

NORTHEASTERN PENNSYLVANIA

INSTITUTE ADJOURNS

THE SESSIONS AT MONTROSE CLOSED YESTERDAY.

An Unqualified Success from Start to Finish—The Division of Local Institutes About the Country—An Interesting Programme of Exercises.

Special to the Scranton Tribune. Montrose, Oct. 25.—This morning at 11 o'clock the last session of the thirty-fourth annual institute of the school teachers of this county came to a close.

From start to finish it had been an unqualified success. It had crowded with new friends the worthy brow of County Superintendent Charles E. Moxley, who for nearly six years has labored early and late, twelve months in each year, for the success, the advancement and the elevation of our public schools.

It has been a week of intellectual fasting and mental enjoyment for all who attended the institute, whether in the capacity of instructor, entertainer, teacher, or visitor, and it was not without some measure of regret that the good-byes were said and all separated until another year.

"Sparks from the Anvil" was the subject of a lecture delivered by Honor T. Wilson, of Lexington, Ky., at the armory last evening. "Boys" was his theme and a most eloquent defense and plea did he make for them.

The closing session was opened by a service of song conducted by Prof. James.

Professor Thorpe presided in the temporary absence of County Superintendent Moxley.

Chairman Manning of the committee on resolutions, submitted the following report which was unanimously adopted.

The chairman of the committee on local institutes reported as follows: The committee on local institutes met and divided the county into the following districts and named the following persons to look after the institute in their district with power to appoint any needed helpers.

Bridgewater and Montrose, Prof. B. James.

Russ, Jessup, Forest Lake and Middletown, Bert Cronk.

Apollonia's Little Meadows, Friendsville, Chocoma, Silver Lake and Liberty, Prof. A. C. Lowe.

Signed by Committee.

The report was adopted.

The Winship spoke interestingly of "Wheat," describing among other things the great fight between Letter and Armour.

Mrs. Edith Shaw Jones, of Montrose, read an original paper entitled, "The Might Have Been," descriptive of a trip to the national capital which the teachers did not take. The poem was greatly appreciated.

Miss Cruise gave a fine selection and responded to an encore.

Special to the Scranton Tribune. Homedale, Oct. 25.—The people residing in the vicinity of Third street,

The unfortunate man has long been a resident of Homedale, industrious, kind, peacable and affectionate to his family. Last winter work at his trade, bricklayer and plasterer being dull in Homedale, he went with his family to Green Ridge, Scranton, where he worked at his trade until his brain trouble commenced, which is said to have been caused by working in the hot sun. Three weeks ago he returned with his family to Homedale. His condition grew worse and he made frequent attempts on members of his family, but was closely watched. Yesterday an opportunity came and he improved it with the above result.

"The Way of the World."

The new Clyde Fish play, "The Way of the World," will be presented at the Lyceum this afternoon, starting by Edie DeWolfe and her splendid company.

Rose Coghlan.

Rose Coghlan in her new production of "The Way of the World" will be the attraction here next Tuesday night at the Lyceum. "The Way of the World" is really a superb production, everything which money could command having been done to make this attraction a success.

"Quo Vadis."

"Quo Vadis" is coming to the Lyceum Wednesday, matinee and night, next—a special attraction. Considerable discretion has been shown by the dramatization in avoiding excessive displays, which the most intelligent audience would find the play clean of suggestion, save, perhaps, where the passion of Vitellius flares for an instant from the fever of war.

The Law

Of health has no uniformed guardians its peace. If it had there would be arrests unnumbered in every restaurant every day of the year. Both in the quantity and quality of the food they eat and in the manner of its consumption men and women sin each day against the laws of health. Those who will not heed Nature's warnings cannot escape her punishments, and dyspepsia or stomach "trouble" is the inevitable penalty of careless eating.

There is no other medicine for diseases of the stomach and allied organs of digestion than the nutritious mixture which can compare with Dr. Pierce's Golden Medical Discovery. It cures these diseases perfectly and permanently, and enables the building up of the whole body into vigorous health.

I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carney, Esq. of Taylorstown, Loudoun Co., Va. "It did me no good, but I didn't take any more. I can eat most anything now. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I wrote to you. There was a gentleman told me about your medicine, and I thought I would try a bottle of it. I am glad I did. For I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."
