**CLUB HOUSE** 

# Carbondale Council, Knights of Co-

lumbus, Negotiating for the Old Moffitt Homestead, on South Main Street.

The Carbondale council, Knights of Columbus, will likely have a club house, and soon. Negotiations are in progress for the old Mofiltt homestead, on South Main street. A committee from the Columbusites has conferred with James Coughlin, sr., who recently purchased the property, and had a satisfactory interview with him. It is understood that the new owner Is willing to make the necessary repairs and changes about the homestead and to receive a rental that meets with the favor of the council. The probabilities, therefore, are that a home for the Knights is in sight, a possibility which it has long been hoped to real-

A cltb house for the Knights would be one of the greatest factors in the life of the council. It would give the organization an impetus that would manifest itself in many directions. Not only would it show itself in the council's development, but it would mean a good deal to the social life of the town. This is true of the Carbondale Bicycle club and it would be equally true of the Knights of Colums in the event of their coming into possession of a club house. It has long been recognized, as it must be in every like organization, that without a home, a club house, with ample accomodations for members and facilities for entertaining, that the council has been retarded in its development and that this could not be overcome until the club was a certainty. After tasting about for some time for an acceptable place, there is now a hopeful prospect of the Knights being pleasantly located before long in their own home.

#### MAKES CHILDREN BRAINY.

Proof About Feeding.

It has been proved times without number that properly selected food will build up the brain. The testimony of a school teacher on this subject is good. The letter is long and only the important facts will be given.

#### STORIES OF THE STREET.

A Man From Herrick Comes to Town and Meets Carbondale Jokers-A Municipal Water Story.

He was from Herrick Centre. "Herrick Centre," said he, in a "Lafe" Smith whisper, "is my home, but Uniondale is my town."

This Herrick Centre man came into one of the Carbondale hotels the other day and fell into the hands of several of the town's jokers. He had a "Lafe" Smith beard, a pair of buckskin gloves and a red handkerchief was his muffler. "Say," came the "Lafe" Smith whisper, "there hain't a man here by the name of Michael; he's from South Gibson, and I wouldn't mind seen'

"Michael, did you say?" asked the "khilder" of the crowd. "I know him; he's a broker from South Gibson, isn't You'll find him at the Peddler's

Rest 'round the corner." "Broker," asked the Herrick Centre man with a thoughtful look. "Broker; now I don't know, but I know he's got

a lame leg." "Say," said the "kidder," when the laugh subsided, "do you believe Mars is inhabited?"

"Now, I can't just say as to that, but I did read in the weekly that some man was trying to talk to the folks up there.'

'Sure," continued the "kidder," "they signal to Mars every day now. You see they have a flag as big as the state FOR KNIGHTS of Pennsylvania and a pole about two thousand miles high; they built the pole like they do ice machines, right

up in the air." By this time the Herrick Centre Uniondale man was what "Chuck" Connors would call "all in." He got up from his seat and looked around for a place to put his packages.

This is a "municipal" water story.

Besides being a fertile topic of discussion and the cause of divers opinions the municipal water project has fur nished many a good story. One of the best of these stories is told of a West Side resident, a witty son of

Erin, who is heart and soul in the movement. So much so is he in earnest that everybody who is not shouting free water is according to his opinion is "agin" the movement. He was one of the witnesses called by the city to prove that the water furnished West Side residents was not up to the stand-

"Tell the court, please, your opinion as to the water you have to drink?" "Your honor," said the West Sider, his rich brogue filling the court room. Your honor, sure there's balt enough comes through my tap to keep Vint Kearney fishin' up at the mud pond all winter." Vint is one of the winter fishermen of the town.

#### THE SILVER JUBILEE.

Celebrated Last Night by Knights of Father Mathew.

Last night was an eventful one in the history of the Knights of Father Mathew, the oldest organization of the younger members in the total abstinence movement in Carbondale. was the twenty-fifth anniversary of the society-its silver jubilee.

There was a double celebration, as it were, of the happy event. There was a dance, in the early evening, in the Burke building, and at midnight, after several hours of music and pleasure in the ball room, the guests repaired to St. Rose hall, where the banquet table awaited the gathering.

The dance was a happy forerunner of the evening's pleasure, as the young people who made up the assemblage seemed to keenly enjoy the time spent in following this diversion. The Mozart orchestra provided its best music At the banquet, which was served by Mulholland, Mark Campbell was toastmaster. The toasts and responses were as follows: "Our Society," M. J. Horan; "Our Ladies." Thomas Connell; "Our Country," David L. Walsh; "Total Abstinence," P. F. Carroll.

The report of this part of the exercises will appear in tomorrow's

A Change in the Cast.

"Our New Minister," which returns to the Grand on Monday night, is a splendid pastoral play. It has not the dairy farm scenes, the threshing machine and other clap-trap, such as is too common in pastoral plays; but it is a good play, a play filled with merit It presents types that are true to life and which are portrayed in a manner that makes you believe they are moving about in real life in the hardnearted town of Hardscrabble, Vt. At last I obtained a bottle of Dr. Pierce's Golden Medical Discovery. Refore I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. # An Ideal Medicine

A New Discovery Which Cures all Forms of Catarrh.

The tablet is the ideal form in which to administer medicine, but until re cently no successful catarrh tablet had ever been attempted. There is now, however, an excellent and remedy for catarrh in tablet form, known as Stuart's Catarrh Tablets and

sold by druggists, composed of the most recent discoveries in medicine for cure of catarrh and results from their use have been highly gratifying.

The old time treatment of catarrh was in the form of inhalers, washes, douches, sprays, etc. Later on internal remedies were used with greater success, but being in liquid or powder form were inconvenient to use and like all medicines in liquid or powder form, lose their medicinal properties when opened or exposed to the air.

Stuart's Catarrh Tablets contain highly concentrated antiseptics, Red Gum, Blood Root, etc., which kill the catarrh germs in the blood and mucous membrane, and in this respect are strictly scientific and modern, because all authorities are now agreed that catarrh is a constitutional blood disease, and local applications can have only a transitory effect.

The use of inhalers, douches and sprays is a nuisance and inconvenience and can in no wise compare favorably with the same antiseptics given in tablet form internally, where they can reach the stomach and blood and kill catarrh germs right where they are produced.

A prominent lawyer and public speaker of Pittsburg says: "I have been roubled with catarrh of the head and throat for twelve years. In this climate it seems impossible to get rid of it. The continual dropping of mucus from the nose into the throat caused irritation and hoarseness, seriously inerfering with my public speaking. It took me an hour or more of coughing, gagging, expectorating and sneezing every morning before I could settle down to work and this condition gradunity brought on catarrh of stomach. causing loss of appetite, poor digestion and a foul breath, which annoyed me exceedingly. My physician advised me to try Stuart's Catarrh Tablets and I took them for two months and was stonished to find how quickly they leared my head, throat and stomach and I have no hesitation in recommending them. They are not only pleasant to take, but they seem to get at the very root of the trouble, because since sing them I have had no trace of

catarrh. Druggists sell Stuart's Catarrh Tablets at 50 cents for full size package. They can be carried in the pocket and used any time as often as desired since they contain no cocaine, mercury or any other injurious drug.

Heavy Travel to Florida and the South.

The tide of travel which sets in every

The popularity of this train is mainly due to the prominence of the points which it touches and the quick time which it makes between New York and Florida.

Another train operated by the Southern Railway system is the Washington and Southwestern Limited. Its close conaection with the "Sunset Limited" of the Southern Pacific company at New Orleans to Mexico and the Pacific coast makes it a popular southern route for winter travel. This system offers quick service to the beautiful 'Land of the Sky," the mountain region of North Carolina, within which are located such famous resorts as Pinehurst, Asheville and Hot Springs, also to Columbia, Summerville, Aiken and Augusta. These places are easily reached, and is one of the main reasons for the present great increase of Southern travel. The travel to the still milder and more southernly located resorts in Florida, St. Augustine, Palm Beach, Ormond, Tampa and other places on both the Atlantic and Gulf coasts of the state seems to be equally heavy, The Southern Railway route is also most popular among travelers to Cuba, since the quick time made between New York and Tampa and Miami, materially shortens the trip to Havana. Travel westward through he Gulf states to New Orleans and he west is unusually heavy, and the approaching Mardi Cras festivities in ew Orleans are also attracting a con lerable number of northern visitor o that city.
