HAGGERTY DAMAGE CASE TO GO TO THE JURY.

City Tried to Show the Plaintiff Had No Standing Because of Failure to Go Before the Viewers to Seek Redress-Zalewski Damage Case Continues All Day Before Judge Edwards-Mrs. John Canfield Petitioned Court to Have Her Husband Released from Jail.

In the suit of the estate of Patrick Haggerty against the city of Scran-lon for alleged damage done two properties by the opening of Robinson street, the defendants yesterday made an effort to have a non-suit granted on the ground that the plaintiff had no standing in court, because of failure to prosecute the claim before the viewers appointed by the court to assess the damages. Judge Newcomb refused to sustain the city's position and the defense was constrained to proceed on other grounds.

These other grounds were that no damage resulted to the properties in question, and that instead of injury being done, benefit resulted to the

The defense opened just before adjourning time with testimony from City Engineer Phillips regarding the opening of Robinson street and the tendency of this improvement to enhance the value of all property along its line and adjacent thereto. It is hardly likely the case will be conclud-

The defense was heard yesterday, in Judge Edwards' court, in the case of John Zalewski against Max Judkovics and John W. Millett. Zalewski sues for malicious prosecution and false imprisonment. He alleges that h was arrested on a charge of false pretenses at the instance of Judkovics as a means of enforcing the collection of the balance of a store bill, and that Alderman Millett refused good bail

and sent him to jail. The defense was that no bail was offered. Alex. Zenowski, who, it was alleged was offered as bail, did not agree to go bail, but instead tried to convince the alderman no bail was required and became so obstreperous in these efforts that the alderman had to send him up for contempt.

The claim of the plaintiff that the information on which the proceedings were had was insufficient and grossly irregular was not sustained by Judge Edwards.

The closing arguments were made just before adjourning time by M. P. Cawley and Herbert L. Taylor for the defense, and by P. F. Loughran for the plaintiff. Judge Edwards will charge the jury this morning.

The case of the Pennsylvania Brewing company against Martin Miglin and wife was settled yesterday by agreement between the attorneys, Hon. C. P. O'Malley for the plaintiff, and Milton W. Lowry for the defendants. Judgment for the full amount the claim was entered against Martin Miglin.

Three Released on Bail.

Mrs. John Canfield, of South Scranton, had her husband sent to jail during the holidays for non-support and threats. Yesterday she joined in his petition to court for his release on his own recognizance. She said she was without means of support and rather than have her children hungry she would take chances on his making good a promise to support them and not maltreat her. Judge Kelly grant-

ed the petition. Mary Jane Willis, of Vandling, was released on \$300 ball furnished by Robert Wilson. She is charged with being a common scold.

Adam Havatiz, of South Scranton. charged with selling liquor without a on contract. When it came time for Heense, was released on \$500 bail, furthe last payment the plaintiff refused nished by Michael Sztzlylinski. to give a deed until settlement was made for interest. The defendant pro-

Is Proven a Success.

The new plan of expanding the civil list and calling the cases a week ahead is proven a success by its first trial. Heretofore the list was made up of thirty-five cases and if ten cases were finally disposed of, it was regarded as a very successful week. During the last week, with fifty cases on the list, and the unopen cases weeded out previously, the two judges were able to finally dispose of twenty cases.

Of the fifty cases on the list twentysix were continued, six, settled; ten, tried; two continued for settlement; two, non-suited, and four put over, by mistake. Circumstances of a varied

In Orphans' Court.

In the orphans' court yesterday Judge Vosburg approved the return of sale by the guardian in each of the following estates: Clara A. Bullock, a minor; Arthur Alexander, minor child of Rachel M. Alexander; Vivian Moore, minor child of John H. Moore, and in each case the deed of the guardian was acknowledged in open court. The respective parties were represented by

INDUSTRIAL AND LABOR

CAPITAL STOCK OF COMPANY IS TO BE DOUBLED.

Lackawanna Iron and Steel Company Will Probably Surrender Its Pennsylvania Charter and a Charter Secured in New York with a Capital Stock of \$40,000,000-Prosperity Continues to Reign in the Coal Trade-The D., L. & W. Board for Today-Other Matters.

"The Lackawanna Iron and Steel company may be wholly reorganized within a short time," said Mr. John J. Albright this morning.

"We have been working under the old Pennsylvania charter and are now seriously considering the advisability of surrendering that and taking out a New York charter instead. We have decided to increase the capital stock of the corporation from \$29,000,000 to \$40. 000,000. This will enable us to go into the manufacture of structural fron and steel in forms that were not contemplated in the original plans, and with shops and foundries for such work.

"While we have practically decided to double the capital the legal steps have not yet been taken, though they may be concluded without any delay You may say that this will be don and that we shall probably make pleas, a continuance was had until New York corporation of the organization. Only the report of the committee of the corporation is awaited before going on with that policy, and that report will be made soon.

unfinished audits will also be com-pleted. Friday, the 24th inst., is the day fixed for the adjudication and final From another source it was learned that the decision in the question of reorganization may be expected within a week. Mr. Albright did not name Each daily session next week will be held in the law library room, and particular day when the business was likely to be finished, but it is undoubtedly to be known within a few days The control of the corporation is in such able hands that no long deliberation may be looked for now that the Felikse SytoloSeranton subject has been so well considered Stanley BrundzaScranton that Mr. Albright is ready to announce the decision as practically made.-Buffalo News

The Coal Trade.

Prosperity continues to reign in the oal trade. Demand for both anthracite and bituminous is heavy. This is helped by the acute temperature that has prevailed and even at the eastward the market continues in excellen condition, with the demand good and supplies very moderate. At the west supplies are now dependent on the rail eccipts. Confiscation of coal by the railroads continues and there is an active demand for tide coal for eastern and southern shipments. New England dealers are prepared to take large lots, but shippers cannot always se-Mrs. Maggie Harris yesterday made apcure coal at a figure that will allow : margin of profit. The Coal Trade Jour-nal says that "there is nothing in the coal labor situation to cause any apprehension, and that a better feeling prevails all around. Work is better than ever before, and there is already SUPERIOR COURT CASES talk of efforts to secure an eight-hour working day."-Philadelphia Stock Those That Were Argued Yesterday.

Visiting Officials.

H. H. Shepherd, of Bangor, superintendent of the Bangor and Portland division; A. S. LeRoyd, division freight agent at Easton; W. E. Dowle, division freight agent at Buffalo, and Assistant General Freight Agent A. B. Wallace of New York, were calling on the Lackawanna railroad officials in this city vesterday.

They were escorted about the local offices by Division Freight Agent Ten Brock, Chief Clerk Poore and Superintendent of Car Service M. B. Casey.

THE MARKETS

Wall Street Review.

New York, Jan. 17.—There was increased activity in the stock market and a show of strength, but the dealings did not rise much over half a million shares and were laargely congested in the few stocks which were favorites in speculation. Professional manipulation had not a little to do with the advance in prices at some points, and the movement was clearly directed against the short interest which had been accumulating during the downward course of prices this week. The recovety from a recent illness of a leading operator, who is commonly credited with the leadership of the protective forces of the market on the bull side, was believed to explain an important part of today's transactions. The factors which accounted for the rise were partly in the shape of vague intimations and general assertions, rather than of explicit information. Thus, statements were circulated as to the phenomenal carnings of the anthracite varriers, which were asserted to reach 43 and 29 per cent, for the leading high priced stocks. There was no difficulty found in mariking up these stocks, and there was a very heavy demand at the same time for the lower priced stocks in the group, expecially the Readings. There were resulting advances in Lackawama of 11 points, New Jersey Central ex-dividend 34, Reading 25g and other numbers of the group one to two points. The movement was extended in some measure by sympathy to some of the soft coalers. There was continued strength in the southwestern railroads as a group at advances of 1 to 3 points. This might be accounted for by reports or much need-Wall Street Leview.

party to some of the soft coalers. Letter wise continued strength in the southwestern railroads as a group at advances of 1 to 3 points. This might be accounted for by reports of much needed tains in Texas. The industrials as a group came forward into rather greater prominence than of late. Such conspicuous stocks as Sugar, Amalgamated Copper, General Electric and the local Tractions showed gains of one to two points. American Tobacco gained another 35 points today, selfing at 235, with a later bid at 245. This stock is exchangeable at par for 200 of Consolidated Tobacco fours. There is said to be less than five per cent, of the stock still outstanding. Very glowing accounts were put out of the rate of expansion of the tobacco business. American tobacco preferred gained 6 and the Consolidated company's bonds were strong and active. Late in the day St. Paul was bid up quickly nearly two points and other Grangers and Pacifics hardened in sympathy. This late move-

quickly nearly two points and other Grangers and Pacifics hardened in sympathy. This late movement was the effective factor in keeping the clessing firm, as a wavering tendency had developed before St. Paul's rise. Total sales today, 540,000 shares. The railroad bend market was active and strong, mortgages of railroads in the southwest being in particular favor. Total sales, par value, \$4,075,000. United States bonds were all unchanged on the last call. The following quotations are furnished The Trib-une by M. S. Jordan & Company, rooms 705.708 Mears building, Scranton, Pa.
