Rev. P. F. Zickmann, who has been the pastor of the Zion Lutheran church on Millin avenue for the past forty-one years, has resigned his place on account of old age and failing health, and will spend the last years of his life in the peace and quiet of retirement. He will be succeeded by Rev. A. O. Gottenkamp, now pastor of the First German Lutheran church of Honesdale, who will take charge on Nov. 10. Rev. Mr. Zickmann, the retiring pastor, is one of the oldest clergymen in Northeastern Pennsylvania in point of active service in the Christian ministry. He was born in Germany in 1824 and was graduated from a theological seminary and regularly ordained as a Lutheran minister before he came to this country in 1857.

He settled first in San Antonio, Tex., where he organized a church. The climate did not agree with him and he moved to Frederickburg, Va., and took charge of the mission work in the surrounding towns. In 1869 he was offered the Pennsylvania mission field, and moved to this city. In a few months he had organized the Zion church, and in 1862 the congregation, which had been meeting in a hall, purchased the present church building on Millin avenue, which has since been twice enlarged and remodeled. While in charge of the Zion congregation, up to 1876, Rev. Mr. Zickmann had charge of missions in Taylor and Pottsville. He has endeavored himself to hundreds by his simple Christian faith and earnest zeal for the furtherance of

the Master's cause, and it is with great and exceeding regret that the members of his congregation have been obliged to permit him to dissolve his pastoral relations with them.

Rev. Mr. Gottenkamp, his successor, is a native of Germany, but has resided in this country for over twenty years. He has had charges in Ohio and in New York state in addition to his present church in Honesdale.

There are few commissioned officers in the National Guard of this state who have seen active service and know what it is to smell powder and dodge bullets. The Thirtieth regiment can boast of but one, and he has been but late acquired—Captain Thomas P. Murphy, the recently elected commander of Company C. Captain Murphy is just fresh from two years' active campaigning in the Philippine islands, where he served with great credit as first lieutenant in the Forty-seventh regiment, United States volunteers. He secured a commission as second lieutenant in the early part of the summer of 1899 and was sent with his regiment to the Philippines a few months later. He was promoted to the rank of first lieutenant shortly after his arrival and acted as garrison commander in several villages in the province of Zamboanga.

He took an active part in a number of expeditions directed against detached bands of rebels and displayed bravery of the highest type on several occasions. Anybody who knows anything about soldiering knows what two such years as a Captain Murphy put in will do for a man in the way of military training and knows that his election to the captaincy of Company C means a great deal not only for that company, but for the entire regiment. The captain was one of the most popular officers in the Thirtieth before he "went away to the wars," and that he will duplicate his former popularity in the new Thirtieth goes without saying.

Among the Scranton alumni who have gone to the Yale-Howard are Judge R. W. Atchaford, Colonel H. M. Van Hook, W. J. W. J. Hand, Major Everett Warren, Henry Belle, Jr., Judge W. H. Jessen and W. H. Jessen, Jr.

CONTRACTOR ARRESTED.

M. E. Donahoe is charged with the Larceny of Stone from Quarry Owned by M. J. Ruddy.

M. E. Donahoe, of the contracting firm of Donahoe & O'Boyle, was arrested yesterday on a warrant issued by Alderman Ruddy, at the instance of Contractor M. J. Ruddy, who charges him with the larceny of several loads of stone from his (Ruddy's) quarry near Council park.

Ruddy claims that he discovered the stone missing a few days ago, and that he followed a wide-tired wagon track in the road to a job which Donahoe was doing and there found some of the stone. He claims that Donahoe has a very wide-tired wagon which is probably the only one in the city which could make such a track. He has other evidence which he intends to offer at a hearing to be held tonight.

James Kane and John Convery, two laborers employed by Donahoe, were arrested as accessories and will be given a hearing tonight also.

ATTEMPTING TO SETTLE STRIKE

MEDIATION COMMITTEE ENTERED UPON ITS TASK.

Conference Yesterday with a Committee of the Strikers and Another Scheduled for This Afternoon.

General Manager Silliman Is to Be Seen at 3 O'clock—Secrecy Observed as to the Doings of the Conference.

Situation of the Strike at the Beginning of Its Fourth Week.

A. W. Dickson, Luther Keller, C. B. Scott, Joseph Levy and Dolph B. Atterton, the special committee appointed by the board of trade to make an effort to settle the strike, began its task yesterday morning.

Its members conferred during the morning as to the plan it would pursue and decided to first have conferences with the contending parties and then decide on a course of action.

With this end in view, a communication was sent to strike headquarters, asking that a committee of the strikers be sent to confer with them at 2 o'clock. President P. J. Shea, Executive Board Members Sidney Carter, A. Lavelle and National Organizer R. L. Reeves were assigned to attend the conference.

The two committees met at 2 o'clock in the board of trade rooms and were together, behind closed doors, until nearly 5 o'clock. It was agreed on both sides that nothing should be given out for publication.

It was stated, however, that the board of trade men accomplished nothing further than to learn in detail the position of the strikers, and to have the committee agree to submit to the union statement of the board of trade men for effecting a settlement.

The union will pass upon these suggestions at a meeting to be held at 10 o'clock this morning in Carpenters' hall, and at 2 o'clock the strikers' committee will report back to the board of trade committee.

INSTITUTE OF THE COUNTY TEACHERS

Opens in the Court House on Monday Next—The Corps of Instructors Secured.

The Institute of the teachers in the public schools of the county will be held in the court house during the week commencing Monday. In order to adapt the work to the needs of the teachers, the institute will be divided into two sections. In Section 1 will be all teachers in intermediate, grammar, and high school grades, and also teachers of district schools. This division will meet in the main court room. Section 2 will include all teachers in primary grades and will meet in court room No. 2. All members of the institute will assemble in the main room at the opening session to take part in the exercises in vocal music, and will then divide to take up their special work.

According to law all public schools in country districts must be closed during institute week; but as teachers can be paid only for the time actually spent in the institute, it is hoped that all will attend the institute. Teachers will convene in the main court room October 28, from 10 a. m. to 12. The enrollment fee will be the same as in previous years, \$1.25. Each holder of a teacher's ticket is entitled to free admission tickets to the evening lecture and a copy of the institute course book.

The corps of instructors for this institute, at least equal to the best ever presented to the teachers of Lackawanna county, is as follows: Hon. John Q. Stewart, of Harrisburg, representing the department of public instruction, will give general lectures on education; Dr. J. A. McEllan, president of Ontario Normal college, will give instruction in literature, mathematics and pedagogy; Dr. John C. Phillips, professor of psychology, and professor of psychology in school management and child study; Miss Margaret Sutherland, principal of the Columbus (Ohio) Normal school, will be the chief instructor in primary work; Prof. George E. Little, of Washington, D. C., the famous blackboard artist, will instruct the teachers in drawing, and our own genial and energetic Prof. John T. Watkins will again act as director of music.

The evening entertainments will be given in the auditorium of the Scranton High school, October 29 and October 31.

On Tuesday evening, October 29, a lecture will be given by William Smith, the author of "Evolution of Dood." On Thursday evening, October 31, a concert will be given by the Metropolitan Male quartette, assisted by Miss Milledred Pipo, a reader.

DONATIONS RECEIVED.

Liberal donations come in daily to strike headquarters from not only the labor unions of the city and vicinity, but also from sympathizing organizations at a distance. The expense of conducting the strikers' campaign has been, thus far, very light, and as a consequence they have a very substantial sum in their treasury. Every man brings them resolutions from labor organizations endorsing the strike and proffering aid, and all in all, the men feel happy over the prospects and very confident of ultimate success.

The Central Labor union committee met with the strikers' executive board again last night. A statement was to have been prepared for publication, but it was decided to defer it until such time as the board of trade committee has had a full opportunity of carrying out its mission.

The only disorder reported yesterday was an assault made on a car near the Carbon street crossing. The car contained twenty-five importers who were being conveyed from the Providence road barn to their sleeping quarters. A stone was thrown through one of the car windows by some one in a crowd congregated near the crossing. The importers with drawn revolvers scrambled out of the car and one of them fired a shot. The crowd melted away and the car with its load proceeded on its journey without further molestation.

It is claimed at strike headquarters that the importers are quitting in large numbers and that twenty of them left town yesterday.

The Fads and Follies company will give a benefit performance for the strikers Friday afternoon.

DONATION DAY AT THE HOME FOR FRIENDLESS

Needs of That Worthy Institution Are Greater Than Ever Before in Its History.

Tomorrow will be donation day at the Home for the Friendless. Never in the history of the Home have so many things been needed as now. The family is larger, expenses of living have increased twenty-five per cent in the last five years, and the distance of the new building from the central business district is the greatest. Every year adds to the burden of feebleness and ill-health which the frail old inmates must carry. Many of these aged ones are close to the end of the journey and for them this last donation day is a sad and very-mourning, is the last glimpse of brightness and pleasure before falls the chill of a winter which can never melt into spring. They look forward with the liveliest interest to the occasion when kind friends over all the city remember the Home. It is the red-letter day of the year.

The little children, who watch with curious gaze the scenes attendant upon donation day, are not the same little people who rejoiced last year at the big barrels of apples and crackers and vegetables which they liked. The faces of the junior part of the family are chiefly new, for those of last year have gone out to other homes, whose light perhaps they are today. They do not come to this shelter to stay until carried out to the little plot over beyond the trees in Forest Hill, as do the old ladies. They constitute an ever-changing family, but one which has a marvellous resemblance to the one of the previous year in their capacity for eating and their facility for wearing hats in boots and clothing.

Thus it is that the Home needs provisions, clothing, groceries of all kind and, in fact, almost anything which can be used in an ordinary family. It should be remembered that the annual excursion, which usually nets several hundred dollars, was omitted this year and that the public has not been called upon as much as usual for this institution. It is also announced that the entertainment planned for tomorrow night at the Home, has been postponed because of the street car strike.

STILL ANOTHER BANK BUILDING

LARGE, HANDSOME STRUCTURE TO BE ERRECTED.

It Will Be a Home for the Title Guaranty and Trust Company and a Strong Box to Be Used Jointly by This Company and the County Savings Bank—Will Occupy the Watres' Lots, Between the County Bank Building and Dix Court.

Other Bank Buildings.

Not to be outdone by its fellows in contributing to Scranton's expansion and in attesting a lively faith in the future of the Electric City, the Title Guaranty and Trust company, our newest financial institution, has set about to secure for itself a handsome, new home.

A number of the men interested in the Title Guaranty company are also interested in the County Savings bank, whose beautiful new building is such an adornment to court house square.

The County Savings bank is at 508 Spruce street. The Title Guaranty company's quarters are at 516 Spruce street, corner of Dix court. At 510 and 512 Spruce street is a four-story stone store, office and dwelling building and 514 Spruce is the westerly half of the four-story brick in which the Title Guaranty company is located.

The two latter buildings are to be torn down to make room for the new bank structure. On the corner of Spruce street and Dix court will be erected a building similar to that of the County Savings bank, for the offices and counting room of the Title Guaranty company.

BUILDING FOR VAULTS.

In between, occupying the space now taken by the stone buildings at 510, 512 and 514 Spruce, will be erected a building for the accommodation of vaults to be used jointly by the two institutions. It will conform, architecturally, to the buildings on its either side and will be one of the most imposing structures in the city. The whole will make a grand and massive bank building.

The plans are now being prepared by Holden in New York. A feature of the vault building will be its front of stone and steel. The door, which is to be oval in shape, will be composed of one immense piece of Harveyized armor-plate steel, seven feet and seven inches high.

Construction is to begin at once. The Title Guaranty and Trust company is already preparing to move its present offices to the new building. The company will have temporary quarters in the storeroom formerly occupied by Nettleton's shoe store in the Washington avenue front of the Commonwealth building. It expects to be in these quarters next week. Carpenters are now at work fitting it up.

OFFICERS OF COMPANY.

The Title Guaranty and Trust company is composed of the following members: President, L. A. Watres; vice-presidents, A. H. McClintock, Henry A. Knapp; treasurer, Herman Osthaus; vice-president and treasurer, F. O. S. Phillips; directors, Thomas Ford, E. L. Johnson, John Wells, Hollenbach, Henry A. Knapp, Joseph O'Brien, A. H. McClintock, George B. Smith, Everett Warren, Thomas H. Watkins, Abram Nesbitt, L. A. Watres, August Robinson, W. F. Hallstead; executive committee, W. F. Hallstead, O. S. Johnson, Abram Nesbitt, Thomas H. Watkins; Ralph S. Hull, trust officer.

The First National bank, it will be remembered, is also about to build a new home for itself. Thirty sets of competitive plans are now being inspected by its directors. The Merchants' and Mechanics' new building on Spruce street, between Forest and Beech courts, is rapidly nearing completion, and the Dime Deposit and Discount bank has plans for enlarging its already spacious and pretty building at the corner of Spruce street and Wyoming avenue.

Ground was broken yesterday by Merchant S. Roos for a five-story store and apartment building facing Prescott avenue, on the northeast corner of the intersection of the street. The ground floor will be occupied by Mr. Roos with a grocery store and butcher shop, and it is in prospect that a drug store will also be located there. The upper floors will be made into flats.

The faces of the junior part of the family are chiefly new, for those of last year have gone out to other homes, whose light perhaps they are today. They do not come to this shelter to stay until carried out to the little plot over beyond the trees in Forest Hill, as do the old ladies. They constitute an ever-changing family, but one which has a marvellous resemblance to the one of the previous year in their capacity for eating and their facility for wearing hats in boots and clothing.

Thus it is that the Home needs provisions, clothing, groceries of all kind and, in fact, almost anything which can be used in an ordinary family. It should be remembered that the annual excursion, which usually nets several hundred dollars, was omitted this year and that the public has not been called upon as much as usual for this institution. It is also announced that the entertainment planned for tomorrow night at the Home, has been postponed because of the street car strike.

undoubtedly be the hardest of the season for the local men. Captain "Pop" said yesterday that the boys will win if they can but hold in the line and get through the heavier line of the Normal. This they are determined to do, and the practice yesterday showed every one to be in readiness to do his best. End plays will probably be used effectively, and it will be a great surprise to all if the home team do not succeed in scoring. The Bloomsburg men are all heavy and trained athletes, so that nothing can be expected from them but the very best.

They run up scores of fifty with apparent ease, so there is much work for the defenders of the gold and blue if they defeat this Heraclean aggregation. The new foot ball score card, issued by the High school management, will be distributed among the spectators today. This is a novel and attractive feature and will undoubtedly meet with great popularity before the end of the season. The game will be called at 3:30 o'clock.

Greatly Reduced Excursion Rates to Buffalo.

On October 11, 18, 25 and 30 ticket agents of the Lackawanna Railroad will sell two-day coach excursion tickets to Buffalo coach going on any regular train date of sale and for return on any regular train the following day. The round trip rate from Scranton will be \$4.00, which is the lowest fare ever made to Buffalo, affording a splendid opportunity to visit the Pan-American Exposition at a nominal cost.

Income

The Income which an estate will bring is always an important factor. Opportunities for safe and profitable investments are becoming more and more scarce, and the individual executor, guardian or trustee often has to leave money belonging to the estate idle because he cannot find a proper safe investment. In appointing a trust company as trustee or guardian
