some connections: Trains acrive at 8.53 a. in and 5.45 p. m Sundays at 8.53 a. m.

# THIRD TICKET IN SIGHT.

Candidates for Mayor, Treasurer and Controller to Be Named in Behalf of Municipal Water.

The third ticket that will figure in the municipal spring campaign is in sight and independent nomination papers are expected to be filed in their behalf some day this week. The limit for filing nominations for the regular parties. which, of course, places the Republican and Democratic organizations first. expires today; but independent candldates have seven days longer in which

to file their papers. The third ticket, as has been expected, will stand on a platform that declares for municipal water; that is, the candidates will be pronounced representatives of that project and their appeal to the people will be based mostly on this.

There will be nominees for only three offices. These are the principal offices to be voted for in the spring election, namely, mayor, treasurer and controller. There was some talk of a complete ticket, but after a discussion it was not deemed prudent to go so deeply into the project. There was a fear, that grew as the suggestion went round, that it would be loading the falo division of the Erie. ticket to have on it representatives for

Nulty shot in the leg several weeks ago, shows no signs of improvement. He is still in a dangerous condition The wounded leg shows little signs of Plans Will Be Decided on by Comhealing. It is terribly suppurated and requires the most careful treatment.

#### Patient Expected to Die.

Mrs. George Buckingham, of Jermyn, was received at Dr. Wheeler's private hospital on Friday for surgical treatment. Saturday she was operated on. Her condition was such that the result of the operation was not successful. Last night she was sinking fast and was not expected to surlve through the night. Gerald McHale, son of Funeral Di-

ector E, J. McHale, who was operated at this hospital for the removal of his appendix, is improving rapidly and vill soon be among his companions. Mrs. Patrick Timlin, of Jermyn, who inderwent a surgical operation at Dr. Wheeler's hospital, is so improved that he is able to sit up. Mrs. Timlin was in a dangerous condition when taken to the hospital, but the work of the surgeons was so successful that the patient will soon be able to go to her home.
