## HUNTING GAME OUT OF SEASON

### VIOLATORS OF THE LAW INFEST THE WEST MOUNTAIN.

**Complaint Has Been Made That Ferrets Are Being Used and Rabbits and Squirrels Shot Contrary to the Act of Assembly—Republican Club Resolutions on G. A. Williams' Death—St. Leo's Battalion Membership Contest—Other Matters of Interest.**

Complaint has been made that a large number of local handlers of the gun are killing rabbits and other game on the West Mountain, out of season, and using ferrets to hunt them, which is contrary to law and against all established game regulations.

The complaint was made to The Tribune for the purpose of bringing the matter to the attention of the proper authorities, and unless the practice is stopped several arrests are likely to follow.

The matter has been reported to the local police, but the West Mountain is out of their jurisdiction.

"The game laws emphatically read that ferrets are strictly prohibited and that squirrel shooting is only permissible from October 15 to December 15 inclusive, and rabbit shooting from November 1 to December 15, inclusive. "There is an abundance of game on the West Mountain and it should be properly protected out of season.

# STUDIOUS GIRLS.

## School Days are Dangerous Periods With Our Girls.

### A Chicago Girl Relates Her Experience.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered.

The dawn of womanhood is always a danger period and it is made doubly so by over exertion in study or work.

**All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.**

The case of Miss Anna Oeftering, whose portrait we publish herewith, is a fair example of over estimation of physical endurance. Read her experience, and how she was cured by **Lydia E. Pinkham's Vegetable Compound.**

MISS ANNA OEFTERING,
President of the Young Ladies Sodality, St. Alphouse Society, of Chicago.

"DEAR MRS. PINKHAM:—To be a well woman once more seems little short of perfect happiness. For two years I suffered intensely with nervousness brought on by falling of the womb and general weakness of the female organs. I had leucorrhœa which sapped my strength, and although the doctors said an operation would be necessary I felt too weak to think of undergoing such an ordeal. One of my classmates who had suffered afflictions and been cured through the use of **Lydia E. Pinkham's Vegetable Compound,** advised me to try it, and I was only too glad to do so. I thought there was little hope for me, but was happily disappointed in finding that I soon began to feel better and stronger. I used 15 bottles before I was entirely well, but it was worth one hundred dollars a bottle to me, for it brought me new life and perfect health. Accept a grateful woman's thanks."—ANNA OEFTERING, 1244 Seminary Place, Chicago, Ill.

**Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering.**

"DEAR MRS. PINKHAM:—I thought I would write and tell you what your medicines have done for me. I suffered with pains in my stomach nearly all the time for one year; had no color in my lips or face and I felt dull all the time. I tried the doctor, but he did me no good. Since taking **Lydia E. Pinkham's Vegetable Compound and Blood Purifier** I am now well. Your medicines have done me so much good that I cannot praise them enough."—MISS MABEL CLARK, Starkey, N.Y. (April 10, 1901.)

**Take Lydia E. Pinkham's Vegetable Compound and be well.**

**$5000** REWARD.—We have deposited with the National City Bank of Lynn, $5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
