THE STREET CAR STRIKERS' CAUSE

Pled Before Mass Meeting in Academy of Music—John H. Devine of the Central Labor Union Scores Silliman and Asserts That Citizens' Alliance of Scranton Aims at Workmen Striking for Their Rights—Talk by Treasurer of Amalgamated Street Car Men.

The cause of the striking employees of the Scranton Railway company was presented last night before a gathering of about 200 men in the Academy of Music. This was the first public meeting in Carbondale under the auspices of the trolley strikers. The speakers were John H. Devine of the clerk's association of Scranton, and foremost among the active members of the Central Labor Union of that city and Bellefontaine, O., Detroit, treasurer of the Amalgamated association of street car employes. The latter supplied the place of W. D. Mahon, president of the association, who is sick in bed at Scranton.

THE NEW FOUNDRY.

An Addition Being Built for Machinery—Heavy Work to Be Commenced Next—Some Orders Filled This Week.

The new foundry of the Carbondale Metal works has been a most successful one from the start. It is already in the way of being more than a week, and the new work is commencing on an addition to the foundry, a small building which will accommodate several pieces of machinery, turning, boring and other machines used in clean casting. It was believed that there would be room enough on the foundry floor for this machinery, but in arranging matters in the space allotted for these appliances was demanded for other purposes.

ROADS ARE BAD.

Farmers kept away by reason of Saturday's storm.

The effects of Saturday night's storm are being sorely felt by the farmers hereabouts. The roads are passable in some places, while in other places they would mean damage and loss to attempt to drive to town. This means that not one-half the farmers who visit Carbondale weekly are coming to the city with their produce.

AMUSEMENTS.

Seats for Elite Proctor Otis.
The sale of seats for the great artist, Elite Proctor Otis, who will present David Belasco's famous drama, "La Belle Russe," at the Grand opera house Christmas matinee and evening, will open at Proctor & Gamble's Saturday night at 7:30, for both performances.

"The Power Behind the Throne."
The success attained by Mildred Holland and her company, in Edward C. White's magnificent production of "The Power Behind the Throne," has been nothing short of marvelous. Miss Holland began her season at Scranton on the night of the 11th, and has since that time played to uniformly big houses. "The Power Behind the Throne" is a fine vehicle for an emotional actress, and Miss Holland takes full advantage of her opportunities.

Wilkes-Barre's Opinion of Gamble.
Of Ernest Gamble, who will be here on December 23, the Wilkes-Barre Record of November 22, last, says: "With a crowded auditorium the first of the Young Men's Christian association's season entertainment opened Tuesday evening, Ernest Gamble, the gifted bass, assisted by Miss Grace Jenkins on the violin and Frederick B. Morley on the piano, entertained the great audience for over two hours.

CONSUMPTION

Right food—right medicine—right time—these three things are of the utmost importance to the consumptive.

Right food and right medicine—these are contained in Scott's Emulsion of pure cod-liver oil.

Right time is at first sign of disease. Right time is now.

Scott's Emulsion always helps, often cures. Ordinary food helps feed. Fresh air helps cure. Scott's Emulsion does both. Begin early.

Well, send you a little to try, if you like.

SCOTT & BOWNE, 423 Pearl street, New York.

A COMMON TROUBLE.

Thousands Suffer from It Without Knowing Its Real Character.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of the mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ, in some cases the heart palpitates and is irregular; in others, the kidneys are affected; in others, the bowels are troubled, with loss of fish and appetite, with the accumulation of gas, sour risings and heartburn.

Dr. J. M. Stewart, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes give temporary relief until the effects of the medicine were off, attributed this to my secondary habits, took a bookkeeper with little physical exercises, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better and am better in every way. The above is written not for notoriety, but is based on actual facts."

Respectfully yours,
A. W. Shupper,
61 Prospect St., Indianapolis, Ind.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headaches.

Send for valuable little book on stomach diseases, by addressing Stuart Co., Marshall, Mich. All druggists will fill such packages at 50 cents.

celebration, not on the holy eve, as customary in the Lutheran church, but on next Sunday evening at 7:30, as half of the congregation would be deprived of enjoying the exercises, on account of being compelled to follow different occupations which will not be till on Christmas eve. Therefore this year, come in full force next Sunday, Dec. 23.

It is the merriest feast in the Lutheran church.

The main road to Clifford cannot be used at all, owing to the bridge over Whipple creek, just below the Briggs school house, being damaged. In the meantime, the farmers who come from Clifford have to drive around Dundaff way or out through the fields. The roadway at "Joe" Schoeck's has been repaired, though it is not more than passable. The roads to Susquehanna county are in a wretched condition and no farmers are arriving from that section.

Carelessness or Nervousness?

It all happened in a moment. Her hair caught in the belt and swiftly wound about the shafting. Her cries were echoed by the screams of her frightened mill-mates. Then the machinery was stopped and the terrified and injured woman was released. "It was carelessness," said the foreman to a reporter, "pure carelessness." But the doctor said it was not carelessness but nervousness. It was a case of a woman working when she was not fit to work, her nerves quivering to the shock and jar of the machinery, her brain dazed by the struggle with suffering.

Men so seldom suffer with nervousness that they have small sympathy for a nervous woman. They look upon nervous attacks as just a woman's notion, and often as only an excuse for ill-humor.

The very fact that nervousness afflicts women, chiefly, points to its cause as being related to the female organism. And the facts prove that disease of the delicate womanly organism is the most fruitful cause of the nervousness from which so many women suffer. Uterine and ovarian diseases, unhealthy drains, inflammation, ulceration and female weakness; such womanly diseases in one form or another are in general responsible for the nervousness of women.

The only way to cure this nervousness is to cure the diseases that cause it. There are powders and potions, so-called "nervines," which are offered as a remedy for nervousness. They may relieve, but they cannot cure. Even the relief they give is dangerous, because it is produced by stimulants or nerve-numbing narcotics. Some men are said to "drown their troubles in liquor." The liquor does not lighten their load of trouble by one iota. It simply stupefies them until the dull brain is rendered for a time insensible to cares and worries. The use of stimulants or narcotics by nervous women has the same result as the use of alcohol by men. It only dulls and deadens the nerves for a time.

Dr. Pierce's Favorite Prescription cures nervousness by curing the womanly diseases which cause it. It is a true tonic and nerve, because it nourishes the nerves and strengthens the body. There is no alcohol in "Favorite Prescription," and it is entirely free from opium, cocaine and all other narcotics. Weak, nervous, overworked, run-down women will find new health and strength from the use of Dr. Pierce's Favorite Prescription.

It affords me great pleasure to be able to say a few words in regard to the merits of Dr. Pierce's Favorite Prescription and his "Golden Medical Discovery," writes Mrs. Flora Arn, of Dallas, Jackson Co., Mo. "I was tempted to try these medicines after seeing the effect upon my mother. At an early age of married life I was greatly bothered with painful periods, also a troublesome drain which rendered me very weak and unfit for work of any kind. I became so thin there was nothing left of me but skin and bone. My husband became alarmed and got me a bottle of 'Favorite Prescription.' After he saw the wonderful effects of that one he got me two more, and after I had used those up there was no more pain, and I began to gain in flesh very rapidly. When I was out driving with my mother the horse took fright and ran away. My mother got badly hurt. Later on blood-poison set in and she died. After her death I was so nervous I sometimes thought I could not live from one day until the next, would get so faint I thought I would die. I had awful pains in my back and head; was dizzy now, I cannot say positively, but I believe, I weigh twice as much as I did then, and can do all my work. I think I owe all praise to Dr. Pierce and his wonderful curative medicines."

What Dr. Pierce's Favorite Prescription did for Mrs. Arn, it has done for thousands of other women. From weak women, reduced in flesh until they were only "skin and bone," it has changed them to strong women, whose gain in healthy flesh speaks for the soundness of their cure and their restoration to perfect health. Sometimes a cynical person will say a woman's ailments are just imaginary. There's nothing imaginary about the loss of flesh which so often accompanies nervousness and womanly diseases. Nor is there anything imaginary about the cures effected by "Favorite Prescription," cures that can be figured up in ounces and pounds.

In the fall of 1897, I was troubled with nervousness, headache, heart trouble and female weakness," writes Miss Blanche M. Bruce, of Sala, Oregon County, N. Y. "Last summer I wrote you and you advised me to try your 'Favorite Prescription' and 'Golden Medical Discovery.' I did so, and I began to improve rapidly. Continued taking the medicine, half-a-dozen each of 'Favorite Prescription' and 'Golden Medical Discovery,' for the space of four or five months, and in less than a year had regained my former health. You have my heartfelt thanks for what your remedies have done for me. I am in excellent health now, but am still using your 'Pleasant Pellets.'"

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well. Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.
