RIBBLE DIED SUDDENLY.

Ruptured One of the Large Blood Vessels.

Joseph Ribble, who has been a Delaware, Lackawanna and Western engineer for thirty years, died very suddenly last night at the home of Mrs. Wells, 411 North Seventh street, where he boarded.

Ribble had been complaining for some time of not feeling well, but his condition was not considered serious. He worked as usual yesterday and last night was taking a game of cards with several other men at his boarding house when he complained of a suffocating sensation. He stood up and walked out onto the porch where he fell and died almost instantly, having ruptured one of the large blood vessels leading to the lungs.

Dr. S. P. Longstreet was called, but when he arrived Ribble was dead. The body was removed to the morgue at Price's undertaking establishment. Ribble's home is at Clark's Summit, where his wife resides. Before establishing his home at that place he lived for many years a resident of this city.

MEETING OF FIREMEN.

The Hooks to Join the Relief Association.

The members of the Hook and Ladder company at a meeting held last night in Durr's hall on Lackawanna avenue decided to join the Firemen's Relief association in a body, but to keep up their separate organization. There are sixty members in the association and their dues will be paid out of the company's treasury.

Albert Henné, the secretary of the company, who has lately been made chief of the Fireburg fire department, was present at the meeting and made a brief address. A spread was enjoyed in Durr's hotel following the meeting.

THE PAUR ORCHESTRA.

An Enthusiastic Letter from Mr. Pennington.

Editor of The Tribune.

Sir: It should be a source of extreme gratification to the public of Scranton that the Paur Philharmonic orchestra, of New York, is to give a concert in our city next Monday evening. I doubt if there was ever before a musical organization with so much to commend it as has the Paur orchestra and assisting soloists. For years Mr. Paur was director of the Boston Symphony orchestra, one of the finest in the world, coming from Germany especially for this purpose. On the expiration of his contract Mr. Paur was called to New York to become the director of the orchestra now bearing his name.

The vocal soloist, Miss Gifford, I know only by reputation. Of Mr. Hochman, the pianist, I can speak positively since his recent recital in this city, one of the Conservatory's artist recitals, was a notable event and will not soon be forgotten. The concert in E flat, by Liszt, which Mr. Hochman will play, next Monday evening, with accompaniment of full orchestra, is one of the most brilliant works of the kind ever written, and the performance of this work alone will be worth the price of admission. The orchestral numbers will include several of the most celebrated compositions for orchestra.

The Young Women's Christian association should not be obliged to beg the public to attend simply for charity's sake. It will be a great concert and no one with a spark of musical appreciation can afford to miss it.

The great new armory should be literally packed, thereby insuring an evening of rare enjoyment, a fitting welcome to the splendid orchestra, and, incidentally, a generous bank account to the worthy association who is striving for the success of the concert.

MATTERS POLITICAL.

The Democratic city committee met last night at the St. Charles and fixed next Saturday as the primaries, and the following Tuesday for the convention, which is to be held in the court house.

Sheriff Charles H. Schadt presided and John J. Murphy was secretary. Most of the members of the committee were present. The committee consists of Thomas Cullen, M. E. Gerrity, William Cusick, Thomas E. McDonough, M. F. McHugh, Patrick Murphy, M. J. Kelly, Thos. Connerly, D. J. Campbell, Michael Mehlner, Charles Kossar, John Kearney, John J. McManus, Joseph E. Donnelly, Joseph J. Langan, Theodore Fahrenholt, P. J. Honan, P. F. O'Boyle, D. W. Vaughan, W. G. O'Malley and Matthew Loughney.

Chairman Schadt and Secretary Murphy issued a call for primaries in the Eleventh ward, next Sunday, at the polling place of the First district, between the hours of 4 and 7 p. m. Vacancies in the vigilance committee caused the duty of calling the primary to devolve on the city committee officers.

The committee spent about two hours discussing various matters among them the advisability of nominating poor directors. It was decided not to do so.

There was a caucus of Sixteenth ward Republicans at the Manhattan house last night. Theodore S. Fuller was the choice for common council. Another caucus is to be held tonight at the same place to agree upon a candidate for select council. W. A. St. John is mentioned as a candidate.

The Democrats of the Eleventh ward will caucus Saturday night, at Schimpf's hall, to select a candidate for school controller and district officers. Otto J. Robinson is the only announced candidate for school controller.

The Republican voters of the Fourteenth ward will caucus Monday night in Alderman Kellow's office and nominate candidates for select and common council.

The Thirteenth ward Democrats will caucus next Friday evening at the Young Men's Institute rooms, Capone avenue and Marlon street.

A COASTING ACCIDENT.

Little Daughter of F. C. Hanyon Run Over by a Wagon.

The two little daughters of Attorney and Mrs. F. C. Hanyon were coasting down Myrtle street, in front of their home, on Tuesday, when the sled collided with one of the wagons of the Excelsior Brewery company.

The youngest girl, aged 7 years, was thrown under the wagon and one of the heavy wheels passed over her left thigh, crushing the bones in a frightful manner. Dr. S. P. Longstreet was called and reduced the fracture, but there is a possibility that the limb will have to be amputated. The other girl, aged 9 years, escaped without injury.

ALBERT RUFFER FOLLOWED HIS LOVED ONE TO GRAVE

Albert Ruffer, who was employed up to December as an orderly at the Moses Taylor hospital, died in New York city on Sunday from what his friends in this city believe to have been a broken heart. The scientific man will probably say that his death was the result of nerve strain brought on by a sudden grief.

Ruffer was a Swiss and had been employed at the hospital for three years as an orderly. He was deeply in love with Miss Annie Wagner, a handsome girl residing on Taylor avenue and when she was taken suddenly ill about a month ago he began to become despondent. He spent all his spare time at her bedside and lavished every luxury that his purse allowed upon her.

She became gradually worse after Christmas and Ruffer spent several entire nights at her bedside, hoping against hope. She finally died on Sunday, December 28, and when her body

A \$40,000 FIRE IN OLYPHANT

LEADING INDUSTRY TOTALLY DESTROYED.

Olyphant Shoe Company's Factory and P. T. Dougher's Furniture Store Attacked by the Flames—The Former Is a Total Loss and the Furniture Store Is Badly Damaged. Eleven Girls Employed in the Shoe Factory Escaped by Way of an Adjoining Roof.

Olyphant was, yesterday, visited by one of the most disastrous conflagrations in the history of the town. The shoe factory, one of its principal industries, and the furniture store of P. T. Dougher, one of the largest of the business places, were attacked by flames during the early afternoon, and before the firemen had them in check damage to the extent of nearly \$40,000 resulted.

The buildings adjoin on the plot bounded on three sides by the river, Lackawanna street and River street, the Dougher building facing Lackawanna street, and the factory building being in the rear. Both buildings were of frame construction, the Dougher building being two stories in height and the factory building three stories. The shoe factory was totally destroyed, nothing remaining but four charred walls enclosing a mass of debris and broken machinery. The furniture store, thanks to the energetic work of the volunteer firemen, escaped with comparatively small damages. The rear and part of the roof of the building were eaten away and the whole interior was water soaked.

STOCK CARRIED OUT.

The stock on the main floor was carried out by the citizens, but that in the cellar could not be gotten out in time to save it from the flood of water that was necessary to pour into the upper part of the building to arrest the progress of the flames.

W. A. Roberts and Albert Zeafrafs, who with their families occupied the second floor of the Dougher building succeeded in saving nearly all their furniture.

The fire started at 1:30 p. m. in the packing room on the front of the second floor of the three-story frame building occupied by the shoe factory. Its cause is unknown. Manager Albert Stone and Bookkeeper Thomas F. McHale had just returned from dinner, and Mr. McHale was ascending to the office when he encountered flames emitting from the packing room. He gave the alarm and called to Manager Stone who, after seeing that the blaze was one that would likely spread quickly to the stairways, rushed to the third floor to alarm the eleven girls at work there. By the time they reached the stairway the smoke was coming up in volumes, and it was necessary for them to take any risk. Manager Stone had them make their exit by going out the windows on to the roof of the Dougher building and thence through the scuttle to the stairways inside. Manager Stone, himself, went down by way of the factory stairs that he neglected to mention in his report. Assistant Bookkeeper McHale in getting out the more valuable books and papers not kept in the safe.

HOSE COMPANIES ASSISTED.

Olyphant hose companies Nos. 1 and 2, the Dickson hose company of Pricburg and the Wilson hose company of Peckville, responded to the gong and telephone alarms, and under the direction of Chief John O'Malley, battled bravely and vigorously for more than two hours. The factory building was beyond saving before the firemen could begin their fight. That they prevented the destruction of the Dougher building was most commendable.

While the firemen were battling with the flames the citizens were engaged in removing the furniture from the Dougher building and storing it in nearby houses. The smoke and flames bursting in through the rear prevented an entrance being made to the cellar, and much of the stock there would also have been saved from the flood of water.

The loss to the factory is \$35,000, including building, machinery and stock on hand. Insurance to the amount of \$3,000 was carried with companies represented by O'Malley & O'Malley and C. M. Hathaway.

Mr. Dougher's loss to building and stock will not be far short of \$5,000. He carried \$4,000 insurance, \$2,000 on the building and \$2,000 on the stock.

The factory was owned by last Olyphant Shoe company, T. F. Jordan is president; A. M. Atherton, secretary; B. J. Lynch, treasurer, and Dr. F. L. Van Sickle, M. J. Lavin, James O'Brien and E. S. Jones, directors. It is capitalized at \$20,000 and has been in existence since two years ago last July. The factory employed forty hands and had an output of twenty dozen of shoes a day.

It has not been decided as yet whether or not the factory will be rebuilt.

LOCAL MEN IN MEXICO.

Former City Engineer E. F. Blewitt Talks Interestingly of One of Its Aggressive Cities.

Former City Engineer E. F. Blewitt returns today to Guadalajara, Mexico, after spending the last few days of his family in this city. Mr. Blewitt is the general manager of a company which has the contract for laying 135 miles of sewers and 81 miles of water mains in Guadalajara. The chief contractors are O'Boyle & Foy, of Pittston. The contract is for \$3,000,000.

The work is well advanced. When it is completed Mr. Blewitt will have the distinction, very likely, of having laid more sewers than any other engineer living or dead. Before going to Mexico he directed the laying of 40 miles of sewer, a good part of it in this city.

Guadalajara is a state capital in Mexico, with a population of fifty-seven more than Scranton. The state has advanced funds for its improvement and when the contemplated improvements are completed it will be a close approach to a model city. Every house is to be connected with the sewer, and every household pays a monthly fee for the privilege. It averages about 50 cents.

The city has 51 Catholic churches and a great number of every church is a city park. In and about the Cathedral is the main city park, one of the most beautiful, according to Mr. Blewitt, to be found anywhere in the world.

There is never any extremely hot weather and of course no cold weather. Mr. Blewitt says, and being on the plateau is not subject to the fevers that affect some of the lower districts. Mr. Blewitt is very enthusiastic over this part of Mexico and declares unreservedly that any young American of brains and energy can do well in that country.

Incidentally it might be mentioned that Mr. Blewitt is a member of a mining company which made a big strike in the gold and copper regions of Mexico.

AN AFTERNOON RECEPTION.

Given by Mrs. Theodore G. Wolf at Her Home on Clay Avenue.

Mrs. Theodore G. Wolf gave one of the most elaborate and beautiful afternoon receptions ever seen in Scranton yesterday at her handsome residence on Clay avenue. A large number of prominent citizens gathered at the hostess in receiving and entertaining the visitors.

Mrs. Wolf had several house-guests who received with her. They were Mrs. Wolf, the Misses Wolf and Mrs. Greaves, of Roselle, N. J.; Mrs. Dunn, of Philadelphia; Mrs. E. F. Fisher, of the Misses Foulke, of Stroudsburg. About the rooms were: Mrs. C. D. Sanderson, Mrs. Rufus J. Foster, Mrs. Willard Matthews, Mrs. P. M. Spencer, Mrs. B. A. Hill and Miss Mabel Schlager. Mrs. E. S. Moffat and Mrs. Rogers, of Iowa, presided at the table in the dining room, where Miss Marie Nettleton, Miss Stewart Simpson, Miss Edith Hill and Miss Foulke served refreshments. Mrs. Charles Hurlbut served lemonade.

The dining room was decorated in pink. Quaint little tables and roses were employed while the candles made a soft, pretty light through the rose shades. A broad pink satin ribbon extended diagonally across the table and was tied in large bows at the corners. The floral decorations in the other rooms were exceedingly lavish and beautiful.

DILCHER BACK IN TOWN.

Says He Is Here on a Private Business Matter.

Fred Dilcher, who was here as the representative of the national board of the United Mine Workers department of the United Mine Workers, before leaving and for some time after the strike, is back in the city and stopping at the Coyne house.

When he left here six months ago it was to take a position as agent for the Standard Oil company, selling a patent for the use of kerosene. He is to take the place of miners' oil. He has given up this job, but what he is at present engaged in he declines to state.

The only information about himself and his visit he would vouchsafe to a Tribune reporter was that he was here about the business and would stay about ninety days.

SHAKESPEAREAN DEBATE.

Contest Between Messrs. Bower and Boyl at the R. Y. M. C. A.

Next Friday evening, January 19, will witness an interesting debate before the Railroad department of the Young Men's Christian association, between Rev. E. A. Boyl and Attorney A. V. Bower. The resolution to be discussed is "That Shakespeare not Bacon was the author of the Shakespearean plays."

At the same time the Literary and Debating society of the Railroad department will be organized for a three months' session. The first meeting is open to the public without regard to membership, both ladies and gentlemen being invited. Admission will be charged. The subsequent meetings will be for members only.

There is only \$71 remaining in the treasury of St. Joseph's society, the organization which manages St. Joseph's Foundling Home, one of the most excellent charitable institutions in the city, and unless the generous people of the city rally to its support, the home will have hard sailing this year.

A synopsis of the splendid work accomplished by the society during the year 1901 is contained in an excellent report presented at yesterday's meeting by the secretary, Mrs. Anna M. Cusick. This reads as follows:

In reviewing the work of St. Joseph's society for the past year, we find it has surpassed the work done in previous years. This is doubtless due to the generous cooperation of our members. The Sisters at St. Joseph's Foundling Home have done a great work and obstacles which could not but arise during the year have been overcome. Our work has been hindered in many ways, one of which I will mention here—a lack of funds. True, we have received an appropriation from the state of \$1,000, but this was not sufficient to carry on the work. You will readily see we have not really any surplus amount of money to depend on.

Among our Protestant friends we have met many who do not let sectarianism hinder them in giving help to our work. We have only one object in our work, that is, the betterment of humanity. The past year has been one of the hardest in regard to finances that the society had to encounter since its organization in 1888. The success of the society is dependent on the cooperation of all of its members. Our beloved Bishop, Rt. Rev. Michael J. Shanley, has been a great help to us in many ways. He has been a great help to us in many ways. He has been a great help to us in many ways.

The reports of the executive committee show that during the year 1901, sixty-one women and girls were taken from lives of idleness or rescued from impending danger and sent to the House of the Good Shepherd. One hundred and sixty children were sent to St. Joseph's Foundling Home; ten were found homes for twelve transferred to St. Patrick's orphan asylum and eleven who were incapable were sent to reformatories in New York and Philadelphia. Twenty-five were sent to Maternity hospitals and six were transferred after commitment to House of Good Shepherd at their own request.

The clarity of St. Joseph's Foundling Home has been a great help to us in many ways. He has been a great help to us in many ways. He has been a great help to us in many ways.

The following ladies were nominated for the office of director, there being nine of these officers to be elected: Mrs. P. F. Hoban, Mrs. F. W. Gunster, Mrs. R. C. Willis, Mrs. P. J. Verter, Mrs. W. B. Duggan, Mrs. M. Flaherty, Mrs. J. Speicher, Mrs. Frank McDonald, Mrs. J. M. McHale, Mrs. B. O'Malley, Mrs. James Bell, Mrs. M. Carey, Mrs. J. J. Brown, Mrs. P. J. Horgan, Mrs. John Colligan, Mrs. P. E. Lynott, Mrs. Anna Cusick, Mrs. P. J. Casey, Mrs. A. J. Casey, Mrs. M. Chase, Mrs. O. Burke, Mrs. Joseph O'Brien, Mrs. M. F. Wymbs, Mrs. Edgar Connell and Miss Elizabeth Walsh. The election will be held on Friday, January 17, the process of business preventing its being conducted yesterday.

Rt. Rev. Bishop M. J. Hoban presided at yesterday's meeting and made a brief address full of encouragement and cheerfulness.
