no medicine like Dr. Pierce's medicine."

New York, Sept. 23.—Amalgamated Copper fell. 8% below the price of Saturday late in the day today, and after a two-point rally on covering y room shorts, was running off tapidly again before the close, the last price showing a net ces of 7%, following the 6% loss of Saturdey. Anaconda, the only one of the controlled com-panies dealt in on the excharge, fell an extrema Is, and lost Sa net. This comprised most o ie market for the day. There was some earl sistance on a few railroad stocks, but it was thandoned in the face of the heavy and persist-int liquidation in Amalginisted Copper, and the whole market turned weak. The net losses run between I and over 2 points in quite an extended list of important stocks. Such a violent de fine as that of Amalgamated Copper is bound o affect the stock market by sympathy, whatever he conditions elsewhere. The Amalgamated Copper movement gained in influence by reason of collateral inferences drawn from it by speculaors. The reduction in the dividend and the col apse in the price have led to flying rumots diorecomings in management and finances of the same character recently disclosed by sever of the minor industrial companies. The effect was to engender distrust of all the industrials and their blind pool methods. Also the redi ion of the Amalgamated dividend, following the conservative refusal by partly identical in-terests to advange the St. Paul divident, was taken as a broad indication of the disposition of His unceasing labors were Standard Oil capitalists to stimulate a rise i brought to an end a few months ago, when he complained of a severe pain ers were advancing the Morgan syndicate prop under the arm.
