

EIGHT CASES ARE ARGUED

HEARINGS BEFORE THE SUPERIOR JUDGES.

Cooper Against the City of Scranton, Edgar and Reynolds Against Callender, Replege Against Singer, Peck and Others Against Connell, Potter and Others Against the Scranton Railway Company, Lewin Against Pauli, and an Appeal in Condemnation Proceedings.

Eight Lackawanna cases were argued before the Superior court yesterday, leaving eleven yet to be heard.

The cases argued yesterday were George Cooper against the City of Scranton, appellant; Mark K. Edgar against C. N. Callender, appellant; G. F. Reynolds against C. N. Callender, appellant; D. P. Replege against James T. Singer, appellant; G. L. Peck, trustee, et al., appellants, against William Connell; in re Condemnation of the Factoryville and Abington Turnpike, H. W. Northrup, appellant; George W. Potter et al., appellants, against the Scranton Railway Company; Charles Lewin against Martha Y. Pauli, administratrix, appellant.

The case of Cooper against the city was argued by ex-Judge E. N. Willard for the appellee, and City Solicitor George M. Watson for the appellant. It is a suit growing out of the alleged faulty construction of the Fourteenth ward sewer. The plaintiff recovered for damages done his property on Eighth street by water overflowing from a sewer which was of insufficient capacity.

Under the general rule in this state, a municipality is not liable for damages resulting from an error of judgment on the part of any of her officials. If a sixteen-inch sewer was, in the judgment of the city authorities, sufficient to care for the water, and a six-inch sewer was built, the city could not be held liable for damages that might result from the sewer being too small.

CAUSE OF DAMAGES. In some states it is the law that the city can be made liable if notice of the fault is given and proof of the fault is furnished. In this case, Cooper suffered damage from the incapacity of the sewer and brought notice thereof to the city authorities. No action was taken to remedy the fault, and some time later his property was again damaged by an overflow.

At the trial of the case, the lower court adopted the rule obtaining in other states, by which the city is made liable after notice of its deficiency is brought to it, and directed that the jury could find for Cooper, which it did.

The Superior court is therefore now called upon to confirm the precedent thus established.

The cases of Edgar against Callender and Reynolds against Callender were argued together, being similar in every detail. Clarence Valentine represented the appellant, and W. S. Diehl, the appellee.

The plaintiffs, on January 9, 1900, each bought of the defendant one hundred shares of the capital stock of the Arizona Eastern and Montana Smelting, Ore-Producing and Development company, at \$5 a share, with the understanding that the defendant would buy it back at the end of six months for \$9 a share, at the option of the purchasers, or fifteen days' written notice. When the six months were up they elected to re-sell, but he would not buy, and suit was brought to recover. The plaintiffs secured judgment for the full amount, with interest.

WAS ACTING AS AGENT. The defense is that Callender was acting only as agent for the company, and further, that the terms of the agreement, prepared by the plaintiffs' attorney, were subscribed to by him without his understanding them. It being his understanding that the agreement was nothing more or less than a guarantee that the stock would be as good in six months as it was at the time of the sale.

The case of Replege against Singer involved the question as to whether or not a landlord is liable to a tenant under an unexpired term, when the tenant moves out because of the failure of the landlord to supply water for domestic purposes, in conformity with an oral agreement made as one of the conditions of the signing of the lease.

The court here decided that the proof as to what occurred at or prior to the signing of the lease, upon which the judgment was entered, was not of a character to warrant the opening of the judgment. The appellant alleges that court erred in so finding.

D. B. Replege, the plaintiff, argued for himself, and C. H. Soper for the appellant.

In the case of Peck and others against Connell, arguments were made for the appellants by S. B. Price and for the appellee by Ezra H. Connell. It is a suit to set aside a judgment secured by the defendant against H. H. Beideman, on the ground that the defendant was irregularly preferred. The lower court decided against the plaintiffs.

E. H. Burns appeared for the plaintiff appellants and ex-Judge E. N. Willard for the defendant in the case of Potter and others against the Scranton Railway Company.

WAS STRUCK BY CAR. The plaintiffs sued for damages done a team and wagon by being struck by a trolley car. The lower court held that the driver, the son of the owner, was guilty of contributory negligence and could not recover.

TODAY'S ATTRACTIONS.

ACADEMY—Heffer-Gibney company. Afternoon and night.

STAR—The Big Sensation Burlesquers. Afternoon and night.

Honeymoon of Mr. and Mrs. Potts.

At the Academy of Music yesterday afternoon and last night a very clever sketch from the pen of E. T. Sweet, the news editor of The Tribune, was presented. It is called "The Honeymoon of Mr. and Mrs. Potts." Mr. Gibney and Miss Alice Hazen of the Gibney-Heffer company appearing as Mr. and Mrs. Potts. It was the first presentation of the sketch on any stage and the reception by the audience demonstrated clearly that Mr. Sweet has evolved something of the public likes very much.

The plot deals in the experiences of Herman Potts, for many years a continued bachelor, who marries a school girl, after a brief season of bliss, a letter, which tells of the purchase of a quantity of poison by Mrs. Potts, falls into the hands of the husband. Other circumstances transpire which impress Potts with the idea that the poison is intended for him. His consternation at the thought and fear of his unsuspecting wife affords opportunity for development of the humor of the play. When Potts reaches the climax of agony the play is happily ended by the discovery that the poison had been purchased for the purpose of killing a troublesome dog.

This brief outline necessarily gives only a vague idea of what the sketch is and no idea at all of the gentle humor that exudes from every line. It was viewed at both performances yesterday, and by the most critical of Scranton's theatergoers and their verdict was that it was one of the best fifteen-minute sketches ever presented in this city.

Miss Alice Hazen, who so charmingly portrayed the character of "Mrs. Potts," is a new member of the company, this being her first appearance in Scranton. She is a near relative of General Hazen, late of the weather bureau, and is well known in the eastern states, where she has been identified with the Castle Square Comedy company in leading roles. Her impersonation of the innocent and loving "Mrs. Potts," who had unconsciously poisoned her nervous husband, was a finished performance and indicated true appreciation of the author's ideal.

Mr. Gibney, who was the Mr. Potts of the cast, and who is well known through his varied record in one of the Frohman companies, did a fine bit of work, notwithstanding that he had but little time in which to perfect himself for the part. He has the true actor's intuitive knowledge of the way a scene should be acted.

"Barbara Frietschie." Clyde Fitch has written many a good play, and in the opinion of the leading New York critics, "Barbara Frietschie" is by far the best. Scenes of pathos, comedy and sentiment are presented in such rapid succession that from the time the first act opens to the end of the play, every attention has been held to scenic detail, and the costuming of the characters, which will be in keeping with that worn at the time of the action of the play.

The title role of "Barbara" will be portrayed by Miss Frances Gaunt, who is not only a pretty, versatile, young actress, but is said to be particularly suited for the part by reason of a charming personality. Miss Gaunt was selected by Charles Frohman to replace Miss Viola Allen in "Under the Red Robe" company. She will have the support of a strong acting company. "Barbara Frietschie" will be the attraction at the Lyceum, Jan. 18.

Vogel's Minstrels. The return of John W. Vogel's Big Minstrels to the Lyceum next Monday evening is regarded with pleasurable anticipation by the hundreds of people who last season voiced it the best selected and most evenly balanced company of burlesque artists ever seen in this section. The company now numbers about a half hundred people, including Arthur Rich, McCoy and Gano, Leighton and Leighton, Roulette, the O'Brien troupe of acrobats, and twenty-five and an orchestra of fifteen pieces. The usual parade will be given at noon on above date. Sale of seats opens this morning.

Faversham in "A Royal Rival." The Lyceum will have a splendid attraction next Tuesday night in the engagement of William Faversham, who will appear in Da Maur's "A Royal Rival," in which he has recently closed a run of over 150 nights at the Criterion theater, New York. The occasion will be particularly interesting, as it will give to the Faversham first appearance in this city as a star, a position to which Manager Charles Frohman has advanced him after long years of splendid service as leading man of the Empire Theater company, New York.

Mr. Faversham has long since established himself as an admirable actor of strong individuality and with a charm and grace of manner that has distinguished especially in romantic and comedy roles. As Don Diego, he has played a picturesque role that brings out all his best qualities. He is a gay, reckless cavalier, always in quest of adventure and ever ready to defend his honor and protect the weak at the point of the sword. Most prominent in his support are Miss Julia Opp, a very beautiful and gifted actress; Elvira Success, of the Empire Theater company; Prince Lloy, Stutz Edwards, James Kearney, Miss Maggie Holloway Fisher, and Claire Melvold. Sale of seats opens Saturday morning at 9 o'clock.

Eight Returns at the Star. The Sharkey-Maher company in Philadelphia tonight will be reported at the Star by rounds, the management having made arrangements to use the eight returning direct to the theater by special wire. The "Big Sensation" Burlesquers continue at this popular play-house for the balance of the week, and the performance they present is undoubtedly giving most excellent satisfaction.

For Saturday night the management has arranged a grand cake-walking contest between the contest members of the company and several well known cake walkers of this city and Brighton.

STAGE NOTES. D'Annunzio says that he read 200 works on the customs of the times, including falconry, costumes, materials for every costume, and even the language of the period, in speaking of his preparations for writing "Francesca da Rimini." He says this work took him a year and a half, and that he then sat down and wrote the play in twenty-eight days.

The Rogers brothers have renewed their contract with Klaw & Erlanger, covering a long term of years, and it is expected that a theater will be built for this popular pair in New York, to be run on the order of Weber & Fields. John McNally has almost completed his latest play for the Rogers brothers, which will be used next season. It will be "The Rogers Brothers at Harvard."
