## The News of Carbondale.

#### WINANS HULL ON WAY TO THE PEN

Stops in Carbondale, His Native City, for Half an Hour and Greets Scores of His Friends-Gives Advice to One Who Was Intoxicated and Converses Freely with Newspaper Men About Prospects of Prison Life.

Winans Hull, off for the Eastern penitentiary, where he was sent for twenty years for killing Edwin Schoonever, stopped in Carbondale, his native city. yesterday, for nearly half an hour, where he was greeted by scores of his friends and acquaintances.

Hull reached Carbondale over the 4.16 Delaware and Hudson road, He was under the charge of Sheriff Chas Armbruster, of Wayne county, and was manacled to Irving Hattler, of Honesdale, a young man bound for the Huntington reformatory. With Sheriff Armbruster, as his deputy, was Henry Beurkert, of Honesdale.

When Hull alighted from the train be was smoking a cigar with evident enjoyment and was exceedingly bright He is remarkably oulck of movement and he fairly pulled along his companion to whom the bracelet of steel bound him. The news of Hull's arrival quickty spread and in a few minutes the waiting room was besieged with a throng of curious ones.

Hull conversed freely with the rewspaper men, dwelling on the prospects of his prison life. He reported the story that he told on the witness stand and reaffirmed his innocence of the crime so far as the intent to murde Schoonover was concerned. He told almost the identical story of the witness stand and noticeably warmed up in his description of the alleged struggle between himself and his victim

In the midst of his conversation a Carbondale friead approached and broke in by shaking hands with Hull, He was intoxicated, a condition which Hull readily observed. "Cut your drinking out, old boy," he said. "It ney and old man if you don't cut it out you might be sorry. Take my advice now, before it's too late," was Hull's earnest admonition when his friend turned away.

Hull went on to express his sorrow for the members of Schoonover's family and his relatives.

"I'm sorry for them and I'm sorry this thing has happened," Hull said, but it was the drink and the way be tackled me when I was a sleeping."

Hull expressed the hope and belief that he will not have to serve all of the twelve or thirteen years that the law exacts; he has hope that something will intervene to bring about his Hull's father and his brother, Charles,

reached the station shortly before the train for Scranton left, and carried on an earnest conversation with him. Both strongly urged upon him to win the good will of the officials at the penitentiary by his behavior.

Sheriff Armbruster and his charges left over the 5.06 Delaware and Hudson train and spent last night in Scranton. The prisoners were taken to the county fall from the Green Ridge station. They will leave this morning for Philadelphia, in company with the prisoners from Lackawanna county

#### Venerable Pioneer of Carbondale.

Dr. Ruel Hampton, of Scranton, is visiting dur ing this week at his former home in this city Dr. Hampton is a venerable pioneer of Car bondale. When the "Ambraoite City" was eny ing for recognition, be became a citizen of the town, and he lived here until a few years ago when he went to scranton to live with his example of how a man can preserve his facultiand his energies even past four-score. Di Hampton has passed his eighteth year, but n one would suspect this; rather that he was only in the sixties, for he is as active and spay as a was thirty years ago. His mind is as clear and as light as when he used to travel all over this section in the '50s, administering to the sick. He has not yet abandoned his practice, ever though in the ninth decade of life, and he give attention to an occasional case brought attention. This week Dr. Hampton is busying himself with improvements under way at property in this city.

#### A New Chef.

Thomas McManus, of Willies-Barre, began le dates this week as thef at the Imperial dining room, on North Main street. The patronage of the restaurant has to increased that it was formal necessary to employ Mr. McManus. He is a book of long experience and will be sure to add to the favor the restaurant enjoys.

## TO ENLARGE ITS PLANT.

Carbondale Machine Company to Build New Shops on Old Morss

Carbondaie Machine company is being cramped for room to such an extent that it finds it necessary to seek other quarters than where it is now located, n the works of the Hendrick Manuacturing company, on Dundan street. To meet this pressing necessity, the

machine company will erect a plant on the old Morss tannery site, in Simpson. The proposed plant will be adequate to accommodate the growing seeds of the company for a number of years. Work will be commenced as soon as the preliminary details are disposed of. This will be within a few weeks.

The effect will be a decided boom to day night, when Mars, the magician, was the this vicinity, for it will mean a new bill, has greatly pleased the projectors of the industry. The company proposes to add new lines of work, which will neessitate the employment of additional skilled mechanics, besides numerous laborers. The change will also mean increased facilities and naturally inreased help at the plant of the Hendrick's company, which, like the mathine company, is being pressed for

It is a decidedly healthy indication, these signs of progress and prosperity, and it is no little source of gratification to Carbondale residents to learn of the growing importance and strength in the industrial world of concerns founded by men who are townsmen, and who have the interests of the city at heart.

#### "DORIE," AS CORRESPONDENT.

Dorrance Buckley Burdette Contributes a Bunch of Items for Tribune's Renders.

Dorrance Buckley Burdette, other wise "Dorie" Burdick, of Newton lake he of black panther skin fame, the Greenfield resident of such genial ways, whose every acquaintance in Carbondale is his friend, was in town Monday. As is customary, he called at The was drink that sent me on this jour- Tribune office to meet his newspaper friends; a visit to Carbondale wouldn't be a visit unless The Tribune man was called on; it would be like making a call and finding no one at home. Dorrance seemed disappointed to learn that his newspaper friend was in Honesdale, but to show his friendly feeling he made himself at bome with the young man in charge of the office and sat himself at the table and whirled off a bunch of items about happenings over Greenfield way. The news that The Tribune man found that the volunteer correspondent left for the infovmation of Dundaff readers, reads as

I heard from my gun today, and you don't need to advertise it any more.

I lost one overcoat out of my trunk It was Sunday, and we were away from home. John Edwards can swear to the coat. If it is returned within three days, no questions will be asked. Walter Burdlek commenced his job for W. W. Watt today.

The Foster girls returned from the Pan-American, and report a good time. Nathan Foster, formerly of Greenfield, went through town on Saturday All you have to do to get back stolen property is to put an "ad." in The Tri-

There will be a box social at the touse occupied by Fred Scutt on Thursday, October 24. All are cordially invited to attend. It is for the benefit of Elder Lindsay, who came here from to help the benefit along. The girls fix up the boxes and baskets and the boys buy them. The girls get nothing but their trouble, but Mrs. Scutt will see that they have a good time and fair play. I will be there myself.

#### D. B. Burdette. MANY MILL EMPLOYES IDLE.

Forty-six Laid Off at Silk Works by Reason of Street Car Strike.

The street car strike has been the cause of idleness to forty-six young people who were employes at the Simpson silk mills. Those idle are mostly from Mayfield and Jermyn. A number are from this city. Manager Freider, of the mill, tried

lowns, but the liveries refused to make the trip to the mill and back for less price exorbitant, and for a few days bought mileage books on the steam road. This was found to be a heavy drain on the expense fund and was brought to a finish several days ago. The boys from the two boroughs, Jermyn and Mayfield, were unable to make train connections and have not been at work since the strike was declared. It is probable that Manager Freider vill now try to have a train on the Ontario and Western road specially placed in service for the accommodation of the mill employes, which would ago-

#### stop directly at the rear of the mill. AMUSEMENTS.

"Nathan Hale" Tonight.

The affection of Carbondale theater-goers dd telends, old faces, and old favorites of th stage will be demonstrated at the Grand tentalit, when Mr. Howard Kyle will appear in "Nathan Hale," a drama by Clyde Fitch, it is full of bright and wholesome comedy, and of the highest dramatic invident, and one that every true American will go away happier for seeing. Mr. Fitch has most happily preserved in his drama the physical charticity and mental alettness of his youthful here, constantly urbane, humanous deeply sympathetic and family resultite. Through always having bineeff well contained, "Nation Bale" (spoiles the very essence of our real American life.

## The Park Is Deserted.

## The Weight of Evidence

And the evidence of weight both go to show that the sick who gain in health gain in flesh. The only gain in weight which is unhealthy is the gain which comes from an accumulation of flabby fat. Loss of flesh is one of the foremost signs of failing health. If you have lost weight and are gaining health by medical treatment, you will gain in flesh and the scales will tell the tale.

One of the notable results of the use of Dr. Pierce's Golden Medical Discovery is a gain of flesh, evidenced by an increase in weight. Weight is proportioned to height, and every healthy person has a normal weight which is in exact proportion to the stature. When the weight falls below this normal proportion to height it is a sign of failing health. Insurance companies recognize this fact and they refuse insurance whenever there is a marked disparity between height and weight.

The reason for this refusal is based upon the fact that when the weight falls below the normal it shows that the body is not being adequately nourished. The food eaten to sustain life is not being properly digested and assimilated. And because the vital powers of the body depend upon the assimilation of the nutriment extracted from food, it follows that whenever there is a failure in digestion and assimilation, there is also a loss of vital force. For these reasons a cure of diseases of the stomach and organs of digestion and nutrition is marked by a gain in

## GAINED TWENTY POUNDS IN TWO

MONTHS. "I wish to say to the world that Dr. Pierce's Golden Medical Discovery has proved a great blessing to me," writes Ellen E. Bacon, of Shutesbury, Franklin Co., Mass., "as I firmly believe I should be in a very bad state now if I had Prior to September, 1897, I had dectored for my stomach trouble for several years, going through a course of treatment without any real benefit. In September, 1896, I had very sick spells and grew worse; could eat but little. I commenced in September, 1897, to take Dr Pierce's medicine and in a short time I could cat and work. I have gained twenty bounds in two months."

## GAINED FIFTY-SEVEN POUNDS.

omach and heart trouble," writes Mr. W. D. Merchant, of Tylersburg, Clarion County, Pa. "Had doctored for some time without relief, then I began to take Dr. Pierce's Golden Medical Discovery. I took seven bottles. Before I began to take it I weighed 119 pounds, and now I weigh 176. I am working steadily and feel like a well man. I send you many

eases of the stomach and other organs of digestion increased flow of pure blood, rich in the red cor- tion and nutrition.

THE EVIDENCE OF WEIGHT., puscles of health. Many diseases remote from the stomach are cured by the use of "Golden Medical Discovery," because such diseases have their origin in a diseased condition of the stomach and its allied organs of digestion and nutrition. The whole body (and each separate organ of it), depends for strength on the nourishment extracted from food. When the stomach only partly extracts the elements of nourishment from the food eaten, then the body is only partly fed. In as far as the organs lack nourishment they are starved, and starvation means weakness. Hence "weak" heart, "weak" nerves, "weak" or sluggish liver, and other "weak" organs are cured when the "weak" stomach is cured and made strong again by the use of "Golden Medical Discovery."

#### GAINED FIFTY POUNDS.

Mrs. Mary E. Lewis, of Tanner, Gilmer Co., W. Va. "I will always recommend Dr. Pierce's Golden Medical Discovery, 'Favorite Prescription' and 'Pleasant Pellets,' for they cured me when doctors and other medicines failed. For fifteen years I suffered untold misery When I commenced taking Dr. Pierce's medicines, I had given up all hope of ever getting well. I could not lie down to sleep, and everything I ate would almost cramp me to death. Was very nervous and could hardly walk across the room. I only weighed ninely founds when I commenced taking these medicines six years ago; I now weigh one hundred and forty pounds, and am having better health than ever before. My friends all say they can hardly believe that I am the same person; after being sick so long I have changed to be robust and rosy checked. I have taken incen bottles of 'Discovery,' fifteen of the 'Prescription' and fifteen of the 'Pellets.' I take great pleasure in recommending your medicine to the sick for I know that if it had not been for them I would not have been living to-day."

There is no alcohol in "Golden Medical Discovery and it contains no opium, nor other narcotic. It is not a stimulant, imparting a false strength, but a real flesh-forming, body-building medicine. Of course, the medicine does not build the body or make flesh, no medicine can do that. But the "Discovery" cures diseases of the stomach and digestive and nutritive systems, and enables the assimilation of food by

which alone flesh is formed and strength regained. If you are encouraged to try "Golden Medical Discovery" do not be put off with an imitation or substitute medicine, such as some dealers will offer Dr. Pierce's Golden Medical Discovery cures dis- for the sake of a little more profit, claiming that it is "just as good." There is nothing just as good as and nutrition. It increases the activity of the blood- Dr. Pierce's Golden Medical Discovery for the cure making glands, so that the body is supplied with an of diseases of the stomach and other organs of diges-
