The committee had already acted upon the latter ordinance, including the amendment providing for the tax on the gross receipts.

#### SOUTH MILL SHUT DOWN.

Last Rail Was Sent Through the Rolls Yesterday-1400 Men Out of Employment.

At the South mill yesterday morning the last rail was rolled and later in the day the work of dismantling the will began. The great majority of the 1.400 men employed there will be thrown out of employment. The skill of the Scranton rail strighteners is conceded in rail mills all over the country, and the product of the Scranton mills is looked upon as comprising the best, straightened rails that go on the market.

Mr. Coleman and Matthew Sayers were pupils of whom Mr. Kearney was particularly proud. They were concededly two of the most scientific in the country. Mr. Coleman was the creator of an idea by which the rail is strightened from one end, saving time this country before you reached the age of 18 and labor, and which has come into

general use. The average monthly pay roll of the South mill was in the neighborhood of \$70,006. ### FIGURES ARE CONFLICTING

RECORDER RECEIVES MUNICI-PAL WATER STATISTICS.

They Show That Municipal Ownership Is Highly Successful in Some Cities and Highly Unsuccessful in Others-Milwaukee, Wis., Cleared \$320,000 in Profits Last Year, While Rochester, N. Y. Had a Deficit of \$39,000 to Make Up-Comparison of Water Rates.

of population ranging from 75,000 to

A number of replies have been reto be a splendid thing, and the figures from other cities are not at all satisfying. It would seem that local conditions enter largely into the question.

The city of Syracuse, N. Y., which has a population of 108,000, or 6,000 more than Scranton, owns its own waterworks, having paid a total of \$4,600,000 for them. The gross receipts per year average \$250,000, while the expenditures. including interest charges, amounted to \$247,000 last year, leaving a net profit of \$3,000. The rates for a single family are \$5, for water closets, \$5, and for bathtubs, \$4. The rates charged by the Scranton Gas and Water company in this city at present are \$8 for a single family, \$3 for bathtubs and \$3 for water

closets. In Reading, with a population of 78,-000, municipal ownership appears to be ceipts are \$175,000 and the running expenses and interest charges, \$104.000 leaving a profit of \$71,000 for last year. The rates are far cheaper than those in this city, water being furnished to dwellings for \$4.50. Bathtubs are \$2.50 each and water closets, \$2.50 each.

ROCHESTER'S EXPERIENCE.

In Rochester, N. Y., population 162,-608, municipal ownership appears to be a dark and dismal failure just at present. The plant cost \$7,465,204. The gross receipts last year were \$400,000 and the expenses \$439,000, leaving a deficit of \$39,000 to be met.

The city of Milwaukee, population 285,000, is apparently coining money on its water system. The plant was acquired for \$2,000,000. The gross receipts amounted to \$500,000 last year and the running expenses including interest charges to only \$179,485, leaving a net profit of \$320,000. The bonds for the the third came out a tie, each five makplant were issued in 1875 so that they ing 795. A fourth game was rolled and have now been virtually all redeemed and the interest item reduced to cominsignificance. The rate charged is six cents per 1,000 gallons to arge and small consumers

The municipal water plant in Providence, R. I., population 175,000, is a paying establishment but the rates are considerably higher than they are in this city. The plant was acquired in 1871 and cost \$6,470,093. The gross re ceipts last year were \$578.869 and the expenses, including interest, \$202,000, leaving a net profit of \$376,000. The rates for one faucet in a dwelling are \$6 and for each additional faucet \$2. Bath tubs are \$5 each and water clos ets \$5 each. The rate to large consumers is ten cents per 100 gallons up o \$600 a year and one and one half cents over that sum.

Allegheny City, population 129,000, deficit of \$12,000 to meet last year. For This is the first and only game won by a six room house the charge is \$10.25. and for houses with a larger number of rooms \$1.50 per each additional room Water closets are assessed at from \$2 to \$10 according to location. These rates are excessively high as compared with Brownell ...... 195

AT GRAND RAPIDS. Grand Rapids, Mich., population 87.-000, owns its own water plant and paid \$1,440,000 for it. The gross receipts last year were \$110,000 and the expenses only \$88,765. The rates charged are five cents per 100 cubic feet to all consumers; ten per cent. off for prompt payment.

St. Paul, Minn., with a population of 165,000, paid \$4,050,000 for its water The gross receipts last year amounted to \$190,000 and the expenses were \$63,000, leaving a profit of \$27,000. The rate charged is \$3 for a four room house and thirty cents for each addi-tional room. Water closets cost only \$2. This rate will average about onehalf the rate charged by the Scranton Gas and Water company for dwelling

Nashville, Tenn., population 80,000, has owned her own water plant since 1834, and its estimated value is now placed at \$2,500,000. The gross receipts last year amounted to \$150,820, and the expenses to \$123,000, leaving the neat little net profit of \$27,000. The rate for six room dwelling, including everything, is \$9 and for an eight room

Lowell, Mass., population 94,000, has had a disastrous experience with her municipal water plant which was acquired at a cost of \$2,943.821. Since the city has been running the plant the gross receipts have been only \$4,293,-847 as compared with running expenses of \$7,378,687. This means a total deficit up to date of \$3,084,840, all of which has had to come out of the taxpayers' pockets.

#### FUNERAL OF JAMES H. TIMLIN. Solemn High Mass of Requiem Celebrated at Jermyn.

The funeral of the late James H. limlin took place at Jermyn yesterday The high esteem in which the deceased was held was manifested by the stream of people that for two hours before the time set for the funeral called at the house to view the remains. At 10 o'clock a solemn high mass of requiem was sung in Sacred Heart church. Rev. J. I. Dunn was celebrant; Rev. Walter Gorman, of Carbondale, deacon; Rev Miles Millane, of Archbald, sub-deacor Rev. Father Dunn preached the sermon, which was a very forcible one and culogistic of the deceased.

During the mass, Prof. W. A. Kelly of Archbald, sang in a beautiful barltone voice the "O Salutaris," and at the offertory Mrs. Anna Brown-O'Malley sang "Calvary" most effectively. Recorder Connell some few weeks ago | As the casket was being taken from sent out a number of letters to cities the church a quintette, composed of Prof. William Kelly, John J. AWARD AGAINST THE STREET CAR STRIKERS.

Their Slander Suit Against Dr. H. E. Lutz Was Heard Before Arbitrators Yesterday, but They Refused to Produce Their Books and Papers as Requested by the Defendant, and, Under the Law Governing Arbitrations, an Award of No Cause of Action Was Given.

"No cause of action," was the decision of the board of arbitrators which yesterday heard the case of P. J. Shea and others, comprising the executive committee of the local Street Car Men's union, against Dr. H. E. Lutz, an action to recover \$5,000 damages.

The decision was arrived at early in the hearing for the reason that the plaintiffs refused to allow the books and papers of the union to be brought into court for examination. Rather than comply with the request of the defendant for the books and papers, they permitted their action to fall. About the middle of January, Dr. Lutz interested himself in trying to settle the strike and succeeded in attracting a good deal of attention. A committee of the strikers, pre-tending they were dissatisfied with the Dr. Lutz, and to them he talked very

management of the strike, went to see unreservedly, as they alleged, stating imong other things, that the executive ommittee had misappropriated \$1,100 of strike funds and that they were in the habit of giving suppers with the funds of the union. It is charged that the doctor made

similar statements in many other places. He was arrested for slander by the committee and damages in the sum of \$5,000 were asked. The case came up for a hearing yesterday, before Arbitrators Ralph Levy, C. E. Daniels and Frank Gibbs. The committee was represented by Attorney C. Balentine and the doctor by Attorneys J. Elliot Ross and John Gunster.

REFUSED TO BE SWORN.

When the hearing opened yesterday morning, Mr. Balentine called Dr. Lutz as for cross examination. Attorney Ross objected, saying that it was a quasi-criminal action and that the defendant could not be called by the plaintiff. The arbitrators over-ruled the objection and then Dr. Lutz, by advice of his attorney, refused to be

Mr. Balentine asked that he be committed to jail for contempt, but Mr. Ross contended that a board of arbitrators had no power to commit for contempt. The arbitration was adjourned until 1.30 in the afternoon, to give the attorneys an opportunity to present their authorities. After the recess. Mr. Ross said he was willing that his client should be sworn, but that he would not permit him to testify. Mr. Balentine said he only wanted to ask him if he had ever seen the books of the union. Dr. Lutz admitted that he had not, and was thereupon permitted to retire from the stand. P. H. Dougherty, one of the members

of the committee that waited upon Dr. Lutz on Jan. 15 or 16, said that the defendant told him that the executive committee was short some \$1,100 in its accounts and that it had spent the union's money in suppers. Attorney Ross, during his cross examination of Dougherty, showed the necessity of having the books of the union present. to establish the fact that Dr. Lutz spoke truly. He said he had served notice on the committee to produce its books, papers, vouchers, etc., but they had falled to do so.

BALENTINE'S CONTENTION. Mr. Balentine admitted that notice had been served on them but that they would not produce the books. Justification, he said, was no defense to the charge against Dr. Lutz, and as he was not trying to establish justification, the books were not necessary to the de-

Mr. Ross thereupon asked for an award of "no cause of action," under the act governing arbitrations, which provides that the decision shall be against any person who fails to produce books or papers necessary to determine the matter at issue.

The arbitrators allowed Mr. Ross' motion and filed an award of no cause

"I have only one hast request to make,"
"And what is that?" asked the presiding officer.
"That you will all give me your pholographie to remember you by."
With this parting abot he dedged out of the door, which he had taken pairs to stand hear.
The professors lay back in their chairs and laughed long and loud. Then they took the vote that severed the official connection between wasteful genius was recently haled before the faculty to unawer charges of such violent fructures of disculing that even in his violent ferr-iatio moments he had not hoped to explain or disprove them satisfactorily. However, he faced that severed the official connection between themselves and their tender young friend.—No
