THE CANAL TREATY WILL BE RATIFIED

Senate Is Expected to Approve the Hay-Paunceforte Provision.

SOME CRITICISM MAY BE EXPECTED

No Senator, However, Has Shown Disposition to Carry Objections to a Point of Ultimate Effort to Defeat the Ratification of the Measure Which Will Open the Way for the Unobstructed Construction of the Isthmian Canal—The House Will Probably Pass a Measure to Meet the Philippine Situation, Created by Recent Decision of the Supreme Court.

Washington, Dec. 8.—The only measure of importance which the senate has on its calendar for the present week is the new Hay-Paunceforte treaty, making provision for the abrogation of the Clayton-Bulwer treaty and opening the way for the unobstructed construction of an isthmian canal by the United States. Acting for the committee on foreign relations, Senator Lodge will ask the senate to go into executive session tomorrow for the consideration of the treaty and each day thereafter until the convention is disposed of.

It can be said that at this time the prospect is very strong that the treaty will be ratified, and it now looks as if this result would be secured after comparatively little delay. There will be some debate and some features of the document will be criticized as undesirable, but there is no probability of opposition. The criticism will be along the lines indicated by Senators Money and Bacon in the committee on foreign relations at its meeting on Friday last. No senator thus far, however, has shown a disposition to carry his objections to a point of ultimate effort to defeat ratification. The principal authors of the criticism of the treaty are southern senators, who are generally very anxious for the construction of the canal. They find that all canal legislation will be tied up until action can be secured on the treaty and they are, on this account, less liable than they otherwise would be to do anything to delay action upon the treaty itself. The most active friends of the treaty now claim that ratification will be secured during the present week and the opinion is very general that ratification will be obtained before the Christmas holidays.

Beyond the consideration of the treaty very little business will be undertaken before the holidays. It is now generally agreed that the question of reciprocity will go over until January, probably without so much as being mentioned, and it may be added that from being the subject of the most likely to attract early attention, it has taken a position among the matters which will not be vigorously pursued.

When the reciprocity treaties do come up for consideration there will be persistent opposition to the agreement with France, and to that with Great Britain covering the West Indies. There is not so much feeling over the conventions with the South American republics. The present outlook is against any immediate action in the senate looking to tariff legislation for the Philippines and there are some indications that the senate will wait upon the house of representatives in this matter. Probably the Chinese exclusion act will be reported from committee during the week.

The nomination of Attorney General Knox will be reported at the first executive session, but immediate confirmation probably will be antagonized by some senators.

House Forecast.

The house this week probably will pass a measure to meet the situation created by the Philippine decision of the supreme court last Monday. Up to the present time, however, the Republican members of the ways and means committee have not decided upon the character of the measure which will be reported. A difference of opinion exists as to whether there should be a temporary enactment of the Dingell bill on goods entering the United States from the Philippines or whether a permanent scheme of tariff legislation for the islands should be prepared. It is understood that Mr. Payne, chairman of the committee, and Mr. Dallzell, of Pennsylvania, favor the latter course. The Republican members of the committee will meet again tomorrow. Of course, if it is decided to enact a temporary measure, the procedure will be exceedingly simple and it probably can be passed in a day. If on the other hand an entire scheme of tariff legislation is to be enacted more time will be consumed both in the preparation and passage of the measure.

Clark and Barnes Captured.

By Exclusive Wire from The Associated Press.

Leavenworth, Kan., Dec. 8.—Clark and Barnes, two of twenty-six convicts who were escaped from the federal prison Nov. 5, arrived at the prison today from Lazaretto, in the custody of Deputy Warden Leman. Clark was one of the leaders of the mutiny and a reward was offered for his arrest. This capture leaves but seven convicts still at large.

CHARLES SEITZER DROWNED.

Engineer Linck, of Burke Brothers, Has a Narrow Escape.

By Exclusive Wire from The Associated Press.

Pittsburgh, Pa., Dec. 8.—Charles Seitzer, foreman of the Susquehanna Boom company, at Linden, a village several miles up the river from this city, while returning to Linden early this evening across the river on the ice, they were violent, being in spurs and convulsions. The treatment soon became evident around, and within five or six days they were restored to their former health.

Dr. Leteve does not claim that the treatment will cure every case, but believes that the problem of treating tetanus successfully has been solved.

SCALABRINI FOR WASHINGTON

Report in Rome That He Will Be Named to Succeed Martinelli.

By Exclusive Wire from The Associated Press.

Rome, Dec. 8.—The Journal de Roma publishes the announcement that Monsignor Scalabrinii, archbishop of Piacenza, who recently returned from a visit to the United States will be appointed apostolic delegate at Washington.

The Fanfani says the pope will not send a delegation to attend the coronation ceremonies of King Edward VII, as his holiness was not informed of the king's accession to the throne.

WIRELESS TELEGRAPHY

Chief of the Weather Bureau States That a Substantial Improvement Has Been Made in the System.

By Exclusive Wire from The Associated Press.

Washington, Dec. 8.—The annual report of Prof. WHIS L. Moore, chief of the United States Weather Bureau, says that a substantial improvement has been made during the past year in the weather bureau system of wireless telegraphy. Such progress has been made by the government experimenters that, with no interference by private systems, stations can be successfully operated over at least 150 miles of coast line and are now in operation along the Virginia and North Carolina coasts and soon will be instituted between the coast of the mainland and the mainland and California, where he had lived for a number of years.

The charge against him is that he forged signatures on debt-bonds bonds, but the exact nature of the crime or the amount of money involved is not known. He quit Yokohama November 19, sailing for Seattle on the Japanese steamer Shidano-Maru. Ever since then the authorities have been on the lookout for him. In some manner he managed to elude the officers at Seattle and exposed the greatest surprise at the arrival of Marshal Grimeshaw in his private compartment on the sleeper.

Mayer is about 28 years old and of English descent. When arrested he was on his way to London. After hearing the charge upon which he was to be held, he refused to make any statement.

Mayer said he will fight the proceedings.

NEW ARBITRATION BILL

A Measure Passed at Sydney, New South Wales, Will Excite Interest Throughout the World.

By Exclusive Wire from The Associated Press.

Sydney, N. S. W., Dec. 8.—By the passage of the industrial arbitration bill through its final stages, the government has placed a law upon the statute books, the working of which will excite interest throughout the world.

This bill not only compels references of all disputes between employers and employees to a competent board with power to enforce its orders and award, but makes a strike or a lockout, before or pending such reference, a misdemeanor, punishable by a fine or imprisonment.

The court which will pass upon these disputes is to be presided over by a judge of the Supreme court, and will have most extensive powers, including the power to declare a standard wage and to direct that, other things being equal, an employer shall give preference to unionists over non-unionist laborers. There is no appeal from the decisions of this court.

DUTCH ANGER FLAMES UP.

Discussing Imprisonment of Netherlands at Cayton.

By Exclusive Wire from The Associated Press.

Frankfort, Ky., Dec. 8.—Sheffie Brington, of Bell county, accompanied by three deputies, attempted to bring in George Berry Howard, of Bell county, who was captured yesterday by the members of William Goebel, and who has been a fugitive since a year. Howard has fled his home and says he became a fugitive in the main section only because he did not want to be held here. He will ask for an injunction against his trial, if this is denied, that he be released on bail.

Howard represented the counties of Bell, Harlan, Perry and Leslie in the general assembly in 1882 and 1883, as a Democrat, when Goebel represented Kentucky.

The foreign minister, Melville van Lynden, explained that the Geneva convention was only applicable to the armaments of belligerents, but even their staffs could be made prisoners if they violated neutrality. The government, he added, had frequently demanded that the Netherlands be released on parole, but Great Britain is not obliged to release them until after the close of the war.

FATE OF VAN TETS.

Cleveland, O., Dec. 8.—The Cleveland police to-day refused to allow the Liberty association, the local chapter of the Knights of Columbus, to meet in the hall of its organization in the basement of the Hotel Royal. The American Telegraph asserts Major Van Tets, aide to Queen Wilhelmina, who is said to have fought and been wounded in a duel with Prince Henry, the queen's consort.

The American Telegraph asserts Major Van Tets, the quiet night last night, that Prof. Nelsch, the permanent representative of the association in its membership, a number of the dignitaries of England had held a meeting in the hall engaged for the purpose.

LOCKJAW SERUM.

Dr. Leteve, of Pittsburg, Discovers a Successful Treatment.

By Exclusive Wire from The Associated Press.

Pittsburg, Dec. 8.—Dr. Leteve, of the C. L. Magee pathological department of Mercy hospital, has discovered what has every indication of being a successful serum treatment for tetanus or lockjaw. After a year of patient experimenting on lower animals, the doctor, within the last three weeks, had the opportunity of testing his theory on human subjects, one a middle-aged man, a middle-aged woman and a boy 10 years of age. According to the physician's statement, when these patients were first given the injections of the serum, they were violent, being in spasms and convulsions. The treatment soon became evident around, and within five or six days they were restored to their former health.

Dr. Leteve does not claim that the treatment will cure every case, but believes that the problem of treating tetanus successfully has been solved.

MINISTER MURDERED.

B. D. Coffman Shoots Rev. J. W. Bradford.

By Exclusive Wire from The Associated Press.

Brockley, Alta., Dec. 8.—Rev. J. W. Bradford, Methodist minister of this place, was shot and killed this evening by B. D. Coffman, Justice of the peace. Coffman was standing in Bradford's doorway, it is said, and fired two shots, both taking effect in the head. There were no witnesses to the tragedy.

Coffman was once a member of Rev. Mr. Bradford's church, but had been expelled, it is said, and for this reason there is alleged to have been a strong dislike between them. Bradford's wife, Mrs. Bradford, was at home at the time of the shooting.

The distribution of forecasts by rural free delivery has become decidedly popular and there are an aggregate of nearly 42,000 families in the farming districts being supplied with the latest weather predictions.

Men Started by "Young Corbett" in Presence of 8,000 People.

By Exclusive Wire from The Associated Press.
