## HENNIGAN'S BARN BURNED

TWO HORSES OWNED BY HIM INCINERATED.

A Wagon and Several Tons of Hay Were Consumed and the Total Loss Is \$1,000, on Which There Is No Insurance—Fire Supposed to Be of Incendiary Origin—William McAnulty Injured in the Diamond Mines—Choral Society Divides the Prize Money—Other Notes.

At 4:30 yesterday morning an alarm of fire was turned in from 323 at Lawrence and Fifteenth streets. The Columbus and Franklin responded and after a severe fight managed to check the fire which was rapidly consuming the barn of Milk-Dealer Hennigan of Saddle place.

Mr. Hennigan states that he was in the lower part of the barn a short time before the fire was discovered but did not smell any odor of smoke. It is supposed that the fire was of incendiary origin. The loss will probably amount to \$1,000 which is not covered by insurance. Two valuable horses, a wagon and several tons of feed and hay were burned up.

to his assistance and carried him to the foot of the shaft where he received medical attendance.  
Later he was removed to the Moses Taylor hospital where his injuries were found to consist of a contused hip, three broken ribs and numerous cuts and bruises. His condition is not thought to be serious.

**Fell Into Boiling Water.**  
Madame, the sixteen-year-old daughter of Mr. and Mrs. Walters of 1317 Academy street, fell into a boiler of scalding water recently and received a terrible scalding.

Mrs. Walters was washing and had placed the tub of water at the foot of the stairs when the little girl opened the door and fell into the water. The mother immediately snatched the little one and sent for a physician who applied remedies to relieve the sufferer. The child is in a precarious condition.

**Report Proved False.**  
Miss Julia Cadden of Scranton street received a postal card from a F. B. Mason at Buffalo, to the effect that a young man supposed to be Michael McAnulty of this city was found dead in his boarding house.

Miss Cadden immediately communicated with her parents, Mr. and Mrs. John McAnulty of Twenty-second street, who sent their son, Patrick, to Buffalo to identify and claim the body, on arriving at Buffalo Patrick started out to learn details and found that no such thing as the man Mason reported had occurred. He sent the following telegram to his parents: "No such thing happened. Going to see him at the boiler works."

**Donations Acknowledged.**  
Prof. David Owens, principal of No. 13 school, yesterday received the following acknowledgment from the Home for the Friendless for Thanksgiving donations contributed by the teachers and pupils:

Scranton, Pa., Nov. 29, 1901.  
To the Principal, the Teachers and the Pupils of No. 13 School:  
Our kind friends—it is with the deepest gratitude that the management of the Home for the Friendless acknowledges the liberal donation received from your school on Thanksgiving Day, please find inclosed and appreciation of all connected with this institution.

**P. O. S. of A. Fair.**  
Again last evening the large Patriotic Order Sons of America hall was crowded to the doors by patrons who came to show their appreciation of the fine entertainment and supper prepared each evening.

The members of the Electric City Wheelmen attended in a body, and furnished a royal programme. The P. O. S. of A. drum corps was also present.

Both sides of the hall are enclosed by the booths, which offer for sale numberless dainty articles, besides goods of a staple order, which can be purchased very reasonably. The West Side merchants have been very kind in donating articles for this sale, and in

some cases have erected booths at their own cost.

**Faced the Music.**  
In police court yesterday morning, Bertram Biggitt, the Italian, who was mixed up in the cutting affray of Wednesday evening, came before the police magistrate for a hearing. The defendant has been in this country about two years, but in that time has been mixed up in several affairs like this one, but has up until Wednesday evening, escaped the eye of the police.

The Italian whom he cut, appeared against him, his face, or at least the lower part, being bandaged up, hiding a cut some two inches in length on the lower jaw.

The defendant professed ignorance of the English language, but the magistrate thought that if he knew enough to carry a razor and use it, he knew enough to pay a fine of \$10 or spend thirty days in the county jail. He paid up.

**Robert Morris Lodge.**  
The following officers were nominated by the Robert Morris lodge of Ivories at their regular meeting last evening: President, Dr. W. Rowland Davies; vice-president, D. Jay Reese; conductor, Dr. D. J. Jenkins; recording secretary, J. J. Williams; financial secretary, Palmer Williams; steward, John H. Phillips; treasurer, Ely Harris; inside guard, John R. Edwards; outside guard, L. A. **Funeral of William Kelly.**  
Yesterday morning at 9 o'clock, from St. Patrick's church, was held the funeral of the late William Kelly, who died at the Moses Taylor hospital, as the result of injuries received in the Dodge mine recently.

A solemn high mass of requiem was sung, and after the service the friends were permitted for the last time to look upon the face of their beloved. The casket was banked high with flowers, and the profusion of the flowers plainly told of the love and esteem in which the deceased was held. Interment was made in the Cathedral cemetery.

### WHAT GOES UP

**Must Come Down.**  
Nothing is more certain than that the use of so called tonics, stimulants and medicines, which depend upon alcohol for their effect, is injurious to health in the long run.

What goes up must come down and the elevation of spirits, the temporary exhilaration resulting from a dose of medicine containing alcohol, will certainly be followed in a few hours by a corresponding depression to relieve which another dose must be taken.

In other words, many liquid patent medicines derive their effect entirely from the alcohol they contain. Alcohol, and medicines containing it, are temporary stimulants and not in any sense a true tonic. In fact, it is doubtful if any medicine or drug is a real tonic.

A true tonic is something which will renew, replenish, build up the exhausted nervous system and wasted tissues of the body, something that will clear the blood and endow it with the proper proportions of red and white corpuscles, which prevent or destroy disease germs.

The only true tonic in nature is wholesome food, thoroughly digested. Every particle of nervous energy, every minute muscle, fibre and drop of blood is created daily from the food we digest.

The mere eating of food has little to do with the repair of waste tissue but the perfect digestion of the food eaten has EVERYTHING to do with it.

The reason so few people have perfect digestion is because from wrong habits of living the stomach has gradually lost the power to secrete the gastric juice, peptones and acids in sufficient quantity.

To cure indigestion and stomach troubles it is necessary to take after meals some harmless preparation which will supply the natural peptone and diastase which every weak stomach lacks, and probably the best preparation of this character is Stuart's Dyspepsia Tablets, which may be found in every drug store and which contain in pleasant palatable form the wholesome peptone and diastase which nature requires for prompt digestion.

One or two of these excellent tablets taken after meals will prevent souring, fermentation and acidity and insure complete digestion and assimilation.

Stuart's Dyspepsia Tablets are equally valuable for little children as for adults, as they contain nothing harmful or stimulating but only the natural digestive.
