THINKS CITY PLANT **IS A CERTAINTY**

Opinion of L. A. Roberts, Leader in Municipal Water Movement, Is That Carbondale Will Have Its Own Water System, Regardless of Supreme Court's Decision-His

L. A. Roberts, who is the leader in

'At first blush, the opinion of Judge Halsey did not commend itself to me as good law, and most certainly, not justice. I have been taught that 'common law is common sense,' and is tak-en from the Divine law. Judge Halsey's opinion, on the contrary, dld not read to me as having been taken from any such source. A careful perusal of the opinion, however, very forcibly reminded me of the saying, that every cloud has its silver lining, and that this opinion, contrary though it may appear to all such intents and purposes. has its silver lining also. Quoting from the very meat of his opinion, he says: Then it is made lawful after twenty years from the introduction of the water for the municipality to become the owners of the water works by paying the net cost of erecting and main taining the same with interest thereon at the rate of ten per centum per annum, deducting from such interest, however, any dividends theretofore de-Here then plainly were two clared. distinct methods by which the municipality could supply its citizens with water. "Now then, if the Supreme court sustains Judge Halsey's opinion, we can and will condemn the Crystal Lake Water company, as prescribed in the ppinion which will give us this old and established plant without a dollar of expense. For after deducting all dividends, the company would be in our debt. This procedure was one of the two ways recommended by ex-Judge Rhone, If, however, the Supreme court does not sustain the opinion, then it must sustain us in the issuing of \$145,000 bonds for the erection of a municipal plant. In either case, the city wins the fight, and the people are to be congratulated on their victory. "In regard to Judge Halsey's opinion the Ransom tract, he says: "The taking of the Ransom tract by the city Frank G, Eurke, Edward W, Gilhool in the erection of its plant, would be taking a part of the franchise of the Jermyn Water company, which would result in the undisputed damage to them of \$250,000.' We always knew the Ransom tract was valuable, but really, we never knew it was worth \$250,000

water reconcile this with their old cry that the Runsom tract was no good? Seriously though, do you believe or do you think anybody could be found in the whole city, who believes the Jermyn Water company would be damaged to the amount of \$250,000, or that, in other words, it is worth just that amount of money to them? As a mat ter of fact, the Ploneer Citizens' Water company own the Ransom tract, and have a right to all the water except that which flows through it at the lowest time in the year, which is a very small amount. The law for this can be found in Vol. 6, Penna, District Reports, page 291. If, however, there was no stream of water running through it

at all, we could get, without the shadoy of doubt, all the water we want by outting in the basin a number of arte

THE OMAR DANCE A BRILLIANT SUCCESS

The Greatest Social Affair Ever Conducted in Carbondale by Young

People-Brilliant Illumination and Beautiful Decorations and Richlyrobed Dancers.

The Omar pre-Lenten dance in the Burke building last night was a bril-liant social success. It was a great social triumph for the young men to whom its success is credited, as it was the smartest affair ever conducted in Carbondale by young people and it has perhaps never been eclipsed by any social organization. It was featured by dazzlingly beautiful illuminations, artistic decorations and an as-

semblage of young maidens, robed in care costumes, who with their escorts

ST. PAUL'S LADIES' AID. Annual Election of Officers and Other

Business.

The St. Paul church Ladies' Aid soclety met Thursday at the home of Mrs. G. Kraft. It was an important meeting, as the annual election of offieers took place, and the reports of the officers, which detailed the work of the year. The election of officers which followed the opening prayer, reulted as follows: Mrs. W. Schroeder, clee president (re-elected); Mrs. Ludwig, secretary and collector, in place of Mrs. A. Gearhart, resigned; Mrs. Amella L. Brunner, treasurer (re-elected). These officers will be installed at the next meeting.

The treasurer's report will be audited at the next meeting, as Mrs. Brun-ner, the treasurer, was in Hawley atending the golden nuptial celebration of Mr. and Mrr. Schulm.

The ladies of the association are to be highly commended for their zealous and earnest efforts to push forward the wheels of the church charlot, like the old German women taking up a place in the rear of their husbands, the warriors, who were battling against their engmies. IRRITABLE WOMEN Should be Pitied - Not Blamed -Men Don't Understand How They Suffer When They Cry, "Oh, Don't Speak to Me."

All manner of extravagant expressions are possible when a woman's nerves are overwrought.

The spasm at the top of the wind pipe or bronchial tubes, "ball rising in the throat," violent beating of the heart, laughing and crying by turns, muscular spasms (throwing the arms about), frightened by the most insignificant occurrences - are all symptoms of a hysterical condition and serious derangement of the female organs.

Any female complaint may produce hysterics, which must be regarded as a symptom only. The cause, however, yields quickly to Lydia E. Pinkham's Vegetable Compound, which acts at once upon the organ afflicted and the nerve centres, dispelling effectually all those distressing symptoms.

Mrs. Lewis Says: "I Feel Like a New Person, Physically and Mentally."

"DEAR MRS. PINKHAM: - I wish to speak a good word for Lydia E. Pinkham's Vegetable Compound. For years I had ovarian trouble and suffered everything from nervousness, severe headache, and pain in back and abdomen. I had consulted different physicians, but decided to try your medicine, and I soon found it was giving me much relief. I continued its use and now am feeling like a new person, physically and mentally, and am glad to add one more testimonial to the value of your remedy."—MRS. M. H. LEWIS, 2108 Valentine Ave., Tremont, New York, N.Y.

Writing to Mrs. Pinkham is the quickest and surest way to get the right advice about all female troubles. Her address is Lynn, Mass. She advises women free. Following is an instance:

Mrs. Haven's First Letter to Mrs. Pinkham.

"DEAR MRS. PINEHAM: - I would like your advice in regard to my troubles. I suffer every month at time of menstruation, and flow so much and for so long that I become very weak, also get very dizzy. I am troubled with a discharge before and after menses, have pains in ovaries so bad sometimes that I can hardly get around, have sore feeling in lower part of bowels, pain in back, bearing-down feeling, a desire to pass urine frequently, with pains in passing it; have leucorrhoa, headache, fainting spells, and times have hysteria. My blood is not in good condition. Hoping to hear from you. I am, Mas. EMMA HAVEN, 2508 South Ave., Council Blutts, Iowa." (June 3, 1899.)

Mrs. Haven's Second Letter.

" DEAR MES. PINKHAM : - I wish to express my gratitude for what you have done for me. I suffered for four years with womb troubles. Every month I flowed very badly. I got so had that I could hardly do my work. Was obliged to sit or lie down most of the time. I doctored for a long time, but obtained no relief. I began using your remedies - Lydia E. Pinkham's Vegetable Compound, Blood Purifier, Sanative Wash and Liver Pills - and now feel like a new woman." - Mas. EMMA HAVEN, 2508 South Ave., Council Bluffs, Iowa, (Feb. 1, 1900.)

No Argument Needed

Every Sufferer from Catarrh Knows that Salves, Lotions, Washes, Sprays and Douches Do Not Cure.

Powders, lotions, salves, sprays and inhalers cannot really cure Catarrh, beause this disease is a blood disease,

and local applications, if they accomplish anything at all, simply give transient relief.

The catarrhal poison is in the blood and the mucuous membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucuos, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by closing the Eustachian tubes.

and after a time causing catarrh of the stomach or serious throat and lung troubles. A remedy to really cure catarrh must

be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Gualacol. Sanguinaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeeded admirably in accomplishing this result. They are larger pleasant-tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach, Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever, and are equally beneficial for little children and adults.

Mr. C. R. Rembrandt, of Rochester, N. Y., says: "I know of few people who have suffered as much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only

chance of cure. "Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a fifty-cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider ternoon. The old saying that the gown does not make the woman may be true, but the 1902 materials for Summer Suits will be responsible for many hitherto unnoticed charms.

For the coming Shirtwaist Suits that the "powers that be" proclaim to be the only suitable business suit, or proper for morning wear, we find the finely woven Harvard, Oxford, Madras Cloths in dobble and plain weave stripes and figures on plain and colored grounds, the new Scotch Ginghams, Silk Ginghams and Roman Stripes.

The Sheer Delmar Lawns, Dainty Duchess Dimitles will develop wondrously charming gowns for afternoon and evenng wear during the coming summer days.

The novel Slik Swisses are ceally Silk Embroideries, the inworked design standing boldly from the background, giving it a ich appearance, making it most suitable for silk under-linings and elaborate trimmings.

A cordial invitation is extended to any who would like to inspect the goods in the stock this week, and special orders laid away if desired.
