LIGHT CONTRACT TO GO TO COURT

Steps Being Taken to Test the Legality of the Resolution Which Councils Passed Over Mayor Kilpatrick's Veto, Awarding Three-Year Contract to Lackawanna Valley Company—An Injunction to Be Sought.

The city lighting contract, which was tossed about on the troubled councilmanic sea for several months, did not reach a port of safety, it seems, when it passed common council on Monday night of last week, over the mayor's veto, for steps have already been taken towards seeking the court's opinion as to the legality of the resolution that awarded the contract.

The public is well informed of the earnest spirit and determined light that marked the passage of the contract resolutions through both branches of council, and, while this new phase of the fight, for it was truly one, will serve to stir up warm discussions anew, there is no mistaking the regret that will be felt generally that the intervention of the court is found to be necessary. The hope seems to be well founded that the issue would be settled for all time at the late meeting of common council, but the indications now are that the city will have to do battle against an injunction that will probably be asked of the court within a few days.

Opposition to the awarding of the contract for more than a year, or probably it would be more correct to say the manner in which the resolution was passed, and this opposition will be manifested in the form of an injunction, most likely, asking the court to restrain the mayor from signing the contract until the validity of the measure awarding the same be passed upon by the court. Citizens who have taken a close interest in the proceedings are known to have sought the opinion of a prominent attorney, who is regarded as an authority on municipal law, and have received the opinion that the resolution was not legal. In fact, was not the measure that should be employed, and that the awarding of the contract is consequently not valid or regular. Reliance, it is assured by those interested, can be placed on the statement that the intention to invoke the court is more than a rumor, and that definite action will be immediately taken.

STREET CAR'S JUMP.

Leaves the Rails While Passing Through Mayfield and, Striking a Pole, Demolishes It—Passengers Shaken Up and One Woman, Mrs. Ellsworth Meyers, of Mayfield Yard, Painfully Injured.

There was a repetition of the trolley accident of several weeks ago, but with more disastrous results, when a north bound car jumped the rails while passing through the lower end of Mayfield yesterday afternoon. The car carried about a score of passengers who were tossed about and severely shaken up, when the front truck jumped and ploughed into the ground. The forward end of the car struck a pole with such force that it was snapped in two.

When the shock occurred the passengers were thrown with fear, which increased as they were knocked against each other and against the side of the car.

Three or four women collapsed, and one passenger, Mrs. Ellsworth Meyers, of Mayfield yard, was bruised about the lower part of the body and suffered considerable pain from an injury to her side. She had to be assisted to her home.

Like the other accidents of the same character, yesterday's happening is attributable to the condition of the roadbed.

CONDITION OF CZOLGOSZ.

The Assassin Seems to Have Recovered from His Collapse.

By Exclusive Wire from The Associated Press.

Auburn, N. Y., Sept. 30.—Czolgosz's first Sunday in the condemned cell was unmarked by special incident. He is taciturn and his conversation with guards is concerning meals. His appetite is unimpaired and he seems to have entirely recovered from his recent collapse. He has had no callers but one letter, although Warden Meade is constantly receiving applications to visit the prisoner and to witness the execution.

He was berattled yesterday. The warden declines to make the measurements public. Czolgosz has not yet asked to see a spiritual adviser.

Mrs. L. A. Harris, a Prominent Member of a Chicago Woman's Political Club, tells how Ovarian Troubles may be Cured without a Surgical Operation. She says:

"Doctors have a perfect craze for operations. The minute there is any trouble, nothing but an operation will do them; one hundred dollars and costs, and included in the costs are pain, and agony, and often death.

"I suffered for eight years with ovarian troubles; spent hundreds of dollars for relief, until two doctors agreed that an operation was my only chance of life. My sister had been using Lydia E. Pinkham's Vegetable Compound for her troubles, and been cured, and she strongly urged me to let the doctors go and try the Compound. I did so as a last resort; used it faithfully with the Sanative Wash for five months, and was rejoiced to find that my troubles were over and my health restored. If women would only try Lydia E. Pinkham's Vegetable Compound first, fewer surgical operations would occur."—Mrs. L. A. HARRIS, 278 East 81st St., Chicago, Ill.

Pinkham's Vegetable Compound at once removes such troubles.
