Railway Company Now Making Changes on Mulberry Street.

General Manager Silliman, of the Scranton Street Railway company. has finally decided to submit to certain conditions imposed by Director of Public Works John E. Roche and the work of changing the switches at Mulberry street and Madison avenue, has

been again resumed. The switch running from Mulberry street south of Madison avenue, to the westerly track on the latter thoroughfare, has been completed and Laurel Hill and Drinker cars are now run out Washington avenue as far as Linden street, up Linden to Jefferson, out Jefferson to Mulberry, and thence up Mulberry to Madison avenue. They are run down Madison avenue to the rating of the second and third subjects. central part of the city, as heretofore, This gives a continuous belt line system for these lines.

As soon as the work is completed, it is intended to run the Petersburg cars Mulberry, as at present.

The street railway company, in or der to secure permission to go on with the work, had to agree to dispense with the switch on Mulberry street, on Mulberry street, between Jefferson asphalt pavement at the intersection of Mulberry street and Madison ave

STRIKERS WILL MEET SILLIMAN

ARE TO COME TOGETHER, PROB-ABLY, TOMORROW.

Mediation Committee of Business and Professional Men Succeeds in Having Its Proposition Accepted by Both Sides-Hope of a Settlement Being Effected Is Not Confidently Held by All the Members of the Committee, but They Believe It Will Have Good Effect.

General Manager Silliman and the street car strikers are to come together, probably tomorrow. The time and place for the meeting have not as yet been definitely set, but the likelihood is that afternoon, at Carpenter's hall, will be fixed upon

Sol Goldsmith, H. J. Collins, A. B. Warman and District Attorney W. R. Lewis, as a sub-committee of the mediation committee, waited on the strikers' executive board, yesterday morning, to receive their answer to the proposition to have the whole body of strikers meet Mr. Silliman. The board reported that the strikers were agree able to this, and that any time after tonight would suit them. They are conducting an entertainment and ball at Sarsfield hall, Avoca, tonight.

This was reported to the general nediation committee at a meeting in Mr. Burns' office at 11 o'clock, and word was sent to Mr. Silliman. Friday would be suitable to him, he said. The members of the mediation com

mittee are hopeful that this meeting will terminate the strike, but some of them are not overly confident of anything being accomplished further than the enlightenment of each side as to where the other stands.

WHAT COMPANY BELIEVES. The company is satisfied that a majority of the men are auxious to return to work, and that if given an opportunity to vote, by secret ballot, on a motion to accept the offer of the company to take back as many of them as there are places for, without regard to whether or not they are union men, the

motion will be carried. The strike leaders, on the other hand, believe the men are as determined as ever to hold out to the end for the granting of their full demands, and that when the vote is counted not a single ballot will be east in favor of accepting the company's offer.

The proposed meeting will at least determine which side has been receiving the more reliable reports of inside conditions.

The mediation committee is being ongratulated on all sides for what it has accomplished thus far, and its members are hourly in receipt of messages urging them to keep up their activities until their efforts are crowned with complete success. They are to be present at the meet-

ng between Mr. Silliman and the strikers, and it is their purpose to exhaust every means at their command to have he controversy settled before the general manager and the strikers part

One thing they propose to do is to point out to the company and the men the way of a settlement is no difficulty at all. The men demand that they be says it can not agree to do this, because loss not know that it will have place for all of them. This would seem, at first blush, to preclude the possibility of settlement. But such is not the case

PLACES TO BE FILLED.

There are 355 places to be filled, that being the number of men on strike. Fifty or sixty of the strikers have secured good jobs and will not go back to he cars. Of all the men employed at present by the company, not over fifty will, under any consideration, continue o work after the strike is settled, the others being Drummond agency men, who will be found on their way to New York an hour after the strike is declared off. This would leave places for every man on strike. The company tnows this, and the strikers know it. It will be the task of the mediation committee to get both sides to acknowledge this, and, out of consideration for the public, if not for themselves, waive technicalities and get down to commo

COMMITTEE DIDN'T MEET.

Nothing Done with Ordinance Fixing Magistrates' Salaries.

There was no meeting last night of he councilmanic conference committee, appointed to come to an understanding on the police magistrates' salary ordinance, only one of the seleccouncilmen, Adam Schroeder, putting in an appearance. The three common councilmen and Mr. Schroeder journed to meet next Monday night. When the ordinance in question finally passed common council, it provided for a salary of \$400 for each of the five police magistrates. It was amended by select council so as to provide a salary of \$450 for each of the magistrates in the First and second districts, of \$400 each for the magistrates in the Third and Fourth districts and of \$300 for the magistrate in the Fifth district. Common council refused to concur in these amendments, hence the appointment of a conference committee.

There seems to be very little hope that the members of the conference committee will agree, Common Councilman Fred Phillips, who is one of the members of the committee and who led the fight for equal salaries, said last

"I'm still in favor of equal rights to all and favors to none. The common council end of the committee won't budge from that position."

CONSTABLES BILLS HAVE BEEN FILED

Two of Them Who Served Most of the Contestants' Subpoenas Make Claim for Nearly \$10,000.

Another big item of the expenses co nected with the Langstaff-Kelly election contest, the constable's fees, is now ascertainable, approximately. S. S. Wert, deputy constable of the

Third ward of Dunmore, and T. E. Reynolds, deputy constable of the Fifth ward, Scranton, who served most of the subpoenas for the contestant, have filed their bills. Mr. Wert claims \$6.324.20, and Mr. Reynolds, \$2,625.20. The total, \$8,969.40, represents the cost of summoning nearly one-half the total number of witnesses. This means that the whole bill for serving subpoenas will amount to about \$25,000, when the \$1,000 or \$1,500 bill of the sheriff for serving capiases is included

Allowing \$2,500 for the fees and mile ige of witnesses, the cost of the contest will foot up \$75,900 in round numers, divided as follows:

Some subtraction may be made from he constables' bills, as was the case with the estimates of the commission ers and stenographers, which the court

ast week reduced from \$36,000 to \$25.

in these constables' bills the full limit is reached in every charge. Fifty ents is claimed for every witness summoned and at least ten cents' mileige. In places like Old Forge, where the people are scattered, a mileage charge of thirty cents is placed after each name, making the total cost of that the only difficulty now standing in serving the subpoena eighty cents. About every twenty or so Carbondale names are preceded by a charge of \$.340, taken back in a body. The company representing mileage from Scranton and return. The same is repeated in all the other harge varying according to the number of miles. To serve David E. Evans of the Second ward of Taylor, who hapened to be up in Nicholson, it cost

Constable Wert's statement of claims numbers 313 pages, and that of Con-stable Reynolds, 154 pages. There are twenty-six names to a page, making 12,142 names all told. As there were not more than 15,000 witnesses examined on both sides, it would appear that in numerous cases it was necessary to make more than one trip to serve the subpoena.

Court will probably not pass on the laims until all of them are presented.

CLUB HOUSE WAS RAIDED

BIGGEST HAUL IN LOCAL PO-LICE ANNALS.

Thirty-three Men and Women Arrested Last Night in a "Black and Tan" Resort Maintained at Adams and Lackawanna Avenues. Charles H. Major Said to Be Proprietor-With His Wife He Was Placed Under Arrest-Inmates Taken by Surprise.

Fifteen members of the police force in command of Superintendent Robling swooped down on the club house of the colored club at Adams and Lackawanna avenues just before midnight last night and arrested all the occupants of the place, thirty in number, twenty men and thirteen women. It was the largest single raid ever

made in the history of the city and was so successfully planned and carried out that not a single one of the inmates of the place escaped.

Complaints about the place have been coming in for some time. It has been charged repeatedly that the place was the resort of some of the lowest and most vicious characters in town and that the most disgraceful orgies have been carried on into the small hours of the morning. In addition to this it is claimed that what gamblers would term "a good stiff game" of poker has been played at the place

The warrant on which last night's raid was made was issued yesterday afternoon by Police Superintendent Robling. It called for the arrest of Charles H. Major, the steward, on the charges of maintaining a disorderly house, of maintaining a gambling resort and of keeping an unlicensed

THE PLACE RAIDED.

Superintendent Robling gathered Detective Lona Day, Lieutenants Feeney and Zang, Sergeant Reese Jones and ibout ten patrolmen about him last night at 11 o'clock and the party started for the place in pairs. The patrolmen were stationed all around the outdde of the club house, which is a commodious frame dwelling standing on a terraced embankment, while the officers, headed by the superintendent, rapped for admittance at the front

The door was carefully opened by colored man, who attempted to shut it when he saw the unwelcome visitors outside. The superintendent pushed the loor open forcibly and the colored man darted into the back room, yelling "Police!" "Police!" at the top of his

voice. The colored gentleman who was playing a rickety plane in the parlor, stopped suddenly, as did also the ten half intoxicated couples, white and black, who were dancing to his music Downstairs the poker chips were dumped into a box and an effort was made to bide the drinkables, but it was unsuccessful, as the officers scattered over the house very quickly.

Some of the inmates made an effort to get out through the windows, but when they looked out and saw the silent cordon of bluecoats standing outside, they gave up the attempt and submitted peaceably. The basement of the place was found

to be well stocked with wines, liquors and beer, and there were no less than eight tables for drinkers found. The floor was covered with sawdust. An adjoining room contained several tables for gambling, and a large supply of ooker chips and cards were found and confiscated. PARLOR FOR DANCING.

The double parlors on the first floor were cleared of furniture, save for a few chairs around the wall, and were used for dancing. The other rooms on this floor were rather well furnished. The second floor was fitted up with sleeping apartments.

Of the thirteen women found in the place, three were white, one being a rather beautiful girl of the blonde type. Only two of the twenty men were white The whole party was taken in the patrol wagon to the central police station, four trips being required to bring
