Exclusive Wire from The Associated Pres-New York, Jan. 29 .-- Captain James Baker again occupied the witness chair at the trial of Lawyer Albert T. Patrick for the murder of William Marsh Rice, almost the entire two sessions of court being taken up with his cross-examination. The captain admitted that he had expressed no opinion as to the genuineness of the signatures of various papers bearing Ricc's name, and which he now calls forgeries. until he had obtained the opinion of handwriting experts. He furthermore admitted that Patrick, before his arrest, had told him he desired a full investigation of his relations with the aged millionaire. The witness, too, defined to swear positively that Patrick was not present in Rice's apartments when the old man was at one time making depositions relative to litigation he was involved in. The prosecution has been endeavoring to prove that Patrick and Rice never met.

When Mr. Osborno, for the people, offered the 1896 will in evidence as to the genuineness of the signatures. Mr. Moore, for the defense, objected, de-claring that the ruling of the court of appeals in the Molineux case was per tinent. After listening to Mr. Moore, who argued the document was improper and irrelevant as evidence. Recorde

cloff sustained the objection Norman Meldrum, a banker, testified that the signatures on the \$65,000 and \$25,000 checks were forgeries. The trial will go on tomorrow.

Chairman Payne at once called a meeting of the full committee for 11 o'clock tomorrow morning when work on the war revenue reduction bill will begin.

No draft of a bill has been prepared by the Republican members, but it is pretty fully understood that the majority is prepared to favor a measure effeeting very large reductions, amounting practically to a repeal of the entire war taxes and aggregating about \$68. 000.000. The restriction of recent hearings to beer and tea led to the belief that reductions might be confined to these two articles, but the sentiment of the majority now appears to be favorable to a much larger reduction. At the conference today it was the prevailing view that as Cuba had been the cause for incurring the war revenue taxes. the burden should be removed from this country before considering the extent of relief to be granted to Cuba. The question of what percentage of reduction in tariff rates could be made for Cuba was not considered at the meeting tonight, owing to the determination to leave this until after the war revenue reductions had been accomplished
