OLYPHANT

Mrs. J. H. Polhamus was tendered a deasant surprise party at her home, on Bell street, last evening, by the members of the Lady Ellen Penman lodge of Rebekah. The evening was spent in games, vocal and instrumental selections, which were participated in with much enjoyment. Tempting refresh-ments were served about midnight.

The following officers were installed in Keystone camp, No. 7786, Modern Workmen of America, by Assistant Deputy Head Consul R. W. Taylor for 1902: Venerable consul, D. M. Tuttle; advisor, G. W. Williams; banker, A. D. Haines; clerk, R. W. Taylor: escort, R. N. Brink; watchman, J. H. Lally; sentry, Austin Lynch; manager, T. F Hanahoe; camp physician, T. L. Van Sickle; deputy, R. W. Taylor.

A phonograph entertainment was given before a well-pleased audience in the Susquehanna Street Baptist church last evening. At the close of the proprepared two Christmas trees, which gramme, sandwiches, cake and coffee were served.

Miss Lizzle Parry and Nicholas Cooper were joined in marriage at the nome of the bride's parents, Mr. and

Slavery is naturally abhorrent to a nation whose constitution declares all people to be born equal under the law and to have equal right to life, liberty and the pursuit of happiness. But slavery is most obnoxious when it fastens its bonds on women. If it were known that one American woman had been carried into slavery by Moor or Arab, the United States would rescue that single slave if it took its whole navy and combined army to effect her deliverance. And yet this United States teems with women slaves, for whom nothing can be done by the government. When a woman toils every day, from morn until night, year after year, and gets nothing for her labor but food to eat, clothes to wear and a roof to shelter her, what is that but slavery? That is the lot of many a woman in this free land. She is a household drudge. She has no money to spend. She takes no holidays. She slaves and saves to help pay for the home, to enable her husband to pay for another eighty acres, or for some other domestic purpose. She loses her sight over the cooking stove and her strength over the wash tub, and not infrequently when the last payment on house or land is made, she herself pays the debt of nature and leaves the result of her labors to a new and younger wife.

It is this household slavery of American women that may be held as largely responsible for the prevalence of womanly diseases. Common feminine ailments are neglected and allowed to grow until they involve the general health, and to the burden of slavery is added the weight of almost constant pain. The back aches.

There are bearing-down pains. The nerves are shat-tered. Appetite fails and nights are sleepless. The form slowly loses flesh and the cheeks grow hollow. The one blessing left to the hard-working woman is health. If health is lost, the greatest boon would be to find it again.

Dr. Pierce's Favorite Prescription is commended to women by women as a health-restoring medicine. It cures the womanly diseases which undermine the strength. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I will write a few lines to let you know what your remedies have done for me," says Mrs. Hattie Borra-daile, of No. 113 Spring Street, Nashville, Tenn. "I wrote to you for advice about two years ago and you wrote me a kind letter, telling me to take your 'Favorite Prescription ' and 'Golden Medical Discovery.' When I began taking your medicine I was not able to stand

on my feet ten minutes at a time. Had falling of uterus and kidney and liver disease, and was so weak and nervous I could not keep still. Would take nervous spells and almost die at times, at least I thought I was going to die. I had several different doctors attending, but they could not do me any good. The last one I had said I would never get up again. Told him I was taking your ' l'avorite Prescription ' and 'Golden Medical Discovery,' and he said, 'Might as well take that much water each day.' I did not listen to what he said, but thought to myself I would give the medicine a fair trial. Before I had finished the first two bottles I was able to get out-side the house and walk around the yard. I kept on taking the medicine and it cured me of my disease. I was the mother of one little girl, three years old, then, and now I have another fine baby girl, seven mother of one fittle girl, three years old, then, and now I have another fine baby girl, seven months old, and am in very good health. Was in bad health about three years (since the birth of my first child); tried all kinds of medicine recommended to be good for my trouble but all of no avail. I felt it my duty to write and tell you what good your medicine had done for me, for I well know that if it had not been for Dr. Pierce's medicines, I would have been in my grave long ago. I know I could not have lived long in the condition I was in. I think Dr. Pierce's medicine the best in the world for diseases of women."

There are a great many women who have tried other medicines in vain and been told by local physicians they could not be cured, as was Mrs. Borradaile. Such women are hard to persuade to try Dr. Pierce's Favorite Prescription. But let every such woman, no matter how sick and discouraged, remember that "Favorite Prescription" stands alone among medicines for the cure of womanly diseases. It is noted for its successful cures of diseases which no other medicines have been able to reach. It owes its popularity often to the fact that tried as a last resort it effected a perfect and permanent cure. Hundreds of thousands of women testify to these cures, and it can be positively affirmed that in ninety-eight cases out of every hundred the use of Dr. Pierce's Favorite Prescription will result in a complete cure of womanly diseases.

"I used four bottles of your 'Favorite Prescription' and one of 'Golden Medical Discovery,'" writes Mrs. Elmer D. Shearer, of Mounthope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Everyone who knows me is surprised to see me look so well. In June, when I wrote to you, I was so poor in my latter then and es I could not walk.

followed your advice, and to day am cured. I tell everybody that, with God's help, Dr. Pierce's
