INDUSTRIAL AND LABOR TROUBLE THAT IS ON AT THE NOTTINGHAM.

Matter Has Been Reported at the Headquarters of the Mine Workers—Rumor About Purchases by the Pennsylvania—Present Condition of the Iron Market—Mine Foreman Promoted—Annual Report of the Lackawanna Will Be Issued Next Week.

Rumor About the "Penny."

There is a well defined rumor in circulation, says the Bloomsburg Daily, to the effect that negotiations are pending for the purchase of the Bloomsburg and Sullivan and the Central Pennsylvania and Western railroads by the "Penny," overtures looking to the absorption of these two lines, it is rumored, having recently been made. It is further asserted in the event of this consummation being brought about the latter road will use the low path of the abandoned Pennsylvania canal for the extension of their line to Erie and Nesquehoning.

The Iron Market.

The pressure of business continues very strong, and there has been a great deal of contracting running over into the second half of the year. There is a strong disposition on the part of some of the minor interests to advance prices. In structural material for which demand is especially strong, there have been some increases in quotations. In rails there are reports that at least one order has been placed

abroad, our own mills being unable to give deliveries as soon as wanted.

Some more sales of German billets are reported to mills which have been unable to get steel home. A question has arisen as to the nature of some of the buying for the second half of 1902. Some people are inclined to think that at least part of it is speculative, and that such transactions may cause some trouble later. If this is so—and it is given only as rumor—the operators seem to have been quite successful in taking up furnaces and mill capacity.—Engineering and Mining Journal.

Mine Foreman Promoted.

Outside Foreman George Sampson, of the Auchincloss colliery, operated by the Delaware, Lackawanna and Western company, has been promoted to the position of outside foreman at the Pottsville colliery.

D. L. & W. Board for Today.

The following is the make-up of the Delaware, Lackawanna and Western Board for today:

This and That.

The old Florence breaker in Smithville, now belonging to the Lehigh Valley Coal company, is being torn down. A modern structure, which will prepare coal for market from three different collieries in that vicinity, will be erected.

Great Fortunes HAVE BEEN MADE IN LEGITIMATE MINING.

\$100 invested in the Le Roi mine produced \$32,000. Seven Cœur d'Alene lead and silver mines gave last year to their stockholders \$11,500,000. The stock of the wonderful copper properties at Butte and Anaconda, recently amalgamated for \$150,000,000, was sold in the beginning of a mere trifling compared to its present value. The original stockholders have received more than \$100 for every dollar invested.

THE BLACK DIAMOND TUNNEL COMPANY

is an enterprise of absolute merit. The tunnel is projected to cut at least twenty veins of gold, silver and lead of great value and capable of earning very large dividends.

Black Diamond Tunnel Company's Stock

will, within a year, be confident, give to the purchaser \$5 for every one now invested. Dividends alone over \$100 for every one held for prospectus. SHARES AT PRESENT 50c.
