### A STIR AMONG BASE BALL CRANKS

The Sporting Editor of the Carbondale Department of The Tribune Dishes Up Some Gossip for the Men Who Know All About Swats and Curves-Asks Honesdale and Archbald What's Doing.

Hase hall enthusiasts are beginning to shout for a winning base ball team for this season and the best players of the town have gotten together and started the ball rolling for a success-

ful season. The members of last year's Crescent team met on Thursday night last and elected Patrick F. Foxe manager. He managed the team successfully last season, and has already started in to perfect the playing strength of the

Manager Foxe and a committee have been appointed to devise ways and for the season. Near the close of last season the Scranton Traction company made overtures to the team, and almost decided to purchase them uniforms and back the team financially, but at that time the team was in an unstable condition, and it was thought they would not hold together until the finish of the season. This year the Crescents expected support from the company, but the street car strike will Western penitentlary at Pittsburg. operate against such co-operation. would no doubt receive encouragement from the company, but in the event of their doing so they would be forced to play on the Alumni park grounds. Already they have formulated plans for the erection of bleachers on Duffy's field, just above the park, and more ac cessible to the central city.

More new blood will be infused into the team this year, though the stars of last year's aggregation will be on the pay roll.

The following players have already decided to don uniforms when the umpire yell out "play ball"; Moran and Loftus, eatchers; Smith, Cuff. McAndrew, pitchers; Gallaghy, McHale, shortstops: Pidgeon, Hadgins, Harte, first base: Rogan, Monahan, Burke, second base; Foxe, Murray, third base; Emmett, left field: Monahan, Moran, center field, and Harris and Gordon. right field. Other players of like calibre have not yet been seen by Manager Foxe, and the personnel of the team may be greatly shaken up from the above list. Young players will be made a specialty of, and any man of ability will be given a trial on the team. Candidates for the team are asked to appear on the practice field, by Manager Foxe, and all will be given a chance for the nine. There will be no favoritism and no playing on record, A-player will have to show efficiency, or his name will be summarily dropped, Not alone the Crescents, but other teams will be in the field, and hard

### MANY DON'T KNOW.

#### Lack of Right Food Is the Cause of Sickness.

It is hardly fair to blame the doctor for not curing his patient when the patient attempts to live on food that furnishes the wrong kind of nourishment. When sickness comes on it i a pretty good sign that the food is not keeping the body up. There are thousands of cases where a change in food alone has brought the sick one out into a prime condition of health.

As an illustration. A lady in Riverside Calif., says: "After ten years of service as a teacher, during which time I suffered three or four attacks of La Grippe, I finally found myself a physical wreck. Medical treatment would help my strength and vitality tempor-

arily, but I would always go back. 'Husband and I moved to California in the hopes that this genial clime would restore me. I got better for a little while but in a few months became so weak and debilitated that we were

in despair. "Finally through the influence of a friend I changed my diet and began using Grape-Nuts and Postum Coffee, I used Grape-Nuts at two of my meals

each day and have gained 15 pounds in weight and the increase in strength is really wonderful.

Tam back to the healthy, good feelthes of my girlhood days. Postum better than any beverage have ever used. My friends remark on my improved condition and I am impelled to write this letter with profound gratitude, hoping that many others may be induced to go and do likewise. I have proved that health is the natural consequence of properly selected food. Please do not use my name but I will be glad to reply to any Co., Battle Creek, Mich.

RAILROAD TIME TABLES. contests can be looked for Dundam street will have a team, and Gordon avenue intends baving a representative nine in the field. Robert Walker, of Simpson, has set about to organize a team, and he says Carbondale will have to hustle if it intends gaining the championship for another year.

Again we ask: "What's doing, Hones date?" and this time we take in all the places between Wilkes-Barre and Montrose. We even go so far as to include Archbald in our visiting list, and we respectfully advise them to start practicing now-with snow balls. They will need it when the season opens, if they have the courage to bump up against our "prides."

According to the young man who writes the oblivary records from Archbald, in a Sunday paper, the Archbald team does not desire to go up against our strong teams, but would rathe try conclusions with the school team from here, who we are expecting to drill the Scranton school teams. tell the truth Archbald never had a Traits team, and it is probable they never expect to have one that can cope successfully with any but school teams Trains arrive from Scranton at 11.10 a. m.; 6.10 from this section. #### CREDIT FOR OFFICER MORAN.

#### His Detection of Fred Robinson Big Feather in His Cap.

Constable Moran, the keen and shrewd officer of Alderman Atkinson's court, is wearing another good sized feather in his already well-decorated detective's cap.

Constable Moran received his latest decoration by his clever work in the detection and arrest of Fred J. Robinon, the man from the country, who raised a one-dollar bill to twenty by pasting on the numerals from a cor federate bill, and then passing the bill on Samuel Grico, the Italian storekeeper on the West Side. Within fifteen ours after he heard of the transaction, the constable had Robinson before the dderman, besides arresting a man and his wife, who, it is claimed, received : portion of the money that the guilty man received in change from the unsuspecting storekeeper. Mogan had no tangible clue to work upon, as Grico had no knowledge as to Robinson, never having seen him before. He learned however, that a farmer's wagon had been on Fallbrook street, a few blocks from Grico's store, on the evening of the swindling. This clue, slight as it was, was followed with good results. means for securing suitable uniforms and by shrewd and discreet inquiries the constable located Robinson and his supposed accessories. At the hearing in the alderman's office, when he saw the chain of circumstantial evidence that the constable had woven about him, he virtually admitted his guilt, This week he made a clean breast of the affair before Judge Archbald to th United States court, at Scranton, and was given two and a half years in the

### THIS, CERTAINLY, IS NEW. Carbondale Man Elected to Office and

## Didn't Know It.

Anybody hereabouts would be sure to smile if you told him that a Carbondale man didn't know he was elected to office until two weeks afterwards. and that then the news was a big surprise to him. And now if you have any smiles to smile prepare to let them beam, for this is true of a man who lives in Carbondale township, and is perhaps the best known man in that neck o' woods.

This refreshing exception is Thomas Walker, of Cottage street, Carbondale township, and postmaster of Childs, which has been raised to that more dignified appellation than Mayfield yard. Just before the spring election, at the behest of his friends, Mc. Walker decided to stand as a cambidate for treasurer on the Republican ticket. Elections are not so strenuous or exciting in Carbondale township as inwell, in Philadelphia; or say, Fell township, and somehow Mr. Walker forgot that he was in the race. friends, however, didn't; they rallied around his standard, and putting in their best licks they heaped upon him the honor of treasurer. Honor is used advisedly, for no man in Carbondale township will ever sit up o' nights and worry himself to a shadow over the money that he will have to care for as treasurer. The salary of the office is

as only thing to worry about. About Monday or Tuesday of this week. Treasurer-elect Walker was struck with the recollection that he was candidate at the election, and he informed that he would be the next treasurer of the township. Since then he has been buying the cigars for his

### O'MALLEY IN THE VALLEY

### The Dash of The Tribune Man Through the Flooded Highways and Byways Stirs the Muse of Col. John McComb.

The dash of The Tribune's Carbondale epresentative, Martin T. O'Malley and a volunteer newspaper friend Thomas V. Nealon, through the flooded valley in the dark and chaos of Friday night in order that The Tribune's read ers would have the flood news and their favorite paper the next morning, so met with the appreciation of Colonel John McComb as a bit of daring enterprise that awakening his Muse he graphically told the story of the chievement with the incidents leading up to it in verse. He communicated the clever rhyme of the happening to The Tribune, after lecturing the modest Tribune man for his diffidence about the public recital of what he, the Colonel, regarded as meritorious work

ind worthy of his gifted pen. The Tribune's readers, therefore, have presented to them today Colonel Mc-Comb's appreciation, which is all the nore flattering to what he calls the heroes of the narrative," since he was present when they set out and was equainted somewhat with the circumstances surrounding their departure No extended preface of the Colonel's lever handling of the subject is needed The tale, as he relates it, commends itself.

### MOST SUCCESSFUL BANQUET.

Annual Banquet of Royal Arcanum, No. 924, a Brilliant Affair.

The most successful banquet ever held in the history of Carbondale Counell, No. 924, Royal Arcanum, took place Thursday night in the Lackawanna hotel on Belmont street. All the rooms been handsomely decorated for the occasion especially the banquet hall which had been transformed into a bower of beauty. At 8:30 the arcanumites began to gather and enjoyed a social hour before the banquet hall invited the guests to enter into their pleasures. A corps of young ladies under the direction of Mrs. Bruner gave efficient service in providing the guests with the good things of Landlord Bru- Oliver. ner. After the tables took on a some what desolate appearance. the disappearance of edibles the guests kindled their Havanas as a welcome to the flow of soul.

"Things were going from bad to vorse when one day I chanced to read in the paper of a man who had been ured of trouble similar to mine by the use of Dr. Williams' Pink Pills for Pale People. It encouraged be to try them. By the time I had used the first box I felt a decided improvement and I kept on taking them until I had used six boxes. By that time I was restored to

perfect health." "You have never felt any more of the after-effects?" asked the reporter. Not the slightest, But I always keep the pills handy, for I occasionally sufways relieve me. I consider them the best remedy made for all disorders of the digestive organs. I am always glad to recommend Dr. Williams' Pink Pills

for Pale People. The after-effects of fevers and other acute diseases are frequently worse than the allment itself and the utmost care is required during this stage in order that permanent evils do not result. The system is worn out in its two children, of Scranton, attended the long struggle with the disease; the blood is impoverished and the nerves weakened. Vitality is low. The blood needs to be purified and supplied with the elements to build up the wasted tissues, the nerves need a tonic to strengthen them. Dr. Williams' Pink The little child of Mr. and Mrs. Will Pills for Pale People will do this as no Roberts, of Second street, who has other medicine will. They contain all the elements necessary to give new life and richness of the blood and restore shattered nerves. They are an unfailing specific not only for the after-effects of fevers, of the grip and other acute diseases but also for such diseases as locomotor ataxia, partial paralysis. St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, palpitation of the heart, pale and sallow complexion and all forms of weakness either in male or female. Dr. Williams Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box, or six boxes for two dollars and fifty cents (they are never sold in bulk or by the hundred), by addressing Dr. Williams
