BOARD OF TRADE COMMITTEE MAKES REPORT.

After Two Days of Effort at Bringing the Parties in the Street Car Strike Together, It Declares It Is Convinced They Are Irreconcilable at This Time-Serious Outbreak on Stone Avenue, in Which James Murray Gets a Clubbing That Sends Him to the Hospital.

Once again, mediation, that ought to be potent, has failed to effect anything toward settling the street car strike

After two days of effort the mediation ommittee of the board of trade last night gave out the following statement

TO THE PUBLIC.

The committee appointed by the board of trade st its meeting of Monday last, for the purpose of bringing together in harmony the Traction com-pany and its employes, have realized most surrely the obligations resting upon them and the sportance of the Issues involved. We have given urs of patient and faithful attention to the de ics resting upon us, and we regret to report that ur labors have been, so far as we can now see in vain. The committee repersenting the Amalgamated Association of Street Ruilway employee gave us, after long conference, their absolute ulimatum, and we found the representatives of the outpany, Mr. Sillinan and Mr. Timothy Burse countly rigid, so that it looks to the committee if the case were irreconcilable at this time.

A. W. Dickson, Lather Keller, Joseph Levy, C

B. Scott, D. B. Atherion, committee.
The board of trade men had a conference with a committee of the strikers, Tuesday afternoon, at which the latter were asked to make a statement of what they would do toward conciliation. Yesterday afternoon at 2 o'clock the strikers' representatives, after having consulted with the union, reported to the committee of the board of trade that they were willing to return to work if the company would take them back in a body at a flat rate of twenty cents an hour, no man to work more than ten or less than eight hours in

THE COMPANY'S REPLY.

When the board of trade committee et 3 o'clock waited on General Manager Silliman and Director Timothy Burke, it was informed that the company, even though disposed to take all the strikers back in a body, could no do so, for the reason it can not guarantee it will have places for all of hem, written contracts having been made with or verbal assurances given to the present employes that they would be furnished permanent employ ment. It was added by the company's representatives that in no event would the demand for a flat rate of twenty cents an hour be granted, and, furthermore, no contract could be made with

Regarding the editorial in yesterday's Tribune, General Manager Silliman

"It is impossible to settle on any other terms than those heretofore stated. The company is in a position where it could not, even if so disposed. give a guarantee to its former employes that the present employes would release the company from its contracts with them, and make places for all the

ANOTHER OUTBREAK. Another serious outbreak occurred early yesterday afternoon on the South Side. A huckster's wagon stopped on Stone avenue, near River street, so that it blocked the track. A car with two imported men in charge was blocked and the huckster, encouraged by some bystanders, refused to move. The result was that the stalled car drew a big crowd, and before many minutes had passed the crowd was

stoning the car. James Murray and Patrick Finnigan, two middle-aged married men, living in that vicinity, were among the foremost in the crowd. One story has i that the motorman jumped off his car and struck Murray with his controller handle, without any particular provoation from Murray. Another story is to the effect that Murray threw a stone at the motorman and was in the act of throwing another when the motorman threw the handle at him.

At all events the motorman was struck by a stone and Murray by a controller handle, and a general mix up

resulted. Patrolman Tom Jones, who so he laims, saw Murray throwing a stone, hurried up to him and placed him unler arrest. Finnegan jumped on the patrolman and Special Agent Morgar Sweeney, who happened along just then, tackled Finnegan. The crowd inerfered, but the officers got away with the two men and started with them for the Alder street station house Agent Sweeney reached there with Finnigan safely, but the crowd overtock and closed in on Patrolman Jones and endeavored to rescue Murray. Murray, who is a big man, struggled to overpower the officer, but he was subdued by blows from the police man's club. The crowd dragged and tugged at the officer, rained blows and kicks upon him, took from him his club and revolver and tore his clothing into breds, but he fought like a tiger every

ninute and clinging like grim death to he alppers which held Murray about he wrist, succeeded in keeping his prisoner until Lieutenant Zang and a quad came to his succor. The crowd hen melted away, and Murray was taken into a nearby store where Dr

John O'Malley treated him. TAKEN TO THE HOSPITAL

He was bleeding profusely from calp wounds and it was feared he had sustained a severe concussion or possibly a fracture and on the advice of Dr John O'Malley the ambulance was called. Murray was doctored up by th hospital physicians and late in the afternoon was transferred to the central station house. His injuries proved to be superficial. Warrants will be issued today for others of the crowd. An import, giving the name of A. J. Commodore, was arrested by Office: Kays at Donmore corners yesterday on the charge of pointing a revolver at crowd that was jeering him, and also of threatening to blow out the brains of one of the crowd. John Jenkins. 'Squire Ferguson sent him to jail in default of \$1,000 ball. The company had made no effort to ball him out up

to midnight. The Pine Brook breaker boys tele phoned to the papers last night that they were about to start on a trolley party to the South Side. They explained that the party "would be san-

veyed in a union bus." National President W. D. Mahon of the street car men's union is expected here from Detroit Sunday to assist in the conduct of the strike

### **OUTLOOK GROWING** BRIGHTER EVERY DAY

Encouraging Reports Made at Meeting of the Republican County Committee.

There was a meeting of the Republican executive committee for the county in the rooms of the Central Republican club yesterday afternoon, at which reports were received from the executive committeemen of the county. They showed that the party all over the county is more united than it has been for years and, while the fight is very warm, the indications are that the Republican county ticket will be elected by good-sized pluralities.

Short addresses were made by Hon. A. A. Vosburg, Hon. F. W. Fleitz, Hon. James Moir, City Solicitor G. M. Watson, A. B. Stevens, Major W. S. Millar, W. S. Diehl, County Chairman H. L. Taylor and John H. Thomas, chair-

nan of the executive committee. The latter said that the outlook is much brighter today than it was a week ago and that the Republican candidates are gathering strength daily, Hard, earnest work is all that is necessary to make the election of the enfire county ticket certain, and he appealed to the members of the execuive committee and through them to he members of the county committee and the Republicans of the county generally to give their best efforts to the work of electing the ticket, from now until the close of election day.

### WANTS PATROL BOXES.

Director Wormser Would Also Like to See Some "Street Cells" Installed in the Suburbs.

Director of Public Safety Wormser for the purchase and installation of a number of new police patrol boxes. The director believes that the patrolmen in the outlying districts of the city should e able to communicate with police headquarters at any time, and feels they will reside on Prescott avenue, that the installation of at least a dozen

new boxes, with telephone attachment to be an absolute necessity. The director would also like to see several of the police "street cells," used in certain parts of Philadelphia and other cities, put in use here, but he will not specifically ask for a sufficient appropriation to install any of these, leaving this to the discretion of certain

sted in the idea. The "street cell" is a steel box, which s erected on the street, and which is just large enough to hold a man standing up. They are generally erected on posts which are a great distance from the police station. If a patrolman arrests a "drunk," or any other prisoner, he walks him over to the "street cell," opens the door and locks him in, call-

He then goes back on his beat and 'headquarters" does the rest, a patrol wagon being sent out immediately upon receipt of the call. The policeman who goes on the wagon has a key to the 'street cell" and he bundles the prisoner in and takes him to the station. Such an arrangement would be of great service in certain isolated parts of this city, which are left without police protection for a considerable length time in case the patrolman on dury
