BIG ICE CROP.

Houses at Lake Lodore and Nearby Ponds Are Being Filled.

"How would you like to be the ice man?" never had a better application since its origin than this year. The reason is that the festive ice man, the man who owns the chunks of frozen liquid, is to be evicted. Though it's the winter of the year, yet it brings to him the summer of his content. This year has been a remarkably good one for the ice man. The almost unbroken freezing weather has made it possible, even necessary for him to say nothing but cut ice. The biggest crop that has ever been yielded in years is now being harvested at the ponds hereabouts and the man who cuts so much ice smiles as he packs his houses and thinks of the boiling days of "increasing temperature" that the Scranton weather furnished last night in the Academy of Music, when L. A. Roberts, who will stand as the league's representative for mayor in the coming spring election, delivered a pointed address, in which he clearly defined the purposes of the organization.

FIRST RALLY OF THE MUNICIPAL LEAGUE.

At the First Public Meeting, Held in the Academy of Music Last Night, L. A. Roberts, the Independent Candidate for Mayor, Defines the Purposes of the League. It Will Fight to a Finish for Municipal Water.

The first rally of the recently organized Municipal Ownership league, known as the Municipal League, was held last night in the Academy of Music, when L. A. Roberts, who will stand as the league's representative for mayor in the coming spring election, delivered a pointed address, in which he clearly defined the purposes of the organization. He stated that it was determined to fight the battle of municipal control of water to a finish in the election in February. It was not intended, it was declared, that Mr. Roberts should address the meeting, but when Thomas J. Monaghan, of the Central Lake Lodge, made the opening address, there was a request from the audience to hear Mr. Roberts. He acquiesced and gave the talk in which he made the plain statements that sharply defined the policy of the league.

Mrs. Sophie Binns, President Young People's Christian Temperance Union, Fruitvale, Bal., Cured of Congestion and Inflammation of the Ovaries by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Eighteen months ago I was a pretty sick woman. I had felt for some months that I gradually grew weaker, but finally I had such severe pains I could hardly stand it. I had taken cold during menstruation and this developed into congestion of the ovaries and inflammation, and I could not bear to walk or stand on my feet. The doctor recommended an operation which I would not hear of. One of my friends advised me to try Lydia E. Pinkham's Vegetable Compound, so I gave it a trial. Can you imagine my feeling when within two months I felt considerably better, my general health was improved, and my pains had entirely disappeared. I kept taking it six weeks more and am now enjoying the best of health, thanks to you. Yours truly, MRS. SOPHIE BINNS."

TOLD IN SCRANTON.

It's the Evidence of Scranton People Published in Scranton Papers That Has Made Such a Reputation for Dr. A. W. Chase's Nerve Pills.

Standing clear and distinct, marking the difference, the superior merit, the adaptability to present-day ailments is the volume of local testimony for Dr. A. W. Chase's Nerve Pills. It is so different to the ordinary remedies referring to cures made at distant points which it is hard to verify. There is a reason for Dr. A. W. Chase's Nerve Pills commanding home evidence wherever they are known. It is their wonderful influence in bringing up the standard of nerve force. Mr. Henry Alberts, of No. 616 Birch street, Scranton, Pa., writes: "After about two years my back and kidneys had been sore, lame and the secretions had bad shape. Nothing seemed to help me until I got Dr. A. W. Chase's Nerve Pills at Matthews Bros. drug store, No. 129 Lackawanna avenue. They did the work, curing the soreness and lameness, making the secretions healthy, and generally giving me health and strength."

PECKVILLE.

A ball of gloom settled down over Blakely borough with the coming of darkness last evening, and many a resident turned and twisted the little rubber switch attached to the electric light bulbs, but to no use. There failed to come any glimmer of light, and the old kerosene lamps were fished out from cellar and gamut and were put into use to dispel the darkness. The cause of the trouble is the exorbitant price asked by the water company for the water supply. A water meter has been placed at the plant and tabs kept on the water used. The average per month has been nearly \$60, or \$70 per year. This, council thought an outrageous price and refused to pay, asking for a lower rate. The powers would not listen to a reduction, and in consequence the water was shut off from the plant.

For some years much has been said about the necessity of a place in town where the men, young and old, could spend an evening of enjoyment in sociable company. However, nothing was ever accomplished toward that end until about two months ago, when, at a meeting called for that purpose, it was decided to form an organization granting these privileges, to be known as the Olympian Athletic club. Its first object was to equip and maintain to its members a first-class gymnasium. After looking some time for a suitable building, the club finally was successful in securing the Morgan store building and leased the same for one year. At the present time the club has about forty members, also a gymnasium with most of the modern equipment. The club will soon give a series of entertainments, the first of which will take place Friday evening, January 31, with first-class talent. The speaker for this evening will be the Rev. A. H. Smith, of the Providence Baptist church, one of the prime movers in the Young Men's Christian association movement here.

The ticket nominated was as follows: Councilman, three years, David Jones; school director, three years, W. H. Morcom; constable, W. H. Merritt; judge, Mitchell Roberts; inspector, Thomas Jopling.

Mr. David Hill, a well known resident of Mayfield, will leave today for Sharon where he intends to make his future home. Mr. Hill has been prominently identified for many years with the Welsh Congregational church, of which he was one of the main pillars and his departure will be a severe loss both in the church and Sunday school of which he has been superintendent for years.

Last Friday evening a farewell reception was held in honor of the congregation in the church. Mine Foreman Morgans was chairman of the evening. Speeches were made by Mr. Morgan, Joseph T. Roberts and John T. Griffiths in which they paid the young man a high tribute for his Christian devotion to the church and expressed their sincere regret at the loss they would sustain by his departure. On behalf of the congregation they presented him with a silk umbrella and a Bible at the same time wishing him all the good things possible in his new home. A short programme of vocal selections and Edith Griffiths, Lottie Lewis, Jessie Lee and Ruth Merritt took part which was much enjoyed.
