Trains arrive at 5:30 a. m. and 5:15 p. m. from Buffalo at 5:30 a. m.

WILL APPEAL DECISION.

Municipal Water League Will Probably Appeal Judge Halsey's Decision—Talks with Leading Municipal Water Men.

The news of the handing down of the decision of Judge Halsey in relation to the injunction asked for by the Consolidated Water company restraining the city of Carbondale from putting in a municipal water plant was the general topic of the street last night. Several of the prominent leaders in the municipal water movement when seen last night were in no way downhearted over the decision. Mayor Kilpatrick said: "We were prepared for a favorable or unfavorable decision, and the decision is by us not wholly unexpected, though our attorneys expressed confidence that the injunction would not be granted. It does not mean the death of municipal water agitation but it is a fact which will have to be met. We are prepared for a more persistent fight and I believe we will eventually win out. As to what the city will do in regard to the matter I cannot say, but there is a Municipal League here now and I believe the matter will be very carefully looked after by them. Of course, we cannot give anything final yet until we read the complete report. There may have been a slight plan which served as a loophole or there may have been something that Judge Halsey did not understand. I feel sure the decision will be appealed. It is a matter of fact and if they give the same decision it means a reversal of decision by them as we have shown in court where the Supreme court acted on such a matter before. If the city does not appeal the decision the men comprising the Municipal League will do so. Another man interested in municipal water said: "The decision will spur us on and the matter will be taken to the Supreme court. We have enough men in the league to carry the thing forward and we will do so."

L. A. Roberts, candidate for mayor under the municipal water caption and one of the foremost agitators, said: "I cannot say anything in regard to the matter until I have read the decision in full. Our attorneys have not gone over it as yet but will probably do so today. I believe it will be appealed. In fact I am sure it will. If strangers are allowed the privilege to come here and take the water which flows down our mountains and lay water pipes for it and supply the city, why cannot we who are residents? It is a strange law if we are not allowed the same privilege that strangers are. This will only spur us on to greater efforts. We have made a good fight and are now prepared to even wage a better one." Tonight there will be a meeting of the Municipal League in the Academy of Music and all members are requested to be present. The decision will be talked over and speeches probably made by the leaders.

"JACK" MCGOWAN'S ESCAPE.

The Returned Convict Seriously Accused by His Former Wife.

"Jack" McGowan, of the White Bridge, who came home from the Eastern penitentiary as a paroled convict, is again sought by the officers of the law. Aside from wanting him on charges preferred by his former wife, Ellen Barry, Constable Noary is exceedingly anxious to lay hands on McGowan. The reason for this is that McGowan gave the usually alert constable the slip on Monday morning. The ex-convict was placed under arrest by the constable. He begged to be allowed to go up stairs to change his clothes. The officers had misgivings, but McGowan protested that he would not take advantage of the constable's leniency. He went up stairs, but he did not come back. He made his way out through the front of the house, the home of his father, and fled down the roadway toward Mayfield. He is next of foot, having won the championship of the county for sprinting years ago, and he quickly won out in the race. On his way down the roadway, McGowan met a lad whom he threatened to brain if the boy informed Noary which way he took. Subsequently, McGowan came before Alderman Atkinson and offered bail. This, however, is not acceptable and a new information has been sworn out against McGowan.

At the Grand.

Another large audience greeted the Frankie Carpenter company at the Grand opera house last night, when that excellent company presented "My Friend from India," a roaring farce in three acts. A laugh a minute was the order of the evening. The play gave entire satisfaction to every patron, and

Gowan met a lad whom he threatened to brain if the boy informed Noary which way he took. Subsequently, McGowan came before Alderman Atkinson and offered bail. This, however, is not acceptable and a new information has been sworn out against McGowan.

As stated, the charges have been brought by McGowan's divorced wife, Ellen Barry, and are identical with those by which she was given a divorce by Judge Archbold some time ago. They are assault and battery and threats. There is even a more serious charge, namely, attempted criminal assault. His former wife swears that McGowan came to her house several times recently, making indecent proposals and criminal attempts on each occasion. Once he chased her about her home when she fled before his advances, and flourishing a revolver, threatened to kill her.

The complainant lives quite a distance from McGowan, and since the latter's return from the penitentiary she has avoided him as she has been in constant fear of an attack from him.

McGowan was in penitentiary serving a six-year sentence for burglary, and an attack on an aged couple in this city. When the recent act of the legislature went into effect reducing the terms of prisoners in duration for certain crimes, McGowan was one of the number released. He had nearly three years to serve when given his freedom.

WITH THE AFFLICTED.

How Patients in Emergency and Emergency Hospital Are.

The highest number of patients ever in Emergency hospital at one time are now under treatment there. There are thirty-seven in all and Mrs. Wright and her nurses are kept continually busy. The prevalence of disease and accidents seems to be greater at present than they have been in some time, though fortunately little of the disease is of a contagious nature. Miss Mary Carden who was operated upon at the hospital yesterday, has been continually busy. The prevalence of disease and accidents seems to be greater at present than they have been in some time, though fortunately little of the disease is of a contagious nature. Miss Mary Carden who was operated upon at the hospital yesterday, has been continually busy.

At Wheeler's Hospital.

Mrs. Patrick Timlin of Jernyn, who recently underwent an operation, was taken to her home.

Robert Baker, of Jernyn, who has been at the hospital for some time, is improving.

Gerald McCall, who was operated upon recently for appendicitis, is improving very rapidly. His many friends will be pleased to hear of his improvement.

Miss Annie McLaughlin, of Forest City, an inmate at the hospital, and who was operated upon several weeks ago, will be able to leave the hospital this week.

The condition of Mrs. Lacey, of Forest City, who was operated upon three days ago, is very encouraging.

The rest of the inmates are getting along nicely.

A PITIFUL SIGHT.

Foreigner from Simpson and Family Almost Frozen Awaiting Street Car.

John Loumie, of Simpson, is a union man, but he had never heard of the street car strike. Owing to the burning down of the Northwest breaker he has been idle for some time and yesterday decided to move his household effects to Mayfield. His effects consisted of a wife, four children and a clock. He waited in Simpson an hour or so for a street car but none came and the family walked to this city early in the forenoon. They awaited a car until after 3 o'clock when they boarded one for their new home. The children were no more than half clad and shivered bitterly from the cold as they walked the streets the main portion of the day. Their ages range from seven months to four years. For dinner they searched in the rear of houses for scraps thrown out. The poor little chaps' faces and hands pinched with cold and they excited pity from those who saw them. The clock the father tried to pawn but failed in his mission.

Mitchell Hose Company.

The members of the Mitchell Hose company will meet at the hose house this evening in uniform costumes and caps to parade to the Seventh avenue station where they will board the 7 o'clock train for Archbold. They will be the guests of the Archbold fire ladies who open their fair tonight. A number of outsiders will accompany the company.

Erecting Fire Escapes.

Frederick Murch of Scranton, yesterday began the erection of fire escapes on several of the larger buildings in the city. Among the number who gave the contract to Mr. Murch are the school board, S. H. Williams, Jr., P. Burke and William E. Watt. He has also contracts from seventeen buildings in Honesdale.

James Gorman Injured.

James J. Gorman, the hustling manager of the local branch of the Eastern Telephone company, slipped on the ice on South Wyoming street yesterday and sustained a badly sprained arm. Dr. Kelly attended the injuries. The genial James will be kept from his business duties for some time.

Assault and Battery.

Judson Sears was defendant in an assault and battery case tried before Alderman Atkinson yesterday. His sister, Mrs. Van Vorst, was the plaintiff. Sears was held in \$200 bail for appearance at court. He secured a bondsman.

At the Grand.

Another large audience greeted the Frankie Carpenter company at the Grand opera house last night, when that excellent company presented "My Friend from India," a roaring farce in three acts. A laugh a minute was the order of the evening. The play gave entire satisfaction to every patron, and

the delighted audience showed their hearty approval in applause. From the start to end was one continuous roar of laughter. Each member of the company had a part which was especially fitting to their ability, and Miss Nint Gendel, in the soubrette role, added to the merit she made in Monday night's play.

This afternoon, Monday night's success will be given, and tonight that stirring melodrama, "Pawn Ticket No. 20," the specialties, which have met with favor at the last two performances, will be given with variations at every performance. The company is conceded to be one of the best in repertoire that has ever visited this city, and crowded houses all week should be their reward.

IN THE PUBLIC EYE.

Sincere regret will follow the announcement that George S. Kimball will leave Carbondale in the spring to return to "the scenes of his youth," to his home in Maine to which he is endeared by associations which have not been broken by the lapse of time or his changed relations. The departure

An Accident.

George Hudson, of the Hendrick Manufacturing company met with an accident while at work Monday. He fell against a machine, his hand and wrist being badly bruised.

Church Council.

Church council meeting of the St. Paul's church this evening at 8 o'clock. The meeting will be held at A. Gerhardt's residence. Full attendance is requested.

To Meet Tonight.

The Ladies' Aid society of St. Paul Lutheran church will meet tonight at 8 o'clock in the Gerhardt residence. Important matters come up for consideration.

At the Sousa Concert.

A large crowd from this city heard the Sousa concert last night in Scranton. Several remained in Scranton until today the guests of friends.

With Mrs. James.

The Ladies' Aid society of the Congregational church will meet with Mrs. James this afternoon at her home on Ninth avenue.

Condition Improving.

Charles Lomereux, who was injured in a coasting accident recently, is improving. Dr. Andrew Niles is attending him.

Former Carbondalian Here.

Edward McGowan, a former Carbondale boy, now in Weehawken, is the guest of Lawrence Burke on the West Side.

Inspector Gorman Here.

Postoffice Inspector Gorman was in Carbondale last few days, on business connected with the local office.

On the Sick List.

John Fox, an employee of the Ontario and Western company, is on the sick list.

THE PASSING THROG.

M. J. Geary, of Wilkes-Barre, was in this city yesterday.

W. A. Lantier, of Jessup, circulated among friends here yesterday.

Miss Agnes Grady, of Mayfield, was a Carbondale visitor yesterday.

Charles Murch and Louis Hess, of the Electric City, are at Hotel American.

Miss Agnes Martin, of Olyphant, is being entertained by Carbondale friends.

A. W. Seymour and N. Wachler, of Scranton, are registered at the Hotel Harrison.

Henry Klein, E. Whitley and W. D. Wolf, of Scranton, were in this city yesterday.

Miss Mary Kelly has returned to her home in Honesdale after spending a few days in this city.

Miss Marie Mullahy, of South Main street, was the guest yesterday of Mrs. Thomas Cummings in Archbold.

Mrs. Thomas Cummings, of Archbold, is the guest for a few days at the home of her parents, Mr. and Mrs. T. M. Nealon, on South Main street.

W. W. Murphy, of Scranton, is the guest of his brother, Thomas Murphy, local representative of the International School of Correspondence of Scranton.

JERMYN AND MAYFIELD.

The Baptist people are planning a very unusual work this winter. Plans have been completed for bringing to Jernyn the well known gospel singer, Mrs. M. E. Wilson. Mrs. M. E. Wilson is a sister of the late world-famous singer and hymn writer, P. P. Bliss. She has been associated with all of the best known evangelists of recent years. Such men as Moody, Sankey, Whittle, Francis and others, she and her husband have sung and worked in all the great cities from Boston to Denver. Hon. Thurlow Weed once said of Mrs. Wilson, "She is the Jenny Lind of sacred song." The Baptist people are putting their trust in God, and rejoice that they have been so successful in securing this famous singer and worker to our town. She is expected first to appear in the Baptist church, Sunday evening, February 2. Meetings will continue Monday and Saturday. All are cordially invited. Christians that have time are invited to come and help the Lord save souls.

Letters Uncalled For.

CONSUMPTION

Right food—right medicine—right time—these three things are of the utmost importance to the consumptive.

Right food and right medicine—these are contained in Scott's Emulsion of pure cod-liver oil.

Right time is at first sign of disease. Right time is now.

Scott's Emulsion always helps, often cures. Ordinary food helps feed. Fresh air helps cure. Scott's Emulsion does both. Begin early.

We'll send you a little to try, if you like. SCOTT & BOWNE, 309 Pearl Street, New York.

At the Grand.

Another large audience greeted the Frankie Carpenter company at the Grand opera house last night, when that excellent company presented "My Friend from India," a roaring farce in three acts. A laugh a minute was the order of the evening. The play gave entire satisfaction to every patron, and

Barber, Albert Cobb, S. F. Cooper, George Matthews, Samuel Pierce, Jr., P. Stanton, Henry Stone, Fannie Walker, Mrs. William Allen, Mrs. Verna Arthur, Mrs. Anna Hawkins, Mrs. William Jones, Mrs. Edna Stands, Mrs. Dilecia Gibson, Miss Chyo Carter, Miss Maggie Newman.

A Grand Success.

The social under the auspices of the A. P. F. quartette last night, in Burke's hall, was a grand success. The guests of the four young men comprising the quartette were given a hearty welcome and a good social time. The quartette orchestra furnished the music for dancing. The hall had been elaborately decorated for the occasion and shone brilliantly with the draping and the many incandescent lights.

There were a number of out-of-town persons present.

One Used a Pick.

Two Italians working in a Delaware and Hudson section gang became engaged in a fight, while at their work. One had a pick in his hand and tried to let daylight in through his opponent's body, but the latter side-stepped in time, though the pick made a hole through his coat and cut a gash on his body.

The handy man with the pick was held in jail before Alderman Morrison for his appearance at court.

An Accident.

George Hudson, of the Hendrick Manufacturing company met with an accident while at work Monday. He fell against a machine, his hand and wrist being badly bruised.

Church Council.

Church council meeting of the St. Paul's church this evening at 8 o'clock. The meeting will be held at A. Gerhardt's residence. Full attendance is requested.

IN THE BLOOD

"Can the Ethiopian change his skin or the leopard his spots?" The question stands for all time as expressing the climax of the impossible. You can only change the skin by changing the nature of the blood which tints it, and the nature of the blood cannot be changed. But the quality of the blood may be changed in any man or woman. Poor blood can be made rich—foul blood can be made pure, and by this change of blood there may be produced a change of skin. The blotched, pimply face is caused by impure blood. Make the blood pure and the pimples and blotches disappear, and the skin is changed from rough to smooth, from unsightliness to beauty. It is the same with other eruptions—salt-rheum, eczema, boils, scrofulous sores, etc.; they are the result of bad blood, blood that is clogged and corrupted by poisonous impurities. Cleanse the blood and these defiling and disfiguring diseases are entirely cured.

Dr. Pierce's Golden Medical Discovery claims attention as the foremost blood-purifying medicine, by its successful cures of eruptive and other diseases which are the result of impure blood. It has cured scrofulous sores and ulcers in their most malignant form, and after every other means of cure had failed. It has cleansed the flesh of blotch and pimple, and restored to the skin the soft texture and delicate tint of health. It has cured the tortures of eczema, salt-rheum and tetter in those who after years of suffering had been called incurable. It has proved itself in thousands of cases most wonderful in its lasting cures of blood diseases of long standing. These claims are abundantly substantiated in the following letters from physicians and others who have used "Golden Medical Discovery" for the blood.

"I am using a good many of your medicines in my practice," writes Dr. Joseph Fike, of Los Angeles, Marion Co., Kansas. "Ten years ago there was an emigration from Russia to this country and there was a lady in the company who was badly affected with that dreadful disease, scrofula. Her mouth and throat were in an awful condition, and there were lumps on the outside below the jaw the size of a hen's egg. Other doctors had been called and they said it was a fatal case. I was called and made my diagnosis. I felt confident that none of my remedies would benefit her any. It came to my mind that Dr. Pierce's Golden Medical Discovery was recommended for such cases, so I went to the drug store and bought one bottle and gave it to her to use as directed. Five bottles cured her and she is well to-day. She is married now and has three healthy children."

"I had catarrh for four years, also liver and kidney trouble," writes John A. Calloway, of No. 218 25th St., Columbus, Ga. "In 1894 I was working at night and I broke out in bumps all over, and when I went to bed the skin peeled off. I had pimples and a brown spot on my face. Dr. Pierce's Golden Medical Discovery is the best medicine I ever used in my life. I took six bottles of 'Golden Medical Discovery,' two of Dr. Pierce's Pills, eight packages of Dr. Sage's Catarrh Remedy, and now I am sound and well. I have a good appetite, but before I commenced treatment I had no appetite at all. My eyes were sunken, and my face was pale. Now these symptoms are all gone. I have used many kinds of medicines, but received no benefit until I used the 'Discovery.' Last year I weighed one hundred and thirty-four pounds, and I now weigh one hundred and forty-five."

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick, of Cass City, Tuscola Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me, but the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it I friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used 'All-Healing Salve,' which made a complete cure. It was slow, but sure."

There is no class of medicines more plentiful than those which, under one name or another, are offered as "blood-purifiers." Among the few standard medicines Dr. Pierce's Golden Medical Discovery ranks easily first as a scientific preparation, as well as because of its many wonderful cures. "Golden Medical Discovery" promises more and does more than any other medicine. It cleanses the blood, but it also keeps the blood clean by stopping the source from which the corrupting elements are chiefly received into the blood. Blood is made from digested food. When digestion is imperfect undigested particles are carried into the blood to clog it and corrupt it. These are all eliminated from the blood by "Golden Medical Discovery." But more than this, "Golden Medical Discovery" cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, and hence cures the common cause of the blood's impurity.

If you are suffering from any form of blood disease which has failed to yield to treatment, give Dr. Pierce's Golden Medical Discovery a fair and faithful trial. It always helps; it almost always cures. The use of one or two bottles will often produce an improvement sufficiently marked to encourage the user to persevere until a perfect and permanent cure is obtained.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach and blood.
