Erie Railroad.

Trains leave city station, Carbondale, daily (except Sunday) at 7:00 a. m. and 3:30 p. m. for Bradford and Newton at 8:25 a. m. daily (except Sunday), for Binghamton, making connections for New York at 10:00 a. m. and Buffalo at 6:10 p. m. For Susquehanna, making connections for western points.

FOR NEW BOWLING ALLEY

Proprietor Williams of the American House Considering a Proposal to Build One.

It is likely that Carbondale will have another bowling alley, one of the latest and most approved styles. A proposition to install one has been made to Proprietor Williams, of the American house, and he is considering it. A surprising number of queries as to a bowling alley have been made to Mr. Williams. Scarcely a day passes that one or more drummers who are at the hotel over night do not ask if they can bowl a game or two and express surprise when informed that the hotel lacks one. It was this that led Mr. Williams to entertain a proposal for the erection of one. Representatives of the firm, which leads in the manufacture of bowling alleys, were in the city this week with inducements for Mr. Williams to place one in his hotel. Mr. Williams leans to the proposition and it is probable that he will act on it. This, however, cannot be said with authority, for he has not made a positive statement.

The erection of this alley, now that there already is one here, and being so publicly and desirably located, would give a decided impetus to the sport of bowling and in time make it relatively as popular as in Scranton. There is no question as to the interest that could be worked up among the enthusiasts and it would be only a short time one could safely venture to say until Carbondale could send players to Scranton that would hold their own with the cracks of that town. Carbondale has a great reputation for superiority in the field of sports and it is a sure bet that her sturdy lads would not have to go away back and sit down for any bowlers, even though they might come from Scranton or even Honesdale, where live the mighty (?) in all things. The enthusiasts of Scranton would be sure to co-operate in the efforts to popularize a sport so healthful and beneficial as bowling, and so free of abuses and mentally stimulating because of the skill and spirit of contest. In fact a few of the foremost bowlers in Scranton are concerned in the effort to establish the alley at the American house. They are desirous of broadening the field of competition.

FATHER MATHEW BANQUET.

A Feast and Toasts Happily Ends Silver Jubilee.

The celebration of the silver jubilee of the Knights of Father Mathew was happily closed during the early morning hours of yesterday by a banquet in St. Rose hall. Toasts, filled with valuable suggestions for the work of total abstinence, were given by the speaker, followed by the discussion of the menu so satisfactorily by Mullholland Bros. the caterers of the occasion.

WASN'T CURED.

Didn't Get Well of Anything.

"I spent three weeks with a friend in Dayton last winter. She was using Postum Coffee exclusively as a beverage at meals. I said, 'I thought you were so fond of coffee that you could not be induced to give it up.' 'Well,' my friend said, 'We got to liking this Postum Coffee for it serves as a food as well as a beverage, and we have all felt so much better since leaving off the old coffee.' 'I learned to make the Postum and made it fine, so when I went home I began to serve it to my husband instead of the old fashioned coffee. About a week afterwards I asked him how he liked that coffee, and told him I had been trying a new kind. He says, 'I think it the most excellent.' Is it Mocha or Java or a mixture?' I told him that it was the famous Postum we had read so much about and he most jumped from his chair in surprise, but the change has become a fixture and he will never give up Postum and go back to the old fashioned coffee, for we not only like it better but we feel so much better in every way.' This lady's name given by Postum Co., Battle Creek, Mich.

kind, but of course all deserved, were dealt out by Thomas Connell in discussing the toast "The Ladies." In the course of his talk, he urged the women to take a deeper interest in the total abstinence cause and declared their influence in the work could not even be conceived.

Improvised toasts followed, the newspaper men present being singled out by Toastmaster Campbell. J. Norman Gelder gave a most interesting and happy talk, blending humorous and serious thoughts quite satisfactorily. A worthy suggestion he made was that the Knights enlist the interest and influence of the women by forming a women's auxiliary.

M. J. Murphy made a brief address, in which he said things that aroused the admiration of his hearers. Martin T. O'Malley also spoke briefly.

The committee, to whom a big share of credit is due for the success of the banquet was composed of M. J. Horan, Mack H. Campbell, Thomas J. Connell, John Pidgeon, Joseph Kilpatrick, and others.

FIREMEN TO CELEBRATE.

Mitchell Company to Observe Tenth Anniversary with Banquet.

The Mitchell Hose company will have passed a decade in its history during the month of March, and in observance of the event a banquet will take place. Arrangements to this end are now under way and it is expected that the celebration will be a worthy one. The Mitchell has elected the following officers for the coming year: President, T. E. Campbell; secretary, J. B. Rowison; treasurer, A. H. Lettis and Carl Roesiger; foreman, Thomas Herbert; assistant foreman, Fred Bailey and P. A. Ribenburg; driver, John Swackhammer; turner, Daniel Thomas; trustees, M. H. Tappan and A. Mitchell, Jr.

THE FRANKIE COMPANY'S RETURN.

The Frankie Stock company was given a good reception at the Grand last night when it opened a return engagement of three nights, with a matinee on Saturday. "My Friend from India," the play innumerable funny situations, laughable complications and bright dialogue, was the bill and was well produced. Miss Connell was given a deserved recognition in her engagement to play "The Merchant of Venice" on the road. The company is now rehearsing in New York city.

MISS LOOMIS' MERITS RECOGNIZED.

The merits of Miss Estelle Loomis as one adopted to express the human emotions, have been given a deserved recognition in her engagement to play "The Merchant of Venice" on the road. The company is now rehearsing in New York city.

A Play Worth Seeing.

A play that is worth the seeing, one in which there is meritorious acting, is "Our New Minister," which comes to the Grand, Monday night, to play a return engagement. The production is a play that has been seen in Carbondale, and to those who enjoyed it New Year's day will testify it teaches the lesson of liberality in religious views in a forceful manner, by simply giving a true picture of life as it is or has been in the narrow-minded town of Newfascible, Vt. A splendid company produces the play.

TO GO TO CHICAGO.

Miss May Birs, daughter of Mr. and Mrs. E. Birs, of Washington street, who holds a position with the Mills music publishing house of New York city, has been advanced and will leave the metropolis in a few days for Chicago to assume direction of the branch house of that concern which has just been opened in the big city of the west. Miss Birs' friends wish for continued success will go with her to her western home.

FAREWELL TO MR. BRIGGS.

There will be a farewell reception tonight to Harry Briggs at the rooms of the Carbondale Cycle and Motor Co., where he will enter business life. He was a popular member of the Cycle club and there will be many regrets over his going.

MEETINGS OF TONIGHT.

Palatine commandery, Knights Templar. Junior Order American Mechanics. Luckawanna encampment, Odd Fellows.

DIAGRAM FOR GORDON LECTURE.

The diagram for the lecture, "The Last Days of the Confederacy," by General Gordon, will open at Reynolds' drug store this evening. Checks will be given out at 7:30 and diagram open ten minutes later.

SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs. Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

THAT IS EXACTLY THE KIND OF THOROUGH WORK SCOTT'S EMULSION DOES.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about. Scott & Bowne, Chemists, 49 Pearl St., N. Y.

SLIGHING PARTY ENTERTAINED.

There was an enjoyable time at the home of Mr. and Mrs. Joseph J. Delavan, on Oak avenue, Wednesday night, when a slighing party of twelve couples were entertained. There were music and games, followed by a luncheon that was keenly relished after the trip.

KNIGHTS OF TEMPLAR EXERCISES.

Tonight's meeting of Palestine commandery of the Knights Templar, as the exercises incident to escorting the right eminent grand commander to the asylum, will take place. A luncheon will follow the exercises.

THE PASSING THROG.

E. T. Skelly, of Honesdale, was a visitor in Carbondale yesterday. Thomas V. Nealon enjoyed a sleigh ride to Archbold last evening.

THE POLICEMAN COMMANDS OBEDIENCE TO THE LAW IN THE SIMPLEST WAY.

His uplifted hand stops traffic as effectively as a leveled revolver. It is only when reckless people refuse the gentler warnings of the law that club and pistol come into play and result in wounds or death. The law of nature is enforced on the same plan as the civil law. The law-breaker does not come to the sick-bed without warning. The headache, sleeplessness, and nervousness, with flatulence, undue fulness after eating, and other symptoms of stomach "trouble," which come to men and women, are all Nature's warnings of violations of the laws of healthful living. If these warnings are not heeded, then comes the sterner admonition that often places the heedless and disobedient on a sick-bed. There are people to-day existing on toast and "slops," weak, miserable and complaining, who ought to be in sound health and in the full enjoyment of life. They would be had they heeded the warnings Nature gives. In most cases they may even yet be restored to health by the use of the same means by which thousands of men and women have been made strong and healthy—Dr. Pierce's Golden Medical Discovery. The cures effected by this remarkable remedy are so many that there is hardly a town or village in the country which does not contain some living witnesses to its curative powers. The stories of these people are varied and cover many forms of disease affecting lungs, heart, kidneys, liver, stomach, blood, etc., but all the stories are alike in this one feature—they end with a perfect and lasting cure as the result of the use of "Golden Medical Discovery."

It is a singular fact that the larger number of persons cured had been sufferers for years and had become victims of chronic diseases. The fact is singular because of the neglect to use Dr. Pierce's Golden Medical Discovery in the early stages of disease, a medicine so widely known because of its cures. The witnesses to these cures are legion. Clergymen, doctors, merchants, farmers, men and women in every walk of life, are among those who, for the benefit of other sufferers, point to the simple and economic means of cure offered in the use of Dr. Pierce's Golden Medical Discovery.

"I was not well for two years," writes Mr. James M. Sizemore, of Mitchell, Lawrence Co., Ind., Box 501. "My throat was always sore, head ached and back ached nearly all the time. My weight was 155 pounds. I was taken sick with typhoid fever, and when the fever passed such a pain in my left side that I could not breathe without pain. I thought I must die. My wife went to the drug store and procured a bottle of Dr. Pierce's Golden Medical Discovery and a vial of his 'Pleasant Pellets.' I discontinued the use of my doctor's medicine and began with the 'Golden Medical Discovery' and 'Pellets.' I at once began to feel better; the pain soon left my side and I could breathe with ease. In a week or so I felt so good I could not stay in the room. I began to walk about the streets; I felt better each morning. After a month's use of the medicine I was well. That was over a year ago. Now I weigh 181 pounds and feel better than ever in my life."

"I was afflicted for several years with a complication of diseases; neuralgia of stomach, rheumatism and kidney trouble," writes Mrs. Luella Garinghouse, of Galena, Delaware Co., O. "After doctoring with five of the best physicians of our town for two or three years without receiving any particular benefit, I decided to write to Dr. R. V. Pierce and give him a brief description of my case. You kindly answered my letter immediately, recommending a persistent and systematic course of treatment with Dr. Pierce's Golden Medical Discovery. Also requesting that I follow the hygienic advice you enclosed, and which I did with the following results: When I wrote to Dr. Pierce I had been sick for several years with rheumatism, but for the last year neuralgia of stomach, also a pain in my heel and ankle (they were swelled during the day), and pain at the very end of the spine, so I could hardly sit down at all. My throat was very sore every night for three months, and my stomach was so sore I could not bear the weight of my clothes. Strange to say I had an enormous appetite, but everything I ate gave me that pain in the stomach. In fact, I was so discouraged I never expected to get well, but after consulting Dr. Pierce I felt some hopes of recovery. After taking thirteen bottles of 'Golden Medical Discovery,' two of 'Favorite Prescription' and three vials of Dr. Pierce's Pleasant Pellets I felt entirely well."

Every farmer and dairyman knows that it is of the first importance that the vessels into which the fresh milk is put shall be absolutely clean. The slightest taint in the vessel will taint all the milk that is put into it. It is very much the same way with the stomach. If the stomach is diseased it must injuriously affect the food put into the stomach. And as the blood is made from digested food, the blood also must suffer contamination from the diseased stomach. Then because blood is the life of the body and feeds every organ of the body, whatever affects the healthy quality of the blood must affect the organs which feed on the blood, and, therefore, affect the whole body, the life and sustenance of which is the blood made from food. These facts connect the diseased stomach with every organ and tissue of the body, and partly explain why Dr. Pierce's Golden Medical Discovery which cures diseases of the stomach and other organs of digestion and nutrition, also purifies the blood and cures through the stomach diseases of organs seeming remote from the stomach, but yet so linked to it and dependent on it that they cannot have sound health so long as the stomach and digestive and nutritive system are diseased.

Instead of trying Dr. Pierce's Golden Medical Discovery as a last resort, try it first of all. Its use offers the greatest possibility of cure. It always helps. It almost always cures.

Sick people are invited to consult Dr. Pierce by letter free. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach and blood.

DON'T NEGLECT IT. Don't neglect the opportunity to get a copy of Dr. Pierce's Common Sense Medical Adviser FREE. This best of modern medical works contains more than a thousand large pages and over 700 illustrations, and is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address: Dr. R. V. PIERCE, Buffalo, N. Y.

W. WATKINS; RECITATION (SELECTED).

Miss Helen Hughes recited (selected) Miss Helen Hughes recited (selected) Prof. George Hawley and Fred Benjamin; recitation (selected). Miss Lena Gendall; piano duet, Misses Isabella Gausmuller and Lena Gendall.

TAYLOR.

Mr. and Mrs. Richard J. Davis, of North Main street, gave a pleasant birthday party yesterday afternoon in honor of their daughter Mabel's eighth anniversary. Games were played from 2 to 5 o'clock, after which refreshments were served.

HEAVY TRAVEL TO FLORIDA AND THE SOUTH.

The tide of travel which sets in every winter from the northern states to the milder climates of the south and southwestern portions of the country has begun this year at a very much increased rate over that of any previous season. Transportation companies report that their facilities are completely utilized, and that early application is often necessary in order to secure choice accommodations.

THE LACKAWANNA COMPANY WILL PAY THE EMPLOYERS OF ITS FOLLOWING COLLEGIANS.

The Lackawanna company will pay the employers of its following collegians tomorrow: Taylor, Payne, Holden, Continental, Archbold and Sloan.

THE PUPILS OF NO. 1 SCHOOL ENJOYED A SLEIGH RIDE TO PROVIDENCE YESTERDAY.

The pupils of No. 1 school enjoyed a sleigh ride to Providence yesterday. They were accompanied by their teachers, Misses Mackenzie, Morris and Evans.

THE GOLDEN PLEASURE CLUB.

The Golden Pleasure club, of Old Forge, will conduct a banquet, ball and concert in Holland's hall, February 15. A costume march will be given under the direction of Noah Williams.

THE MARCH REHEARSAL WILL BE HELD ON MONDAY EVENING.

Mrs. Rachel Thomas, of Old Forge, who sustained a broken leg, while visiting relatives here last week, is getting along as well as can be expected.

OSCAR, SON OF MRS. ROBERT LIEWELAND, OF UNION STREET, FELL ON THE ICE AT NO. 1 SCHOOL, WHILE PLAYING, AND BADLY SPRAINED HIS ARM.

The silt factories of this borough are kept quite busy, owing to a rush of orders.

MR. AND MRS. LESLIE FRUTCHIE, OF UNION STREET, ARE AT TOWNDA, ATTENDING THE FUNERAL OF MR. FRUTCHIE'S BROTHER, EDWARD.

Mrs. Thomas Howells, of South Taylor, is visiting relatives and friends at Jermyn and Dundaff.

MISS ETHEL REESE, OF MAIN STREET, HAS RETURNED HOME FROM A WEEK'S VISIT WITH RELATIVES IN CARBONDALE.

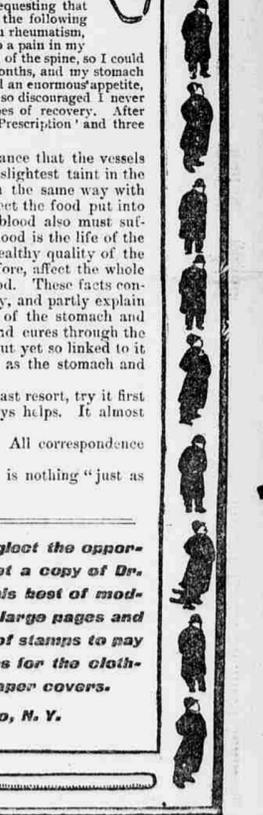

Mrs. George Taylor, of Scranton, visited relatives on Main street yesterday. George Froebler, of Stroudsburg, visited relatives in this place yesterday.

JOHN SHIELDS, OF THE FOURTH WARD, HAS WITHDRAWN HIS CANDIDACY FOR COUNCIL ON THE CITIZENS' TICKET IN THE SAID WARD.

The masquerade ball of Taylor Hose company, No. 1, held last evening in Weber's rink, was a novel and enjoyable event.

HEAVY TRAVEL TO FLORIDA AND THE SOUTH.

The tide of travel which sets in every winter from the northern states to the milder climates of the south and southwestern portions of the country has begun this year at a very much increased rate over that of any previous season. Transportation companies report that their facilities are completely utilized, and that early application is often necessary in order to secure choice accommodations.

South, has proved a welcome—and in many ways a necessary—addition to the means of intercommunication between these two sections. This train is running heavily loaded every day, every compartment and stateroom being taken, and it has frequently been necessary to put on additional sleeping cars in order to accommodate the demand. The popularity of this train is mainly due to the prominence of the points which it touches and the quick time which it makes between New York and Florida. Another train operated by the Southern Railway system is the Washington and Southwestern Limited. Its close connection with the "Sunset Limited" of the Southern Pacific company at New Orleans to Mexico and the Pacific coast makes it a popular southern route for winter travel. This system offers quick service to the beautiful "Land of the Sky," the mountain region of North Carolina, within which are located such famous resorts as Pinehurst, Asheville and Hot Springs, also to Columbia, Summerville, Aiken and Augusta. These places are easily reached, and is one of the main reasons for the present great increase of Southern travel. The Southern Railway route is also most popular among travelers to Cuba, since the quick time made between New York and Tampa and Miami, materially shortens the trip to Havana. Travel westward through the Gulf states to New Orleans and the west is unusually heavy, and the approaching Mardi Gras festivities in New Orleans are also attracting a considerable number of northern visitors to that city. Complete information in regard to reaching all of the above resorts can be procured of Chas. E. Hopkins, District Passenger Agent, Southern Railway, 528 Chestnut St., Philadelphia, Pa., as his office is a bureau of information for southern travel.
