Washington, Feb. 3 .- Another spirited debate with the Philippine tariff the senate today as the result of some statements made by Mr. Carmack (Dem., Tenn.) in the course of an extended speech on the general Philippine question. It was the Tennessee senator's first speech in the senate and he was given notably good attention on both sides of the chamber. He spoke without manuscript with earnestness, force and eloquence. He opposed the bill because he was opposed to "the whole policy of colonial em-

At the conclusion of his address, which had been listened to by many of his former colleagues in the house of representatives, Mr., Beveridge (Ind.) challenged some of his statements. Mr. Carmack's Speech.

In the course of his speech on the lican supporters of the present Philippine policy, Mr. Carmack said:

With great carnestness, he declared that if the president of the United Fitates had properly characterized Aguinaldo and his associates as bloodthirsty Apaches, then Admiral Dewey and those who accepted Aguinaldo's help and assistance could not escape the charge of deliberately violating the laws of civilized warfare, and he hoped the charge against Admiral Dewey would be investigated.

"From the beginning," said Mr. Carmack, "we know that Aguinaldo was fighting for not change of masters, but for absolute freedom," and he said General Anderson had assured Aguinaldo that the American people never have established colonies, and he could trust in the honor of the American peo-"These facts," he said, "constitute a binding obligation upon us to give them their independence."

one of simply armed neutrality. Challenge of Mr. Beveridge.

At the conclusion of Mr. Carmack's speech, Mr. Beveridge, a Republican member of the committee, sharply challenged a statement by the Tennessee senator that the Philipppine tariff had not been well considered. He said Mr. Carmack had designed to convey to the country the impression that the Philippine commission had not carefully or thoroughly considered the tariff scale. As a matter of fact, he said that scale was fixed after most thorough consideration and after consulting every interest in the Philip-

He asserted the reason why

moderate, thoughtful and conservative people of the country" had not followed the Democratic party in its opposition to the proper control of the Philippines and in other matters of national policy was that they feared that party would sow "the dragons teeth from which would spring a harvest of anarchy.

Another reason, he said, was that that party was sounding a note of retreat, and "never in the history of the country had the American people retreated from any proposition fairly presented to them, and they never would."

Mr. Tillman Interrupts.

As he was proceeding to discuss seme of the conditions in the Philippine islands, Mr. Tillman (South Carolina) interrupted with the inquiry: "Will the senator be explicit and give us the benefit of his personal observations or any official information he has in regard to the dispatch from ment of 1990, made in this city. bill as the text was precipitated in General Bell that he proposed to make war so terrible that they would want peace and want it bad? Is that true or is it not?"

"That was not done while I was there," replied Mr. Beveridge. "I will ask the senator, whether when he is making war, he would not make war'so terrible that the enemy

would want peace? "That would depend," said Mr. Tillman, "whether I considered the war justiflable, or one of infamy."

A running fire of controversy was kept up by the two senators for some time. Then after some incidental discussion by Messrs, Foraker, Teller and Carmack the senate adjourned.

Majority and Minority Report Filed. Probability of Early Withdrawal of Troops from Cuba.

By Exclusive Wire from The Associated Press. Washington, Feb. 3.-Both majority and minor reports were filed on the war revenue bill to day. The majority report sees the probability of early withdrawal of troops from Cuba and the reduction of the force in the Philippines will make further reductions possible and also reviews the ondition of the treamny.

The minority report approves the proposed re-ductions but asserts they should have been notle-long ago. It also advocates a general revision of tariff taxation with the refertion of faxes of accommutated wealth. There is a general denomciation of the Dingley law as the mother of trusts and the report says that it enables manu-facturers to charge far greater prices to ham consumers than are received abroad for the sam goods, which is characterized as "plain robbery."

OPERATORS DEMAND 10 PER CENT. REDUCTION

The Claims of the Miners Are Met with Counter Proposition at Indianapolis.

By Exclusive Wire from The Associated Press, Indianapolis, Ind., Feb. 3.-The operators have met the demand of the 10 per cent, from the present scale of wages. This is in line with the policy they pursued last year at the joint conference at Columbus, which resulted in the final adoption of the agree-

Many of the operators privately say that the present agreement will have to stand for another year. The proposition for a reduction was made today at the conference of the scale committees. The proposition, it is said, came from Illinois and was sec-

onded by all the operators.

The committee went into secret session this afternoon. The open joint conference will not be resumed before tomorrow afternoon or Wednesday. The miners would not listen to the demand for the reduction, and the proposition of the miners for an advance was denied by the operators.

The demands for absolute run-ofmine system and uniform rates of wages for drivers were both discussed. but the vote on both propositions was qually divided.

In case the committee shall be unable to agree on any of the propositions it will so report to the convention, which will then take up the matter in convention and the ground will be gone over again.

Commissioner Powderly and President Gompers of the A. F. of L. Before House Committee.

By Exclusive Wire from The Associated Press Washington, Feb. 3.-The house committee on foreign affairs today heard Immigration Commissioner T Powderly and President Gompera of the American Federation of Labor, in favor of strict Chinese exclusion, as provided in the Mitchell-Kahn bill. Mr. Powderly stated that the hardships encountered by the class of Chinese exempt from exclusion at the detention stations were insignificant. It was the duplicity of the Chinese la-

borer, he said, who sought to gain

admission by assuming to be in the

exempt class, that caused the necessity for stringent exclusion laws. Mr. Gompers spoke of the extent of Asiatic contamination and demoralization of our labor on the Pacific coast. The Chinese worker who earned \$2 and consumed two cents a day impoverished American labor and reduced the standards of living. To the argument that had been advanced that American workmen would have to meet European and Chinese standards of cheap living, Mr. Compers answered that if long hours and low wages meant in dustrial superiority, then China would

have been at the head of the industrial nations of the world.

BRIBERY IS ANARCHY.

Scathing Charge to a St. Louis Grand Jury-Judge Ryan's Pointed Remarks.

By Exclusive Wice from The Associated Press. St. Louis, Reb. 3.-In a most scathing charge to the February grand jury, just empanneled, which he ordered to continue the investigation begun by the previous body into the charge of brib-ery in connection with St. Louis and suburban railway legislation, Judge O'Nell Ryan, on the criminal bench of the St. Louis Circuit court today, de-

clared that the crime of bribery was a menace to civic and political life. "It is anarchy," Judge Ryan said, for it strikes an insidious and deadly blow at government."

Judge Ryan said, in part: "The work and report of the last grand jury revealed appalling condi-tions touching bribery of public offi-

Tugs Are Lost.

sens.

The sailors of the sea-going tugs John E. Berwind and E. S. Atwood, had a narrow escape from going to the bottom with their craft Sunday afternoon. Nothing was known of their plight until the arrival of the German steamer Barcelona, the crew of which rescued the tugmen. The tugs had been delivering provisions to the stranded steamer Cayour, ashore at Long Beach, L. I., and were proceeding back to this point. When the gale struck them the waves began to wash Ann Arber, Mich., Feb. 3.-Miss Agnes logia, over them, not only sweeping off everysophonare medical student in the University of thing movable, but flooding their holds higan, and the daughter of Dr. David Inglis, and getting into the fire boxes. . The seven men on each tug were in imminent danger of death for over two hours. The tugs were absolutely helpless and gradually sinking when the Barcelona hove in sight and exceptionally bright student, shot berself half frozen crews abound. Within half cough the heart. It is said that hard study an hour after this the two tugs went to the bottom.

Captain Claus Bohn, of the Barcelong, was utterly exhausted when his ship reached the pier this morning, as he had been forty-eight hours on the bridge. All the houses on the Atwood and been smashed by the fury of waves when the Barcelona hove down on the sinking vessel. The men on board this morning, causing instant death. No cause the Atwood under the lee of the Harcolona. Then lines were thrown to the men and they scrambled aboard the other, which, having hardly any cargo, stood very high out of the water. The men said the John E. Berwind was in agent at Philadelphia, and William J. Peck, to an equally baid condition. The liner had be postmorter at Pittsion, Pa had the ship immediately swung around and steamed to her aid. She, too, managed to reach the lee of the ship, and the men were hauled on board and taken good care of.
