# **GENERAL THAW NOW AT HAND**

PLAINLY SHOWS THE URGENT NEED OF MORE SEWERS.

Many of the Streets Flooded, and Cellars Filled by the Overflow from Hilltops-Several Funerals Yesterday-Coming Shooting Match-Epworth League-Sons of Temperance Entertain-Recent Sleighing Parties-Other News Notes and Per- wisa them a happy and prosperous life sonals.

The general thaw of snow which has been expected for several days occurred yesterday, and as a result the rush of water from the hilltops of West Scranton flooded the lowlands, and filled many cellars. People were at work on many of the streets yesterday afternoon re-directing the course of the water, and in preventing it from running into their cellars, unconsciously turned it toward their neighbors.

It was a striking illustration of the urgent need of more sewers, and particularly on Pettebone street, where the water rushed down from the intersecting streets into a wide gully at a frightful rate. In West Park the water also flooded the sidewalks and crosswalks, and ran into several cellars, and in the vicinity of Main avenue and Schlager boulevard the street was literally inundated.

The block on North Bromley avenue, between Swetland and Pettebone streets, where the property holders recently petitioned councils for a better drainage, presented a very dilapidated condition, and in the block between Swetland and Lafayette streets, there was also trouble from the general thaw

The most trouble experienced with the water was in districts where no sewers are located, and plainly denced the need of better drainage. This applied particularly to the sections east of Main avenue in the Fourteenth, Fifteenth, Eighteenth, Twenty first and Sixth wards.

### Shooting Match.

A pigeon shooting match will occur on Gammon's hill, Saturday, March 15, for a purse of \$100, trap and handle. participants will be William Hughes, of North Bromley avenue, and David Phillips, of Swetland street. The former issued a challenge to the best wing shots in this vicinity, and cently. One party was entertained at

Rev. E. J. Melley, who has labored for years to raise an edifice which would be suited to the needs of the parishioners is deserving of great praise for the unfaltering devotion and energy he has displayed. His prayer that when complete the new church will be free of debt is likely to be answered.

Every one in the parish is interested and every society is engaged in some kind of an enterprise with a view to raising the necessary money. The closing of the steel mills recently somewhat dampened their ardor, but the burden has again been taken up with more determination than before, and it is predicted that before the end of the present year the church will be finished, furnished and free of debt.

# ONLY A SUGGESTION,

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we cat and digest, and that food should be albuminous or flesh-forming food, like eggs, beefsteak and cereals; in other words, the kind of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we cat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilata it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak and eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs. If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone

and vigor. Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspetic men, women and children. Invalids and children, even the most

delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient. Stuart's Dyspepsia Tablets is the most successful and most widely known of any remedy for stomach troubles

because it is the most reasonable and

scientific of modern medicines. Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as in Great Britain, at 50 cents for complete treatment. Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspetic people strong, plump and well.
