Effects of the Strike. Local merchants are complaining of the dullness of things since the street car strike was inaugurated, and it is feared some of them will be compelled to shut up shop if existing conditions prevail much longer.

The strike has the effect of keeping people at home, hence the business men suffer, and it might be added other things are affected as well. The past month has been exceptionally dull in West Scranton, and with the general stores closing at 4:30 o'clock, and the drug stores closing at 10 o'clock, comparatively few people can be seen on the streets after 9 o'clock in the evening.

The police and aid-men attribute their lack of "business" to the strike, and it is a noticeable fact that since the arrests on Lafayette street there has been but little doing in that respect.

Car Runs to Lincoln Heights. The first street car to run as far as Lincoln Heights since the strike was inaugurated, was the car which left the North Scranton depot at 10:30 o'clock on Thursday night and arrived at Lincoln Heights at 11:30 o'clock. The car was on that occasion. The company had a number of special officers stationed at different points along the line, over which the car passed, to suppress any violence that might arise, and six or more special men were on the car to insure the safety of those who risked it to ride. Quite a number of well known people were on the car, and it is said that several of them have already been threatened with a boycott. A local street car man is authority for the statement that about half of the men have already secured employment. It looks as if the public were more on strike than the motormen and conductors.

At the Salvation Army. A fair-sized crowd greeted Major J. Atkinson and Staff Captain Willis at the Salvation army hall last evening, when these two dignitaries held special services last evening. Besides Lentz has arranged for additional special meetings to be held this evening and tomorrow evening.

Jackson Street Baptist Church Notes. This week Thursday night will be the Old Folks' concert. The choir have been rehearsing, and there is no doubt that the concert will be a success.

There will be no regular prayer meeting this week, as we will meet with the Baptist Young People's union on Tuesday night.

The illustrated talk by the pastor will be very interesting. All young men should hear him next Sunday night. The views are from real life. Miss Annie Thomas will move your hearts to hear her recite the poem, "The Misery of a Life."

Sunday, the 24th, will be a great day for us. We will celebrate the five years of completed work in the present pastorate with thirty years of church history. Elaborate programmes are being prepared for the occasion. Dr. H. J. Whalen, of Carbondale, will preach at the morning service, and the pastor will administer the rite of baptism at the close of the sermon.

Baptist Young People's union and Sunday school, addresses by Dr. Pierce, who will illustrate the Sunday school lesson, and Dr. Spencer, of Blakely, Evening service at 7 o'clock. There will be a praise service, led by E. L. Davis, assisted by the orchestra. Brother Richard Nichols, the church clerk, will give a short history of our church, followed by an address by Dr. David Spencer.

The Ladies Aid are meeting in good numbers. The work is encouraging. On the 24th we need to raise a few dollars. May it not be a self-denial week for us all that we close this year without any debt.

Events of This Evening. A special meeting of the Light Lunch Clubbing club has been called for this evening.

The first snow fall of the year was hailed with joy by the youngsters of this side and snowballing was the favorite pastime as long as snow could be scraped together. The indulgence of the youngsters, however, resulted in an accident that is much to be regretted.

Miss Laura Kirst, aged 15 years, a pupil at No. 10 school, was chosen as a target by the snowballers, while leaving school yesterday, and was followed for some distance. In trying to avoid her tormentors, Miss Kirst stumbled and fell, sustaining a severe injury to the leg. It was seen that the young lady was unable to rise and friends at once went to her assistance.

The injured lady was taken to the home of her parents at Elm street and Cedar avenue, and medical aid was summoned. Dr. Webb responded, and on making an examination found the young lady had sustained a badly sprained ankle, which caused excruciating pain. At last reports Miss Kirst was resting as well as could be expected.

Had a Narrow Escape. John Cooney, a resident of Minooka, while following his employment at the mines, had a narrow escape from losing a hand yesterday.
