Montrose, Feb. 28 .- The annual meeting of the Montrose Fire department takes place in the parlors of the Hook and Ladder company this evening.

At a meeting of the town council on Monday night, that body turned down by refusing to pay bills amounting to about \$300, which were contracted during the small-pox scare in Montrose the first of the year, and which had been approved by the board of health. As a result of the council's action, Dr. John G. Wilson has, through his attorney, E. W. Safford, instituted a suit against the borough, and other of the creditors will take similar action. The general sentiment of the taxpayers is that it is an outrage for the borough to refuse the authorities proper compensation for the splendid work they did in stamping out the contagion and in protecting the town from another outbreak. While all seem ready and willing to pay their proportionate share of the necessary expense, there will be a vigorous kick if, in addition, the citizens are called upon to pay the costs in an entirely unnecessary lawsuit. Montrose was given splendid service and protection and she should not have hesitated a moment in footing the bIII.
