By Exclusive Wire from The Associated Press. Harrisburg, Pa., Jan. 28 -- Weston M Keiper and Henry Rowe were hanged at 10.40 this morning in the Harrisburg jail yard in the presence of 1,000 people for the murder of Charles W. Ryan. The murderers went to their death without a shudder and neither made any statement on the gallows or any time since their trial. The crush for admission to the jail was so great that

it required the combined effort of the

police force and the sheriff's deputies

to keep the crowd away from the entrances. Several of the jurors were forced to fight their way through the crowd into the prison. The house tops and tele graph poles in the vicinity were crowded with people eager to witness the execution. Two men with a camera secured admittance to the jail for the purpose of securing a snap shot of the hanging. Prison Warden Meetch de tected them and took the camera away from them until after the execution The bodies of Rowe and Kelper were sent this evening to Lykens. They will be buried from the homes of their par-

COMMUNICATION CONSIDERED

The Government of Holland Has Offered in Most Friendly Terms to Help in Bringing About Peace in South Africa-British Government Infers That Boer Delegates May Be Willing to Accept Terms Pro-

By Exclusive Wire from The Associated Prest. London, Jan. 28 .- The government eader, A. J. Balfour, announced in the house of commons today that no overtures for peace had been received from any one authorized to speak in behalf of the Boers. A communication was, however, received late on Saturday last from the Dutch government, which was now under consideration. Mr. Baifour hoped shortly to lay the communication

and the reply to it before the house. The government of Holland has offered in the most friendly terms to help in bringing about peace in South Africa. In a communication to the British government, the Dutch government suggests that it might be permitted to act as a sort of diplomatic agent for the Boer delegates. The government, tempt at intervention, and does not

nention any terms. It was learned by a representative of the Associated Press that the British government infers that it would have not been approached unless the Dutch authorities were convinced that the Boer delegates now in Europe were willing to accept the cardinal points of the British peace terms, so frequently innounced in parliament. Lord Lansdowne, the foreign secretary, replied in friendly terms to the Netherlands' proposal, but instituted inquiries in order to ascertain the extent of the powers delegated to Mr. Kruger and the other Boer representatives in Europe to act in behalf of the burghers in the field Great doubt is expressed at the foreign office here as to whether any negotiations carried on by the Boer delegater through the Dutch government or other

channels will prove effectual. If satisfactory guarantees in this respect can be secured, negotiations will e begun immediately. This doubt in egard to the authority of Mr. Kruger and others to speak for the fighting burghers is perceptible in the statenent Mr. Balfour made in the house of

ommons today, as detailed above. A supplementary army estimate of £5,000,000 was issued this morning making the total expenditure for the army during the year £92,915,000.
