# INDUSTRIAL

NEW KIND OF TIE TO BE USED croscopes and geological specimens BY PENNSYLVANIA.

They Are Obtained from British Guiana and Cost Nearly Twice as Much as Ordinary Railroad Ties. The Firemen of the State to Have a Convention at Pittston-The D., L. & W. Board for Today-Number of Cars Handled at Packerton During October.

The Pennusylvania railroad is soon to The Penninsylvania railroad is soon to highly, it belonging to the deceased begin an experiment with a new kind husband of Mrs. Machette. of wood for ties. Orders have been placed, and several consignments of the material are now on the way from South America. As soon as the vessels arrive preparations will be made for placing the ties at points along the main line. The ties are of Mora wood, and come from British Guiana. It is claimed for them that they will last fifty years, the timber being exceedingly hard and possessing the quality of durability. The present ties last from Afternoon and algor

three to ten years. The purchasing price alone for each tie of the Mora wood is \$1, and the delivery price about \$1.50. The cost of the white oak ties, which the road has been using is about 75 cents each. It is sized audience at the Academy of Music. Secretal tural appetite, expected that the work of laying these elever specialties were introduced between the "I was troud." ties will begin about the first of January. There have been many expertments made during the last twenty-five years to procure some material for ties that will stand the severe test from heavy and fast traffic, but thus far no successful results have been obtained.

About \$60,000,000 is now spent annualy by the railroads of the country for renewing worn out ties, it being estimated that 112,000,000 new fles are needed each year. The total number of ties now in use on the railroads of the country is calculated at 780,000,000.

### Convention of Firemen.

An important convention of the International Brotherhood of Stationary Firemen will be held in Pittston Dec 21, when several matters will come up that will be of general interest to the great hosts of labor located in this particular part of the state. The convention will be a state gathering, and it is expected that there will be about 100 delegates in attendance when the sessions open.

Perhaps the most important question to come before the organization is, whether or not the members of the organization shall join the United Mine Workers and pool their issues with that organization or not.

## This and That.

During the month of October the Lehigh Valley railroad handled in receiving and forwarding cars at the Packerton yards just 172,528. Estimating the average length of each car to be thirty feet in the clear and adding two feet for coupling, etc., the cars, if strung in one train, would stretch from New York city to Buffalo and return. Estimating that there were sixty cars to the train, there were 2,875 trains and engines, or ninety-five trains a day.

The board of directors of the Pennsylvania Railroad company have authorized the construction of 4,000 additional freight cars. A total of 19,000 cars are to be delivered to the company during the next year. Owing to the great deanand for freight cars the Pennsylvania Railroad company will enlarge the car building plant of the Cambria Steel company, which it controls. By Jan. 1 the car plant at Johnstown will be able to turn out twenty cars a day.

## FOUND DEAD IN BED.

Richard Sharpless, of Dickson City, Expired Suddently.

Hichard Sharpless, a man 66 years of age, was found dead in bed, at his home in Dickson City, yesterday morning. Mr. Sharpless was employed in the mine and worked Wednesday. He did not complain of illness when he retired that night and it was a great shock to the members of his family when he was found dead yesterday morning. Death is believed to have been caused by heart

Mr. Snarpless was for years a rest-dent of Dickson City, and had the respect and regard of all who knew him. He is survived by a wife and the following children: Mrs. Morris V. Morris, Mrs. Stephen Middleton, Mrs. John Grier, Miss Nellie Sharpless and Richard. Thomas, James and William Sharpess. Arrangements for the funeral have not been completed.

## NEWSPAPERMAN WEDS.

Robert W. Morris, of New York city, formerly of the Pittston Item, was on Puesday married to Miss Edith Work helser, of Luzerne avenue, West Pitts ton. The marriage was performed a Rutherford, N. J., by Rev. S. Ross Mac Clements, formerly of the Presbyterian

church of Pittston. Mr. and Mrs. Morris will hereafter make their home in the metropolis, where the former has a responsible position with the New York Associated Press. Mr. Morris is well known in newspaper circles in this city.
