LIVY R. RICHARD, Editor, O. F. BYRNIE, Business Manager.

New York Office: 120 Nassau St. Sole Agent for Foreign Advertising.

When space will permit, the Tribune is always glad to print short letters from its friends bearing on current topics, but its rule is that these must be signed, for publication, by the writer's real name; and the condition precedent to acceptance is that all contributions shall be subject to editorial revision.

SCRANTON, DECEMBER 20, 1901.

According to the annual report of the Taft commission about all are pacified in the Philippines save the newspaper correspondents.

Must Be Put Down.

IT IS unnecessary to say that the condition of affairs which renders it impossible for a woman to ride on a street-car in the city of Scranton, at least in certain sections of the city, without incurring the risk of insult and abuse is intolerable.

Mr. Platt is Angry.

SENATOR PLATT has brought to light a new phase of his character in the display of temper he is making over the article in McClure's Magazine, in which William Allen White gives rein to his imagination in an alleged sketch of the "easy boss."

Nothing the Matter with Pennsylvania at Washington.

THE DISTINCTION accorded to Senator Quay in the making-up of the senate committee is almost without precedent.

A Just Tribute.

Not has his colleague, Senator Penrose, been neglected. He gets the chairmanship of the immigration committee and also membership on the committee on commerce, naval affairs, postoffice and post roads, coast defense, irrigation and labor, and national banks—among the most important committees in the senate.

A Prediction.

Much as it was heard this morning as to possible changes in the management of the Philadelphia Press when Mr. Smith shall have received advice, there are those who predict that the Philadelphia Press will be sold to the Philadelphia Press.

would be a dull world if all persons thought and felt alike. We refer to the methods by which it has signified its opposition.

THE STRIKE.

For The Tribune, There was nigh a thousand of us, working 'bout the mine, That's men and boys together, and things were going fine.

We appointed a committee to wait upon the boss, That set the stone a-rollin' and it didn't gather moss; But kept rollin' fast and faster, gettin' hotter every spin.

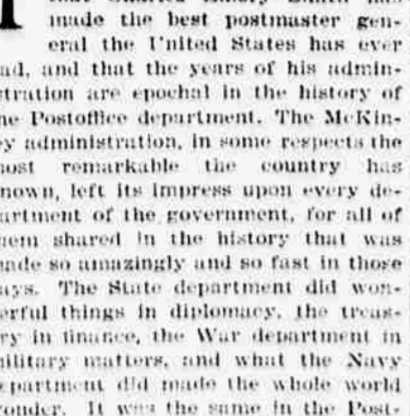

Now, regarding labor unions, I only want to state, That as near as I can size 'em up and make an estimate, After leavin' out o' question your time and money loss.

Establishment of rural free delivery under Mr. Smith's administration. He found it a shaky experiment and he has left much a part of the postal establishment as in the free delivery in all large cities.

THE STRIKE.

For The Tribune, There was nigh a thousand of us, working 'bout the mine, That's men and boys together, and things were going fine.

Now, of course, we had a bit of a quarrel—there's a few that ain't, For a man without a grievance must be seven-eighths a saint, For it's part of human nature, as near as I can judge.
