The First Catholic Total Abstinence Union regiment has been formally organized with a membership from societies located in Hazleton, Wilkes-Barre, Pittston, West Scranton, North Scranton, Archbald and Carbondale, and additional companies will be or-

ganized in several other places. The meeting for the purpose of effect-ing a permanent organization was held Monday night in St. Leo's hall, where representatives of the various societies gathered and discussed the possibilities of such an undertaking.

Major Phillips, captain of the Wilkes-Barre Young Men's Drill corps. and formerly of the Ninth regiment, and also captain of the Wilkes-Barre police force, was elected permanent president, and Thomas P. Earley, of St. Paul's Pioneer corps, was chosen permanent secretary. The selection of a treasurer was deferred until twenty days prior to the encampment, as each company will finance their own men.

The time and place for holding the first annual encampment has been deferred until the April meeting. Lake Lodore, Lake Ariel and Harvey's Lake have been mentioned, but neither has been decided upon. The boys are enthusiastic over the proposed encampment, and are confident of its success. St. Paul's Pioneer corps, of West Scranton, have adopted the regulation forms during the encampment. White duck trousers will also be worn on dress parade, and possibly the Kahki uniforms will be adopted as the fatigue

The next meeting of the regimental promoters will be held at St. Leo's hall on Sunday, March 2, when it is expected representatives will be present from St. John's, Pine Brook; Peter's, Bellevue; St. John's, South Scranton, and several other societies.

Quiet Election Day.

Yesterday was about the tamest elecion day witnessed in West Scranton in many a year, and one would scarcely know that there was an election, but for the fact that the saloons were closed and the election booths were

opened. The only real spice thrown into the fight was by a few of the candidates, who treated their friends to a sleigh or cab ride to and from the polls. The livellest fights waged were in

the Eighteenth and Twenty-first wards, where the vote was very close. Members of the West Side Central Republican club received election returns last night, and the West Scranton branch of The Tribune in Jenkins' drug store, was, as usual, besieged by many men prominent in politics, who were anxious to learn the results in the various wards.

St. Mark's New Parsonage.

The newly built parsonage of St Mark's Lutheran church on Fourteenth street, was formally opened last evening with religious services, led by the pastor, Rev. A. L. Ramer. Rev. J. O. Schlenker, president of the Wilkes-Barre conference, was present, and delivered an address, together with Rev. J. F. Beates, of Wilkes-

Barre; Rev. O. F. Ettwein, of Pittston and others. The event was one of the most enjoyable in the history of the church.

is of Little Benefit Unless It is Digested.

Nearly everyone will admit that as nation we eat too much meat and too little of vegetables and the grains. For business men office men and lerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in severe, outloor manual labor can live on a heavy

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion, and it s no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to as-

similate them properly. It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase, and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means

perfect health. There is no danger of forming an njurious habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar irugs have no place in a stomach medicine, and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies,

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets, and after a week's use note the improvement in health, appetite and nervous energy.
