HONOR FOR COLONEL M'COMB

The Commander in Chief Has Appointed Him an Aide-de-Camp on His Staff.

The local comrades of the Grand Army of the Republic in this vicinity and adjoining towns, are always well pleased to hear of any honor conferred upon Colonel John McComb.

With his comrades in our local post he has been their unanimous choice for their commander, and their representative in the Department.

On several occasions, anything that he has charge of in Grand Army matters always proves a gratifying success.

And in whatever capacity he has served the Department of Pennsylvania he has measured up to the requirements of the occasion.

Last August Colonel McComb was honored by Department Commander Levi G. McCarty, with an appointment as aide-de-camp on his staff.

Since then he has proved his ability, and given such satisfactory evidence of his skill in state work, that the department officers have testified their appreciation by recommending him for national preference.

The text of the following letter will convey gratifying intelligence to Colonel McComb's friends:

"National Headquarters Grand Army of the Republic.

"Office of Adjutant General.

"Miltons, Minn., Jan. 22, 1902.

"Dear Sir: The following letter will convey gratifying intelligence to Colonel McComb's friends:

"The fair in Archbald. Both Local Fire Companies Will Attend Next Week.

The fair under the auspices of the Archbald Hose company, to be held in Archbald, the week commencing Jan. 27, will be a magnet for many people from this city.

The Archbald fire ladies have been the guests of the Columbia and Mitchell Hose companies here during the recent fair.

Management, and our brethren intend returning the compliment.

On Thursday, Jan. 23, the Columbias will attend. The Mitchells have not yet decided but will do so at their meeting coming next week.

Archbald boys made many friends during their visits here, and as their reputation for entertaining is of the highest character it is probable that a number of Carbondalians will attend each evening.

WHO IS TO BLAME? Question Regarding the Floods on Brooklyn Street.

The city and the Delaware and Hudson company are at loggerheads as to which is to blame for the damage resulting from floods near the Brooklyn bridge.

Superintendent Ross volunteered to send any appliances to remedy the flood when it occurred this week, but he refused to send any men to do the work.

The residents in this vicinity claim that the channel is too small for the amount of water to go through, especially in fresh seasons.

The Delaware and Hudson company built a dam across the stream a short distance below the bridge, and it is laid the blame for the damages being incurred.

There is talk of having the dam blown out so as to allow the main stream free passage way. The formation of ice also materially helps to cause the damages.

Their Twenty-fifth Anniversary. The twenty-fifth anniversary banquet and dance of the Knights of Mother Mathew will be held on Wednesday evening, Feb. 5.

The dancing will be held in the Burke building, which will be lavishly decorated for the occasion.

The Mozart orchestra will furnish the music for dancing. The banquet will take place in St. Rose hall and will be an elaborate one.

Holland Bros. will have charge, and the reputation they have already made in this line serves as a sufficient guarantee that the spread will be a tempting one.

The committee in charge is composed of the following young men: M. J. Moran, John Pidgeon, Joseph Kilpatrick, David L. Walsh, Thomas F. Connor, J. P. Campbell and W. J. Collins.

Ladies to Entertain. The young lady workers of the Episcopal church will be entertained this afternoon at the pleasant home of Mrs. Max Kilpatrick on Darke avenue, by Miss Kilpatrick and Miss Martha Brink.

Loyal Temperance Legion. During this week some of the ladies of the several churches of this city organized a Loyal Temperance Legion, at which there were more than one hundred members.

A STRAIGHT SHOT. Brought About by Accident. A lady who accidentally began eating Grape-Nuts and quickly discovered the strength that she gained, felt disposed to write regarding the food.

She says: "Grape-Nuts has done so much for me. When I came out of school, I was broken down in health from overwork and nervousness.

Every summer during the hot weather I have been practically exhausted and generally have lost five pounds or over. Quite by accident I began using Grape-Nuts and though I liked it very much at first, but the taste grew on me so much that I am extravagantly fond of it. I ate it all last summer and was surprised to find that I kept up with plenty of strength, my nerve force increased, and I lost no flesh. I know exactly what has sustained me for I have made no change in my way of living except to take on Grape-Nuts. I never tire of it. I always use it with cold cream in summer and warm cream in winter. This is a straightforward, honest letter and I trust it will be of service to you." Lucy J. Rowen, Cedar Falls, Ia.

NOTES FROM DORIE.

He Has Decided to Enter the Contest for an Office Which Is Considered Indecent.

Dorrence Buckley Burdette was in yesterday, his health but get and handed his rolled manuscript to the Tribune man.

In his new letter he announces his candidacy for the office of constable in his section, an office which is termed indecent by the voters of Greenfield.

Dorie does not seem to be in any way disgraced by the office, but tells of his candidacy in the following few words:

"There seems to be lots of dissatisfaction in our town in regard to the men that are asking for the office of constable. This is the way they talk to me: 'Say, Burdette, why don't you get some decent man to run for that office?'

Well, my answer is 'no decent man would take the office.' 'Why not take it yourself,' they say to me, and one man told me yesterday morning if you will take the office I will see that you are elected without any expense to you.

Now that is quite a temptation as the office would get splendidly along with tax collector, which I expect next year, but to be called not a decent man would hurt the feelings of my proud wife and large family.

As far as I am concerned, I don't care what they call me so I get an office or two. Well, if my neighbors are bound to run a decent man for the office of constable, I will elect me or any other man whom you see fit. I don't think that any voter is under any obligations to the so-called Union caucus. It was nothing but a fake.

"I am the man you want just let your votes say so on election day, and if it be the will of the majority that I am the decent man for the indecent office, I will do what I think is my duty, regardless of friend or foe.

"I was the guest recently of the columns of the Ladies at their fair and their resolution conveyed certainly treated me fine. The ladies and young men all appeared quite glad to see me, and I made quite a few friends. When they heard I was looking for office they wanted to know if they could not help me by moving out in our section.

I appreciated their desire, but did not like to have them leave here, and so they will not come out. They left the decision in my hand and I decided in favor of Carbondale. I have to leave now as I am due at a rally tonight." Dorrence Buckley Burdette.

At Emergency Hospital. Maco Mergo, who was admitted to the hospital on Thursday suffering from injuries received at Edgerton colliery, was somewhat improved last night.

The condition of Martin Jordan is still requiring the doctor's constant nurse's close attention. Last night his condition was unchanged from that of the preceding days, though he was very weak.

His case is being watched with considerable interest as in the event of his recovery, McNulty would be called upon to accept in court the charge of manslaughter. Jordan was attempting to enter McNulty's house when the latter shot him.

A patient was discharged yesterday whose name did not appear on the hospital directory. He slipped on the ice on Envelly street on December 29 and has since been in the hospital, having suffered from severe fractures.

Rode on Street Cars. Thomas Monk, sr., became homesick for a ride on the street cars yesterday and sinking his iron principles in a flow of lively spirits, he became a passenger on one of the cars.

One ride did not suffice. He continued to ride to and fro until his money played out and the conductor requested him to jump off. Tom's fighting blood awoke and becoming obstreperous he was forcibly ejected, though not until he had made much trouble for the crew. He was given a cell in the jail for the night.

Phoebe Lեսenator's Escape. Phoebe Lեսenator made her escape last night from the township officials by means of a Delaware and Hudson train. She had been arrested last Saturday night on the charge of conducting a house of ill-repute, but evaded the law and the officers.

Mr. Andrew was asked to stop her at the station, but he could do nothing as the matter does not come under his jurisdiction and the young man who asked him to halt her refused to make any complaint on which she could be detained.

"Every Man His Own Capitalist." The stereopticon lecture, "Every Man His Own Capitalist," in the Congregational church last evening, was well attended.

The lecturer was Rev. Charles E. Lumde, of Lewistown. Mr. He dealt with the labor question in his many phases. The crowd consisted mainly of labor men of this city and they listened to the reverend speaker's remarks with much attention.

He spoke at some length upon "Industrial co-operation." Rev. Lumde showed a careful study of labor and capitalists.

Left for Capitalists. Mrs. K. G. Wickwire and sister, Miss Mary Bryson, left yesterday for Jacksonville, Fla., to join Mr. Wickwire, who has been in business there for several months. Miss Wickwire will remain there, but Miss Bryson will return here in the summer.

A Brisk Sale. The diagram for the Frank Carpenter Stock company at the Grand next week, opened last evening at 7:30. There was a brisk sale. The goods on hand will be greeted by a large crowd on the opening night. They will give two matinees, Wednesday and Saturday.

Gone to Missouri. John Maxwell has gone to Carthage, Missouri. His wife, Mrs. M. J. Burke, who was injured some time ago, is in such a condition as to give cause for alarm.

Masquerade Social. The Olive Leaf Lodge, No. 156, independent Order of Odd Fellows, will conduct a masquerade given at the W. W. Watt hall on Friday, Feb. 25.

Sunday Services. St. Paul's Lutheran church, Church street—F. Ehinger, pastor. Fourth street—Epiphany. Sabbath school.

The Bethel class met last evening at 7 o'clock at the home of Mrs. William Shannon.

Won the Diamond Ring. Miss Margaret Gillen succeeded in winning the valuable diamond ring offered by the Columbia Hose company to the canvasser selling the most tickets on the 25th of last month.

CHANGE OF LIFE

Some Sensible Advice to Women by Mrs. E. Sailer,

President German Relief Association, Los Angeles, Cal.

Owing to modern methods of living, not one woman in a thousand appreciates this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble.

The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life, and all women who use it pass through this trying period with comfort and safety.

When one steps to think about the good Mrs. Sailer derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief yet it is all true as stated in her letter published above at her own request.

No other medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period "Change of Life." Mrs. Sailer's cure is not an unusual one for Mrs. Pinkham's medicine to accomplish.

No other person can give such helping advice to women who are sick as can Mrs. Pinkham, for none have had such a great experience—her address is Lynn, Mass., and her advice free—if you are sick write her—you are foolish if you don't.

REWARD: We have deposited with the National City Bank of Lynn, \$2000, which will be paid to any person who can find that the above testimonial letter is genuine, or was published in any newspaper.

Lydia E. Pinkham Medicine Co., Lynn, Mass.

MRS. E. SAILER.

"DEAR MRS. PINKHAM:—When I passed through what is known as 'change of life' I had two years' suffering.—sudden heat, and as quick chills would pass over me; my appetite was variable and I never could tell for a day at a time how I would feel the next day. Five bottles of Lydia E. Pinkham's Vegetable Compound changed all that, my days became days of health, and I have enjoyed every day since.—now six years.

We have used considerable of your Vegetable Compound in our charitable work, as we find that to restore a poor mother to health so she can support herself and those dependent upon her, if such there be, is truer charity than to give other aid. You have my hearty endorsement, for you have proven yourself a true friend to suffering women."

—MRS. E. SAILER, 7363 Hill St., Los Angeles, Cal.

Ever on the Alert—Alive to Every Form of Oppression—Kept on Edge. Burdened Beyond Endurance. Nerves Give Out.

The machinery of a mill that grinds day and night has to shut down now and then for repairs. It is the same way with your nerves. Overwork, close application, our ways of living bring about nerve waste that sets symptoms of various kinds. It may be falling strength, weakness, languor, headache, sleeplessness, etc. What-ever it is, nerve force is lacking and the means of restoring rest to your nerves is Dr. A. W. Chase's Nerve Pills. A great many people in Scranton vouch for this.

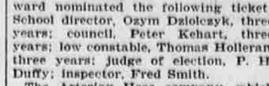

Among them is Mrs. Joseph Mitchell, of No. 515 Linden street, West Scranton, Pa., who says: "Dr. A. W. Chase's Nerve Pills are fine. I was all out of order, nervous, and could not sleep, weak and miserable. The kidneys were sluggish and the back lame. Nothing seemed to help me until I got a box of the nerve pills at Matthews' Bros' drug store, No. 329 Lackawanna avenue. Since I took them I sleep well, don't jerk and talk. My nerves are steady. I feel strong, and the kidneys are working again. I am more than pleased, and glad to recommend the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Starts With a Cold

Catarrh is a lingering cold which refuses to yield to ordinary treatment.

Catarrh usually starts with a cold in the head and left unchecked in this climate, rarely gets well of itself.

As fresh cold is taken the disease spreads, getting caught another place, creeping along the mucous membranes from nose to throat, from throat to windpipe, from windpipe to bronchial tubes and from bronchial tubes to lung cells.

The mucous membranes all connect one with another. Hence it is easy to spread from one place to another lined with this same membrane. This is why catarrh in the head soon affects the throat and finally the stomach itself, bringing on chronic catarrh of the stomach, which is a most obstinate form of dyspepsia.

Everybody is now well agreed that catarrh is a blood disease and not a local one, and the attempt to cure by local applications simply gives temporary relief from the purely local symptoms without the remotest effect in staying the progress of the disease.

There is a new preparation recently offered to the public that is apparently destined to do away with every other form of catarrh treatment.

This new remedy is not a secret patent medicine, nor a long standing, pleasant tasting tablet composed of Bloodroot, Red gum from the Eucalyptus tree, and other valuable and harmless specifics, which are taken internally and seem to have a remarkably beneficial effect upon the blood and mucous membranes, apparently eliminating the catarrhal poison from the whole system.

These tablets, while being pleasant, convenient and absolutely safe to use have made cures in long standing cases of catarrh that are little short of marvelous. They are sold by druggists under name of Stuart's Catarrh Tablets, and are sold by mail.
