Committee of Strikers Will Meet Manager Silliman Today.

# HIS REPLY UNFAVORABLE

He Answered the Men's Second Proposition by Saying That the Company Would Not Consider Any Proposition from Them Until They Returned to Work, and Wanted to Know if They Would Work Today. Committee Decided to Reject His Proposition-Only a Few Cars Run Yesterday-No Men Have Been Imported as Yet.

The street railway men's strike is still on, and there does not appear to be much hope for an immediate settlement, though a conference has been urranged for this morning between General Manager Silliman, of the company, and E. W. Clark, jr., of Philadelphia, one of the directors, on the one side and a sub-committee of the strikers on the other.

The principal development in the situation yesterday was the receipt of a letter by the strikers from General Manager Silliman, announcing that the company would refuse to consider their proposition of Tuesday or any other proposition until they returned to work, and giving them until midnight to state whether or not they would take out their regular cars this morn-

This letter was sent in reply to the strikers' letter, written on Tuesday, containing a proposal to refer the whole question for arbitration to Rt. Rev. Bishop M. J. Hoban, or some priest deputized by him, he to decide upon the mode of procedure to be followed, in the arbitration proceedings, and withdrawing the former demand that the two discharged conductors be reinstated pending the result of the PLAYED FOOTBALLIN RAIN

MR. SILLIMAN'S LETTER. The following is the full text of Mr Silliman's letter, which was delivered to the executive committee at 7.30 o'clock last night by his private secretary, Mr. Rielly:

Seranton, Pa., Oct. 2, 1901. George Kagler, Secretary Division 168, A. A. of Street Railway Employes, Scranton, Pa. Dear Sir: We are in receipt of your letter of Oct. 1, and have carefully noted its contents. The proposition submitted to your organization in our letter of Sept. 30, was made by this com pany with the honest intention of endeavoring t lice court on the charge of throwing meet the difficulties of the situation and thus stones on a public highway. For this avoid a strike. The members of your organizaerime the magistrate imposed a fine of tion left our employ after declining our offer to arbitrate, and we cannot now consider this or any other proposition until after they have returned

us before 12 o'clock tonight, if it is the inten-tion of our employes to return to work on Thursday, Oct. 3, in time for their regular runs. Otherwise we shall consider that they do not intend to do so.

Yours truly.

about 8.30 o'clock and remained in consultation for about an hour and a half. At the end of that time it was announced that the members of the com mittee were unanimously opposed to having the men go back to work before receiving some definite reply to their proposition.

"Mr. Silliman must labor under the impression that we are crazy," said one of the committeemen. "We will slight gain High school lost the ball not agree to accept this proposition for moment. The idea that we should allow the men to go back to work, now that they are out on strike, before receiving some definite answer to the questions which precipitated the strike, is absurd. This isn't simply the view of the committee. We've sounded every man around the place and they are all unanimous in declaring the

proposition to be a ridiculous one. "You will notice that even if we did accept the proposition and go back to work, there is nothing in Mr. Silliman's was as follows: letter which binds him to even consider our grievances. He says that the company will not consider any proposition from the men until they return to work, but he doesn't promise to consider one if we do go back. The letter is evasive on this point and purposely so, we believe."

SENT A COMMITTEE.

The committee didn't see fit to send word to Mr. Silliman stating whether or not they would return to work this Instead, a sub-committee was sent to the Hotel Jermyn to arrange, if possible, for a conference sometime before midnight. Mr. Silliman sent word to the committee, through his private secretary, that he would give the matter consideration, and told them to go to the company's office in half an hour and he would

The committee went to the office at returned about 11 o'clock with the announcement that the general manager had retired, after deciding to put off the proposed conference until this When this word was imfollowing letter was prepared and mailed to Mr. Silliman:

Scranton, Pa., Oct. 2, 1901. Frank Silliman, ir., General Manager Scranton Railway company.

Dear Sir: Your reply to our communication

Very respectfully yours, G. O. Kagler, Secretary,

It was stated officially that at the conference the members of the committee will insist upon the acceptance Regular 25c size for ...... 15c of their proposition of Tuesday and will refuse to permit the men to rea decisive answer of some sort.

NO NEW PROPOSITION. "We will have no new proposition to submit." said one of the committee-"We stand by our proposal of E. G. Coursen Legal and no other. We sincerely hope that we will be able to make the company officials see the justice of our

position. Perhaps there have been misinderstandings on both sides. If there nave been we hope that matters will be fully explained."

The tie-up yesterday was about as omplete as it could possibly be. Two cars manned by Dispatchers Hemden, Brown, Schands and McTaggert made trips to Dunmore and West Scranton on a regular schedule for the purpose of carrying the mails in fulfillment of the company's contract with the gov ernment. A few passengers were car-

Two cars were run on the Green Ridge Suburban and Petersburg lines between the hours of 5 and 7 p. m. and were crowded with passengers on every trip. They were manned by Suerintendent Patterson, several of the office employees and a volunteer who appeared at the company's office about o'clock and offered to assist in running one of the cars.

As far as could be learned there was

no disorder of any kind yesterday, except the blocking of the tracks in all parts of the city. The tracks on the Providence line are blocked with all kinds of obstructions all the way from Carbon street and the same condition exists all the way up the valley. This sort of thing is done in the majority of cases by small boys, who seem to take a huge delight in it.

At a meeting of the executive com-mittee held yesterday afternoon ways and means for the conducting of the strike were mapped out. Committees were appointed to watch incoming trains and from now on, day and night, there will be pickets posted at the Lackawanna, Jersey Central and Delaware and Hudson stations and at the upper end of Lackawanna avenue. These pickets are instructed to look out for the arrival of imported men

and to immediately notity headquarters if any do arrive. NO MEN IMPORTED.

The company has not yet made any attempt to import any men but General Manager Silliman said yesterday afternoon that the company would make every effort to run as many cars as possible. He would not say whether any men would be imported. "I have said that we will run our cars and I propose to keep my word," said

E. M. Clarke, jr., one of the board of directors of the company, arrived in the city last evening about t clock to advise with General Manager Silliman on the situation. He was in conversation with the latter for some time last night, but denied himself to newspaper men.

Wyoming Seminary Was Too Much for Local Foot Ball Players. Line-up of Teams.

seminary played round the High schol eleven at Athletic Park yesterday afternoon, scoring three touch downs with comparative ease. The teams played in a drenching rain, and the contest lacked brilliancy and snap. The boys rolled around in the mud, and Scranton seemed to lack the weight to go up against such a strong eleven as the seminary boys.

High school won the toss and took the upper goal. In the kick off Wyoming took the ball and steadily forced it over the line for a touchdown in a few minutes. They failed to kick the goal, however. Score, 5-0. In the next kick off, Tropp sent the

ball in close proximity to the Wyoming goal post, and seminary took it and successfully carried it the full the field for a touchdown with slight interference. The goal was missed. Score, 10-0, In the next kick off Wyoming took

the ball at the twenty-yard line, and made a gain of ten yards. They again forced the ball Scrantonward for over 25 yards and lost it on a fumble. High school tried for a double pass but falled, and seminary held them back with comparative ease. After a

on foul interference. The seminary boys failed to make gain and lost the ball to Scranton when Powell made a run of about twenty yards, but was forced back on a stolen ball. The first half ended with the score 10-0.

In the second half Wyoming took the ball and kicked to High school's thirty-live yard line. The latter seemed to be unable to hold their opponents and Wyoming again forced the ball over the line for a touchdown, but failed on the goal. Score, 15-0. The line up
