# FIRST RETURN OF GRAND JURY

MICHAEL KING IS INDICTED FOR MURDER.

Frank Kofczenski and Edward Sharrak Are Among Those Who Will Have to Stand Trial in Court. Mrs. Hannah I. Chase, Whose Husband Was Killed on the D., L. & W. Railroad Begins an Action to Recover Damages-Appeal Taken In Case Against Dr. Lutz.

The first return of the grand jury to he court was made yesterday morn-Michael King was indicted for murder; and Frank Kofezenski and Edward Sharrak for extortion. Kofczenski was also indicted for imper sonating the county detective. Adolph Dlau had a true bill returned against him for ticket scalping. He was arrested at the instance of M. L. Smith, district passenger agent of the Lackawanna road. The true bills follow: Murder-Michael Davis; William A. Phillips

# Mrs. Chase Brings Suit.

The Delaware, Lackawanna and Western company was made the deson & Diehl.

On March 16, 1901, Mrs. Chase's husbany, Lyman Chase, an engineer, was killed near the Delaware Water Gap. The rails spread and his engine toppled over on the side and he was killed. Mrs. Chase and one child reside ing 1901 was almost three and one-half at Factoryville.

# Summers Trespass Suit.

Joseph Summers, of Old Forge, is the plaintiff in a trespass suit begun yesterday for him by Attorney E. W Thayer against John Dubernus.

Summers alleges that he is the owner of a lot at Austin Heights, in Old Forge sult has been unsatisfactory, not owing borough. The defendant owns a property nearby. It is alleged by Summers that Dubernus dug certain ditches to how to burn it, their stoves not having drain surface water from his land, which had the effect of casting this water on the land of Summers. He asks damages in the sum of \$5,000.

# COURT HOUSE NEWS NOTES.

A marriage license was yesterday granted

Jacob Newman was yesterday appointed deput enstable of the Sixth ward on petition of T. J. Walsh, constable.

An application was made to the court yesterday or a charter for the Guiseppi Garibaldi Beneficial society of Old Forge.

Arbitrators W. W. Baytor, George H. Rice and George L. Peck yesterday filed an award in one branch of now famous series of cases of M. Freedman against George M. Okell. The award

was in favor of the plaintiff in the aum of \$87.78

# INDUSTRIAL JOTTINGS.

New Engines That Are Being Re ceived by the Lackawanna-The Board for Today.

The Lackawanna has recently put into use ten new engines from the Schenectady shops. They are mammoth affairs and are of the best make in the country. Their capacity is better in every way and they can draw larger trains than the old engines. An engineer said: "The Lackawanna simply had to get the engines or be behind the times. The road has put on larger and heavier coaches and, of course, larger engines were necessary. The new engines can pull nine coaches as easy as the little old engines could pull three." During the first four months of this year the Lackawanna will receive from

builders sixty-five locomotives of vari-

## INTENSE SUFFERING

From Dyspepsia and Stomach

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable case of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge,

Assault and Battery-Salvatore Cappellio; Carlo for years with dyspepsia. Everything neigrish, pros. Agnes Duriscavitch, Mary he ate seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, billousness, constipation and all lerangements of the stomach, however slight or severe."

ous types for differ w' inches of service. Late last year senty-nine en-gines were received, so that within six months the Lackawanna will have received exactly one gross of modern locomotives-a most valuable acquisition to the equipment of any railroad. The new construction necessitated by

heavier engines and lorger trains on the point of a pistol she took 65 cents the Lackawanna railrolad furnishes some interesting details as to the imthe last three years. In this time no less than 30,000 tons of rails weighing eighty pounds to the yard have been in fendant yesterday in an action to re-cover damages brought by Mrs. Hannah I. Chase through Attorneys Wat- rails. With this rail renewal work the replacement of ties has been equally energetic. A total of 1,521,300 ties have been laid in the last three years, of which 582,900 were put down in the year just closed. The cost of all this and other betterment work performed durmillion dollars.-Binghamton Herald.

# Must Patronize Us.

August Schulze, who imported sevral thousand tons of Pennsylvania anthracite coal, and who placed orders for this product contingent upon the opinion of the consumers, says the reto the quality of the coal, but because the German householders do not know sufficient draught for such hard coal. Herr Schulze says that English an-

thracite coal can be burned in smaller quantities and at a lower draught. The American coal makes more ashes, and consequently, requires more shaking which the Germans neglect, thus retarding the coal from burning.

However, Herr Schulze says that despite these obstacles Germany must, in the future, depend upon the United States for her supply of anthracite, since Great Britain scarcely produces enough for her own consumption.
