DOAN'S KIDNEY PILLS

A modern remedy for every kidney ill—for kidneys only—goes right to the spot. Not an experiment but a proven cure endorsed by the people you know.

Price Street.
 Mrs. Sarah Farrell, of 139 Price street, painter by trade, says: "I honestly believe it had not been for Doan's Kidney Pills I would now be in my grave. Six years ago my kidneys commenced to trouble me. At first I did not pay much attention to it, but it kept getting worse and other symptoms appeared. I tried many medicines but without obtaining permanent relief. I was so bad that blood passed from me; my back ached so I could not get up or down; I was short of breath and finally I had to take to my bed. I was growing weaker and my suffering became more intense, and the doctor said he was doing all he could for me. I often wished and prayed for death, for I had given up hope of getting relief. My mother had Doan's Kidney Pills brought to her notice, got a box from Matthews Bros. drug store. I took them and the first box did me so much good I got more. After the fourth box I thanked God that I had found a remedy which had given me a new lease of life."

Lafayette Street.
 Mr. A. W. Klotz, of 151 Lafayette street, painter by trade, says: "Five years ago I took a severe cold which settled in my bladder. Ever after my kidneys troubled me a great deal. I used many different remedies and took medicine from a doctor who pronounced my trouble catarrh of the bladder, but I got little if any relief. My condition was continually growing worse and there was a constant dull pain across my back when sitting down or on getting up and turning about the pain became very sharp. I had to work often for hours in a stooping position, and if I straightened up my back felt as though it would snap in two. The kidney secretions were irregular, of a high color and a disagreeable odor, and accompanied by too frequent action. I was finally laid up unable to do any work. At this time a friend recommended Doan's Kidney Pills to me. I had not much faith in them, but I went to Matthews Bros. drug store and got a box. I received so much benefit from this that I continued the treatment until well."

N. Everett Avenue.
 Mr. Albert Roskilly, of 311 North Everett avenue, Hyde Park, engineer at the Capone mines, says: "I had for years a dull pain across my back. My back felt lame and sore, so much so that when I bent over it was all I could do to straighten up again. Whenever I took a cold it affected my back. At night it bothered me a great deal with sharp twinges which kept me awake for hours. I often got up in the morning feeling tired and devoid of all energy and ambition. There was also a kidney weakness which at times was annoying and painful. I had my attention called to Doan's Kidney Pills through our papers from time to time by reading the testimony from people. I went down to Matthews Bros. drug store and got a box. They benefited me in every way. I have felt slight twinges of the pain since, but a resort to Doan's Kidney Pills never failed to relieve it."

Washburn Street.
 Mrs. Margaret Moses, of 102 Washburn street, Hyde Park, says: "For a number of years off and on I had attacks of dull pain and weakness in the small of my back, stooping or the least exertion increased it and at times I was so bad that I was unable to work and had to leave the services of a doctor. There was a kidney weakness which was annoying and distressing, particularly at night. I saw Doan's Kidney Pills advertised and they were recommended to me by Mrs. Jenkins, of 143 South Filmore avenue. I procured a box and took them with so much benefit that I got more. I can honestly recommend Doan's Kidney Pills to any person suffering from kidney trouble."
NORTH MAIN AVENUE.
 Mr. A. L. Barnes, of 413 North Main avenue, engineer at the Scranton Electric Lighting station says: "I injured my back by a fall and it affected my kidneys. There were severe pains in the joints accompanied with irregularity of the secretions. They were highly colored and contained sediment. I got Doan's Kidney Pills at Matthews Bros. drug store and they entirely relieved the pain and regulated the secretions. I believe Doan's Kidney Pills are fully up to representation and I will refer to any one questioning this statement and enclosing stamps, corroborating it in every detail."

Get what you ask for. Get DOAN'S. Don't accept something "just as good." Most druggists sell Doan's Kidney Pills and will give you what you call for. Some may endeavor to substitute an article they make more profit on. Insist on having the genuine. Price 50 cents. Manufactured by Foster-Pilburn Co. Buffalo, N. Y.

YEAR'S WORK OF A SPLENDID CHARITY

Annual Report of Emergency Hospital Shows That There Were Nearly 400 Patients Cared for During the Year—A Greater Interest Than Ever Shown in the Work—Thanks of the Board of Directors.

The splendid work which was accomplished the past year by the public charity with which the community is blessed—Emergency Hospital—is shown in the annual report of the institution, which is just from the hands of the auditors, E. P. Burke, D. W. Humphrey and S. B. Mills, and which is now made public for the first time. The report is one which the directors will be pleased to have the public read and analyze, for it comprehends a good deal more than is indicated in the long list of figures. No person can conceive

accomplishes, except those who are actively identified with the work of the institution. The report, however, gives some idea of what a factor and blessing this charity is, and it is hoped by the directors that the reading of it will increase the interest that was more manifest the past year than ever. Accompanying the report is a statement of the board, for the board, which is of interest.

Among the interesting items of the report is that one which shows that there were 317 patients treated at the hospital during the fiscal year ending Oct. 31 last. Of this number 228 were cured, 26 were improved, and only 1 were not benefited. It is hoped that the statements and report follows:

The Board's Statement.

Carbondale, Pa., Nov. 16, 1901.
 At the close of this fiscal year, the board of directors of the Carbondale Hospital association, on the occasion of its annual meeting, held on the 15th inst., has been very pleased to find that the work of this organization has been so successful that the hospital is now in a position to take up the work of the year with a large amount of work and interest. The statements and report follows:

Contributions in money, furnishings, provisions, vegetables, fuel and other goods, aggregating a considerable sum, are the practical result of the women's work. The board further takes this opportunity to thank the various clubs and societies of the city for their generous contributions to the maintenance of the hospital, while the women's board of associate managers have done a large amount of work and interest in the charitable work of this board.

PROMISES CHEAPER ICE.

Three Local Dealers' Business Merged Into One Company, the Stock of Which Will Be Controlled by Consumers.

The Tribune told, some weeks ago, of the forming of an ice trust that was seeking a place in Carbondale. It also hinted at another scheme to consolidate the ice business of Carbondale, without assuming the form of a monopoly. This was made known yesterday when shares of stock in what will be known as the Carbondale Ice Company were offered for sale.

The stock was offered only to consumers. The scheme comprehends the consolidation of the business of the three local dealers, John Booth, W. J. McDonough and Erwin Vail. The company will be known as the Carbondale Ice Company. It will not be a trust; on the contrary, its tendencies and purpose are in a directly opposite direction. The hoped-for consummation is the cutting down of expenses and the control of the stock by consumers, so that prices may be kept at a minimum. To safeguard against any attempt towards a monopoly, no more of the stock than \$1000 will be sold to any individual. Not even the dealers themselves will receive more than this

of the immense good that the hospital has done.

LADIES' EUCRE AND DANCE.

Important Social Event at Burke's Hall on Tuesday Night.

The eucra and dance under the auspices of the Ladies' Catholic Benevolent Association will be an important social event. It will take place in Burke's hall on Tuesday evening next, and promises a delightful evening for the throng that will be attracted to the affair. The success of last season's function of the same character gives

rise to the expectation of a big attendance. The prizes that will be offered to the most successful players will greatly stimulate interest. Among these will be a dinner set, an umbrella and several lesser, but acceptable, trophies.

The enterprise will be under the auspices of St. Rose church building fund.

FIRE AT PARK PLACE.

The Old Postoffice Building Damaged by Flames.

The old postoffice, a one-story building, on Park Place, was badly damaged by fire at 11 o'clock last evening. The building was occupied by J. J. Corrigan, a candy merchant, and Edward Mulholland, as a dye shop. The fire started in Corrigan's apartment, and was probably caused by an overheated stove.

Corrigan's stock was ruined by water and his loss will be about \$100. The building was not damaged beyond repair.

M'DERMOTT'S DEATH WAS ACCIDENTAL.

This Was the Non-Committal Verdict in the Coroner's Inquest in the Case of the Lad Who Was Crushed in the Coalbrook Breaker.

"We, the jury, find that Edward McDermott received fatal injuries while at his work in the Coalbrook breaker, on November 6, as the result of an accident."

Such was the non-committal verdict brought in last evening at Alderman Morrison's office of the death of Edward McDermott, aged 17 years, who fell in the rollers at Coalbrook breaker, as detailed in The Tribune, receiving fatal injuries. He died in Emergency hospital a few hours after the accident.

The father of the boy is preparing to bring suit against the Delaware and Hudson company for damages, and for this reason last night's inquest drew a large crowd.

Negligence on the part of the company was charged, by not having rollers protected on the day of the accident, and it was to determine this that Mine Inspector Roderick caused the mine's interest to be held. Mr. Roderick heard about the breaker that all of the covering had not been nailed, and he warmly reminded a witness of this alleged fact. He sharply rebuked every witness in order to establish whether or not there had been negligence.

The jury seemed to think that the boy met his death as "the result of an accident," and so returned their verdict.

AMUSEMENTS.

The people of Carbondale need no persuasion about the excellence of Lyman Hove's moving pictures and this fact appears only to remain all of Mr. Hove's admirers that tonight in the Grand Opera House the place, and 25, 35 and 50 seats the prices. While the demand for seats has not the highest indication of the management, there are yet a not very desirable seats in the house.

JERMYN AND MAYFIELD.

Edward Snyder, the Assembly hall janitor, met with a peculiar accident yesterday, while engaged at his duties in the hall. He had occasion to move the upright piano and in doing so he in some manner overturned the piano, which fell upon his legs, pinning him to the floor. He was unable to extricate himself, and as there was no one in the hall he was in quite a predicament for some time, until his cries for help were heard by Mr. Mason, whose place of business is underneath the hall, and he was managed with considerable effort to release the janitor from his uncomfortable position. Snyder complained considerably of pains in his legs, but his escape from serious injury was a lucky one, as the piano, an upright one, is of considerable weight. The case of Gallagher vs. Borough of Jermyrn was before court yesterday. After the plaintiff's side had been heard, Attorney Torrey, on behalf of the defendants, asked for a non-suit, on the ground of contributory negligence on the part of the plaintiff. Judge Carpenter will render his decision on the point this morning.

The condition of Fred Wright, who is at the Hahnemann hospital, suffering with pneumonia, was so serious yesterday that some of his Jermyrn friends were not allowed to see him. Patrick and Martin Barrett, who have been working in Ehrenfield, Cambria county, for the past year, have returned home.

S. W. Decker, of Glyburn, was a caller in town last evening. Miss Stella Pedford was a Carbondale visitor yesterday.

The North End Gleu club, of Scranton, has been secured to give a concert here, under the auspices of the Methodist Episcopal church, next month. The club has been heard here previously and their singing was much enjoyed. They will, no doubt, be greeted by a large house on the occasion of their coming visit.

Dr. I. S. Graves and M. J. Shields, of Jermyrn, and Hyron H. Jackson, of Carbondale Medical society, at Carbondale, last evening.

The Artesian Ice company will hold a grand ball in Assembly hall on Friday evening, December 14, when the dancing for the \$10 gold piece will take place.
