

WEST SCRANTON

DAMAGE BY THE FLOOD

THIS PART OF THE CITY SUSTAINED ITS SHARE.

Mines Had to Shut Down and a Great Deal of Injury Was Done to Property—Entertainment to Be Given Monday Evening in Jackson Street Baptist Church—Annual Supper and Concert of the Tabernacle Congregational Church on South Hyde Park Avenue.

This part of the city suffered severely from yesterday's flood. The land adjacent to the Keyser Valley creek was covered with water for a great distance on either side. The creek leads from the overflow of the old Lackawanna Iron and Coal company reservoir, and runs along the Keyser Valley branch of the Delaware, Lackawanna and Western railroad.

At the intersection of Jackson street, the street in front of the spike mill was flooded, owing to the sewer pipe being choked, but the mill plant suffered little in consequence. The cellars of houses alongside the creek were flooded, particularly on Sherman avenue, where considerable damage was done to property.

The water poured into the Hampton and Hyde Park streets, necessitating a suspension of operations, but no serious damage was reported. The water on Fifteenth street was three feet deep yesterday, and many cellars were flooded. The dirt from the North Main avenue hill, leading onto the Tripp crossing of the Delaware, Lackawanna and Western railroad was washed over the tracks, and several trains were stalled there in consequence.

On Luzerne street many of the front and backyards were flooded, and people were unable to get in or out of the houses, except by wading through the water.

The sidewalks and gutters on many of the leading streets suffered from the storm and flood, and much damage resulted. In some places the gutters were completely inundated, and the cobblestones were washed away from the gutters.

A team of horses, attached to one of H. S. Colony's wagons, became stuck in the mud on South Main avenue, near Elyon street, and only succeeded in getting out after an attachment was made to a street car.

Dufour's French Tar
Will promptly relieve and speedily cure coughs, colds and all lung trouble. For sale by G. W. JENKINS, 101 South Main avenue.

SCHOOL GIRLS

Are Especially Invited to Write to Mrs. Pinkham For Advice Regarding Their Health. All Such Letters Are Strictly Confidential.

School days are danger days for American girls. Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

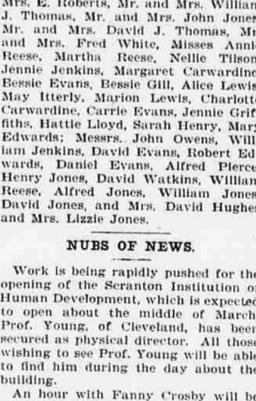

Perhaps she is not over-careful about keeping her feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others are symptoms all indicating that woman's arch-enemy is at hand.

This need not be so if mothers would have a thought for the physical condition of their daughters, and see to it that they have proper assistance.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

If there is anything you don't understand write to Mrs. Pinkham at Lynn, Mass. Her advice is free and always helpful.

How Miss Wilson and Her Sister Were Cured.

"DEAR MRS. PINKHAM:—Your Vegetable Compound has done myself and sister so much good that if I can possibly help some sufferer by sending you a testimonial for publication I feel as though I ought to do so. For several years I suffered with painful menstruation. The pain would sometimes begin ten to twelve hours before menses appeared, and sometimes not until that length of time after, and for a day or two I would be weak and exhausted. I tried many doctors and other remedies, and had about given up hopes of being any better, but thought I would give Lydia E. Pinkham's Vegetable Compound a trial.

"I have taken six bottles and am so much better I can hardly believe I am the same person. My sister is also much pleased with your medicine."

MABEL E. WILSON, Attica, Ind. (Oct. 13, 1900.)

\$5000 REWARD

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—Lydia E. Pinkham Medicine Company, Lynn, Mass.
