**THE PEOPLE'S BANK.****PERSONAL.**

John B. Poore, general manager of the Scranton Steam Pump company's factory, is in Put-  
town.

A son has been born to Mr. and Mrs. Tom-  
leyon of New York city, but formerly of Scranton.

M. J. Fleming, S. G. Morrison, B. F. Singler,  
Mrs. B. Malone, Mrs. J. R. Fleming and Mrs. J.  
J. Newell were registered at the Hotel Allerton in  
New York last week.

Attorney D. B. Replogle was informed by  
telegram yesterday that his father, living at  
Hedgeley in the state of Maryland is dead. He  
leaves this morning by an early train for his  
bedside.

The Misses Emma Stumm, Martha Schwin,  
Mary Schwin, of West Scranton, and Mary  
McGinn, Belle Dolan, Mary Coyne, of South  
Scranton attended a reception given Tuesday  
night at Peckville, by Miss Mary Wright.

**STOLE HIS FRIEND'S CLOTHES.**

Thomas Lloyd Committed to Jail  
Last Night.

Thomas Lloyd, of North Scranton,  
was arrested yesterday on the instance  
of Alexander Phillips, who charges  
him with the larceny of an overcoat  
and with false pretenses.

At a hearing before Alderman Ruddy,  
held last night, Phillips testified  
that he and Lloyd went into Richard  
& Wirth's clothing store on Wednesday  
and that he (Phillips) bought a  
suit of clothes, which he left to be  
canceled for yesterday. Further evidence  
was adduced to show that Lloyd came  
to the clothing store yesterday and se-  
cured the clothes, claiming he was  
sent by Phillips, and afterwards pawned  
them at a Penn avenue junk shop.

Alderman Ruddy committed him to  
the county jail, in default of \$500 bail.

**To Boom Mountain Park.**

The New Jersey Central has arranged  
so that upon the opening of the excur-  
sion season its excursion trains can be  
run through to the park. This park is  
one of the most popular in the vicinity,  
and installed there are all up-to-date  
appurtenances for a resort of this kind.  
As usual, District Passenger Agent Mr.  
J. S. Swisher, of Scranton, will look  
after the booking of parties, which in  
itself assures good attention.

Dr. Bateson is prepared to vaccinate  
with fresh virus, from 10 a. m. to 4 p.  
m. Office, 337 Washington avenue. \*

**TWO NEW CASES  
OF SMALL-POX****DISEASE IS CONFINED TO THE  
MEARS' HALL BUILDING.**

Mrs. Charles Parry and Her Daugh-  
ter the Latest Victims—A Strict  
Quarantine Is Being Kept by the  
Police—Health Authorities Order  
All Public Halls Closed—Plans for  
a Pest-House Have Been Prepared.  
Select Council Provides for Free  
Vaccination in This City.

Two more cases of smallpox developed  
in this city yesterday but they  
broke out fortunately in the Mears'  
hall building on North Main avenue  
near Scranton street which was placed  
under quarantine Wednesday night  
when the two children of W. J. Brace  
were taken ill with the disease.

Officers were kept on guard all day  
yesterday at the Mears' hall building  
and at the Brace home on North  
Bronxaven where the death of  
George Lewis and Mrs. W. J. Brace  
occurred on Tuesday and Wednesday.

The second and third floors only, of  
the Mears' building are quarantined.  
The health authorities are making an  
earnest effort to secure the names and  
addresses of all the persons who visited  
the Brace household during the  
sickness of Lewis and if they are run  
down their homes will be placed under  
quarantine until it is seen whether  
they develop smallpox or not.

The West Scranton victims are Mrs.  
Charles Parry, her daughter Emma,  
and two young children of the late  
Mrs. William J. Brace, who was a  
daughter of Mrs. Parry, and sister-in-  
law of George James Lewis, who died  
on Tuesday. The new cases developed  
are the outcome of the Lewis' case  
at North Bronxaven, where the  
Brace children were originally confined  
and where Mrs. Parry was caring for  
Mrs. Brace.

PRONOUNCED IT MEASLES.

Dr. Reynolds was called to attend  
the Brace children in the Mears' building,  
and pronounced their ailment as  
that of measles, but Dr. Paine, who  
was called in the Lewis' case after  
death by the health officer, diagnosed  
the disease as smallpox, and reported  
it as such to Dr. Allen, superintendent  
of the bureau of health.

Dr. Paine also reported the four  
cases in the Parry family as small-  
pox, and the premises were accordingly  
plastered with a smallpox sign yes-  
terday. Patrolmen were on guard all  
day yesterday, and no one was allowed  
to enter the building. When the in-  
mates wanted anything they gave a  
signal from within, and the patrolman  
on guard supplied them.

The West Scranton office of The  
Truth, which is in the front of the  
second floor of the building, was closed  
and temporary quarters opened up on  
Scranton street. All dances scheduled for  
Mears' hall have been cancelled until  
the siege is over.

The bureau of health will take charge  
of the cases and assign a physician  
to look after the victims. Mrs. Ann  
Thomas, of Hampton street, who has  
had the dreaded disease, has been  
placed in charge of Mrs. Parry and the  
three children. She is a capable nurse.  
The Brace house on North Bronxaven  
avenue has also been quarantined, and  
patrolmen kept all persons away  
from the premises yesterday. Special  
Health Officer Thomas V. Lewis shot  
and killed a dog yesterday, which be-  
longed to the Brace family, and thor-  
oughly disinfected the house.

The occupants of the house are Will-  
iam J. Brace, whose wife died there  
Wednesday, and Mrs. George James  
Lewis, whose husband died the day  
before.

TAKING PRECAUTIONS.

Every precaution is being taken to  
prevent the spread of the disease, and  
as a result of the West Scranton cases  
hundreds of people in that part of the  
city were vaccinated yesterday.

Superintendent Allen of the bureau  
of health, said yesterday that it was  
absolutely impossible to make any pre-  
diction as to whether the disease will  
spread. The fact that the attending  
physician did not realize that his pa-  
tients were suffering from smallpox  
and that as a consequence no precau-  
tions against a spread of the disease  
were taken until Wednesday night is  
what is giving the health authorities  
concern.

After a consultation with Superinten-  
dent Allen yesterday morning, Director  
of Public Safety Wormser issued the  
following order prohibiting balls and  
dances of all kinds for the present, a  
copy of which was sent to every owner  
of a hall in the city.

Scranton, Pa., Jan. 22, 1902.  
Dear Sir: In view of the fact that there is  
smallpox prevalent in this city and adjacent  
places you are hereby prohibited from  
allowing any public dance or assemblies  
to be held in your hall until further notice.  
This order must be strictly complied with.  
F. L. Womser,  
Director of Public Safety.

Director Wormser, when asked if  
there was any possibility of the the-  
atre being ordered closed said that  
present conditions did not warrant such  
action but intimated that if the disease  
spreads to any very great extent, this  
may be done.

MR. WORMSER'S STATEMENT.

"I am afraid we are going to have  
serious trouble," said he, "and every  
precaution that can possibly be taken  
to prevent a spread of this disease is  
going to be taken. The action of the  
doctor who attended Mr. Lewis and  
who failed to call in another physician  
in consultation when he saw that the  
symptoms were peculiar, having a  
knowledge as he did that smallpox ex-  
isted in nearby towns, is worthy of the  
severest censure and to it can be traced  
the spread of this disease, if it does  
spread."

The director confirmed the state-  
ment that a site for a pest-house has  
been selected and that such a building  
will be erected in case the disease  
spreads. Plans have been prepared  
and figures for its construction were  
yesterday presented by at least one  
contractor. The director would not state  
the exact location of the site.

Superintendent Allen yesterday vac-  
uumed thirty-five men in the police  
force in the basement of the mu-  
nicipal building. Director of Public  
Safety Wormser, Frank B. Reese, his  
clerk, Food Inspector Widmer and a  
number of employees of the building  
were also vaccinated.

The following patrolmen are  
immunes, having had the disease, and  
will likely be assigned to the duty of  
guarding infected houses: Finlay  
Ross, Thomas Thomas, Thomas Low-

ry, David Parry, Charles Neuls, John  
Mabott, James Quinnan, James  
Thomas and Michael Walsh.

Two physicians have been kept con-  
stantly busy at the International Cor-  
respondence schools during the past  
few days vaccinating the hundreds of  
employees.

POLICE TOOK HIM IN.

Hugh James, the smallpox immune,  
who laid out the body of Mrs. W. J.  
Brace on Tuesday night, and who as-  
sisted in burying it, was seen wandering  
around the streets yesterday by the  
police and was taken to the central police  
station where his clothes were taken off and thoroughly fumigated  
with formaldehyde gas.

Dr. W. A. Paine, who is assisting Dr.  
Allen in the handling of the smallpox cases,  
stated yesterday afternoon in re-  
sponse to a direct query from a Tribune  
man that there is no danger from  
coming in contact with a person  
infected with smallpox until the sys-  
tem of that disease begins to show  
themselves. In other words, a person  
during what is known as the period of  
incubation cannot give another person  
the disease except in rare instances.

President C. E. Chittenden, of the  
select council, introduced a resolution  
at last night's regular meeting of that  
branch, providing for vaccination of  
all persons. It was passed unanimously  
without comment.

THE RESOLUTION.

The resolution provides that a suffi-  
cient number of competent physicians  
be engaged to vaccinate all persons de-  
sirous of being vaccinated and that a  
sufficient quantity of first-class vac-  
cine virus be purchased. The school  
board is to be asked to provide a room  
in each school building in the city for  
the use of the physicians who shall set  
one particular day aside for the vaccination  
of all persons within the district  
surrounding each school and who  
shall set aside another day ten days  
later for the examination of all vaccin-  
ated persons.

The resolution further provides that  
the dates on which persons will be  
vaccinated in the several schools shall  
be published in the papers and that  
notices setting forth the fact shall be  
distributed throughout the city by  
members of the police department.

It is very likely that a special meet-  
ing of the common council will be  
called today for the purpose of con-  
curring in the resolution so that its  
provisions can be carried out with all  
possible speed.

Visitors will not be permitted to  
patients at the Hahnemann hospital  
while there are any cases of smallpox  
in the city. However, all inquiries as  
to patients will be cheerfully answered  
and messages carefully delivered.

**REFERRED TO COMMITTEE**

Franchise Ordinances Came Up in  
Select Council—Action Against  
Fast Running of Cars.

No action on the ordinances award-  
ing franchises to the West End, End  
End and South Side Street Railway  
companies and the Consumers' Gas  
company was taken last night by the  
select council. The titles of the ordi-  
nances were simply read and they  
were referred to their proper committees.

Mr. Maloney introduced a resolution  
directing the director of public safety  
to insist that the cars of the Scranton  
Railway company be run at a  
slower rate of speed than at present  
prevails. Mr. Maloney told of seeing  
cars run on North Washington avenue  
at a dangerous rate of speed, and said  
that something should be done to stop  
it. The resolution was passed.

The following resolutions were intro-  
duced and adopted:

By Mr. Schneider—Extending the time  
for the completion of the Seventeen  
main district sewer until September 1.

By Mr. Clemons—Granting a ten  
years' exemption from city taxes to  
McClave & Brooks on their new found-  
dry, to be erected on the Diamond  
Flats.

By Mr. Schneider—Directing the city  
engineer to prepare plans for and an  
estimate of the cost of a pipe drain in  
the Mt. Pleasant Ravine, to run from  
Decker's court to the east end of the  
North Main avenue culvert.

Ordinances were introduced as follows:

By Mr. Costello—Providing for the  
fixing of six electric lights in the  
Third ward.

By Mr. Melvin—Providing for the  
cleaning and painting of the Lackawanna  
avenue bridge.

By Mr. Schneider—Providing for the  
cleaning and painting of the Cedar  
avenue bridge.

Mr. McAdoo introduced a resolu-  
tion directing the estimates committee  
to appropriate \$800 for the equip-  
ment of the Keyser Valley Hose com-  
pany. The resolution was referred to  
the committee without being passed.

Personally Conducted Tours to  
Florida.

The Lehigh Valley railroad an-  
nounces a series of personally conducted  
Florida excursions, from points in  
Pennsylvania and New York state.  
Tickets sold for these tours will in-  
clude railroad transportation, berths in  
sleeping cars, meals, hotel accommoda-  
tions, etc. Parties holding tickets from  
Lehigh Valley points will join the  
personally conducted train at Philadel-  
phia. Tickets will be sold for the first  
excursion, February 16. For the  
second excursion, February 19, good re-  
turning to and including March 2; and  
for the third excursion, February 21,  
good returning to and including April 1.  
Also for such morning trains on Janu-  
ary 28, February 11 and 25 that reach  
Philadelphia in time for passengers to  
make connection with the New York  
train.

At a meeting of the directors of the  
New York and Utah Oil and Mining  
company, in which local capitalists are  
the biggest stockholders, held in Os-  
wego a few days ago, Samuel McEachen,  
one of the best known oil men in the  
state, was engaged to start for Utah  
at once and begin drilling for oil.

The company owns about 40,000 acres  
of land in Utah, which is believed to be  
rich in oil and coal. Walter Jernyn is  
the president, and among the biggest  
stockholders are the following: Dr. G.  
E. Hill, Joseph Jernyn, James R.  
Mears, R. C. Wilts, George Jernyn, M.  
J. Healey and O. S. Johnson.

The first tour will leave Jacksonville,  
Fla., February 12, and second tour Feb-  
ruary 26, at 10:40 a. m., for continuous  
journey through the original starting  
point. The ticket for the third excursion  
will be valid on regular trains leaving  
Jacksonville up to and includ-  
ing May 31, 1902. The return tickets for  
the third excursion from Jacksonville

will not include anything but rail-  
road transportation. Tickets will not be ac-  
cepted for passage on the Black Diamond  
Express. Fare from Scranton, \$5.25.

**IN FAVOR OF  
LOCAL SCHOOL****COPYRIGHT ON BOOKS AND  
PAPERS PROTECTED.**

Judge Wheeler of the United States  
Circuit Court, of New York, De-  
cides that the United Correspondence  
Schools of New York, Have  
Unlawfully Used Duplates of the  
Literature of the International  
Text Book Company—Must De-  
stroy Books and Pay Damages.

Judge Hoyt H. Wheeler of the United  
States circuit court for the southern  
district of New York has handed down  
an opinion in the case of the Collyer  
Engineer company, renamed the  
International Text Book company  
against the United Correspondence  
Schools of New York that is a great  
victory for the local company.

The Collyer Engineers have made  
a settlement with the International
