

CLEVELAND'S Superior Baking Powder

may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

CLEVELAND BAKING POWDER CO. NEW YORK

You cannot, if you value good health, afford to use cheap, low-grade, alum baking powders. They are apt to spoil the food; they endanger the health. All physicians will tell you that alum in food is detrimental.

TOLD IN A FEW LINES.

The subscription dinner, which has been arranged for by some representatives from the central city and this section, seems to meet with nothing but success so far. The dinner is expected to be one of the most affairs ever held in this part of the city.

The Crackerjacks basketball and the High Works basketball teams will play this evening in the Auditorium.

Miss Lulu Deane, of Steele's department store, has recovered from an attack of illness.

Mrs. Edwin Morgan and daughter, Mabel, of Helderberg, Pa., are the guests of Mrs. D. J. Jones, of Wayne avenue.

A valuable horse, owned by James Metcalf, of Marine avenue, fell yesterday, while grazing in a field near Mr. Metcalf's house and broke its leg. The animal was shot shortly afterward.

FEDERAL BUILDING NOTES.

W. A. Prother and F. A. Withers, parties losing business under the name of the Prother Shoe company, of Solus Grove, filed a petition in involuntary bankruptcy before Referee M. H. Taggart, of Sunbury. Yesterday Clerk E. H. W. Searle received a copy of the order from Referee Taggart, restraining Daniel Sholly, the assignee, and the First National bank of Solus Grove, from continuing the business of paying the indebtedness against, or selling the stock or property of said company. The order was approved and filed.

Judge R. W. Archibald, of the Middle Pennsylvania district of United States court, yesterday discharged two petitions in bankruptcy. They were the cases of Albert Wiener, of Waynesboro, Franklin county, who was adjudged a voluntary bankrupt, May 29, 1901, and Samuel Servin, of Bellefonte, Centre county, who was adjudged a voluntary bankrupt June 15, 1901.

Notices were posted in the postoffice yesterday that an examination for clerks and carriers will be held November 20, 1901, in the Scranton postoffice. Application must be made to Louis Schmitt, secretary of the board of examiners, on October 25.

Judge Archibald issued an order yesterday appointing the Sunday News and Dispatch, of Wilkes-Barre, as the newspaper in which notices of bankruptcy should be published.

AGAINST DANCING SCHOOLS.

Resolution Introduced by Councilman Walsh, of Wilkes-Barre.

Councilman M. J. Walsh, of Wilkes-Barre, has begun a movement to legislate out of existence the dancing schools, which are such a rampant cause of evil to the young. At Tuesday night's meeting of council, Mr. Walsh introduced the following resolution, which was adopted:

"That the law and ordinance committee be directed to draft and present to council at their next regular meeting an ordinance requesting the management of public halls, in which shall be embodied the following requirements: One proscribing minimum ages of attendants; the hour at which the evening shall close; requiring a license for holding the same and names of managers and the hall in which such affairs are held; requiring the attendance of a public officer, to be detailed by the chief of police, and such other requirements as will, in the judgment of the law and ordinance committee, prevent the evils resulting from public halls and dance houses."

INDUSTRIAL JOTTINGS.

Work of Dismantling Mills and Furnaces of L. I. & S. Co. Is Progressing Rapidly.

Slowly but surely the work of dismantling the Lackawanna iron and steel company's plant is progressing. Already one mill has been practically packed to the ground, and it is but a matter of a short time before the blast furnace will be taken down and shipped to Buffalo.

Efforts during the past few weeks have been concentrated on the north mill. Yesterday the dismantling force was actively engaged in tearing out the brick steel mill and in removing the contents of the mill and what was once known as the puddling mill.

The better part of the machinery has been sent on to the Lake Erie city, while the remainder is being stored here awaiting disposal. The company is installing new and improved machinery in its Buffalo quarters, and the result is that a quantity of the old is on hand to be sold as junk.

The blast furnace has also fallen prey to the onslaughts of the strippers. The upper part of the building has been removed as well as two of the mammoth furnaces. One furnace is still in operation.

The old rolling mill is practically in tact. Such machinery and furnaces as are not absolutely needed have been removed and other than this no change is observable.

The stripping force has not yet reached the South mill, and probably will not until some time in January, on the whole rapid progress has been made.
