Alum is used as a cheap substitute for cream of tartar in making many baking powders. It is a corrosive acid, condemned by physicians as dangerous to health when taken with the food.

THE BRIDGE AMENDMENTS.

No Further Effort to Be Made to Secure Their Adoption.

The attempt to secure the adoption of amendments to the bond ordinance providing funds for the erection of bridges washed away by the recent flood has been practically given up and it is understood that they will not be introduced in select council because of the fate they met in the common branch.

Recorder Connell, while desiring the incorporation of these amendments in the ordinance, has given certain mem-

bers to understand that he would sooner have it pass without amendment than to have it jeopardized by the insertion of anything whatever.

It is believed that provision for the bridges will be made in a second ordinance to be introduced after the reorganization of councils and that provision will be made for the viaduct in this measure if the recorder is satisfied that the majority of the citizens of West Scranton are agreed upon a location for this structure and if he is able to secure something like a reliable approximate estimate of the actual cost.

PECKVILLE.

INDUSTRIAL AND LABOR

PRESENT SCALE OF WAGES IS TO CONTINUE.

Notices Posted at All of the Collieries in This Region Yesterday—Men of This Part of the Coal Field Do Not Want a Strike—Charles H. Warren, Vice President of the Jersey Central, Has Resigned—The D., L. & W. Board as Made Up for Today—Other Notes.

The notices to the mine workers regarding the attitude of the operators on the subject of the wage scale, which have been expected for some time, were posted at all of the D., L. & W. collieries yesterday morning, and reads as follows:

The Delaware, Lackawanna and Western Railroad Company, Office of the Superintendent of Coal Mining Department, Scranton, Pa., March 14, 1902.

NOTICE. The rates of wages now in effect will be continued until April 1, 1902, and thereafter, subject to thirty days' notice.

Local differences will, as heretofore, be adjusted with our employees at the respective collieries. H. A. Phillips, Superintendent.

Similar notices were also posted at all of the collieries operated by the Delaware and Hudson company, the Scranton Coal company, the Pennsylvania Coal company, Hillside Coal and Iron company and Temple Iron company. Just how the notices will be considered by the mine workers is problematical as yet.

About all of the locals of the United Mine Workers of America have elected their delegates to attend the convention of the three anthracite districts, which will convene at Shamokin, Tuesday, and in all probability the matter of the wage scale will be officially acted upon then.

It is generally known that the mine workers in Northeastern Pennsylvania do not want a strike on April 1, and the more conservative of them believe in "letting well enough alone," as they put it. They are doing better in every way at the present time than for years past, and they do not want trouble.

Aside from the trouble at the Avondale, Puttison and Woodward collieries in reference to the "swing shift," there is no apparent dissatisfaction among the men at this time.

Warren Has Resigned.

Charles H. Warren, vice-president and general manager, and for the last year practically the supreme executive officer of the Central Railroad of New Jersey, has resigned his office. It will take effect June 1, next.

Ever since his first connection with the New Jersey Central, in 1857, Mr. Warren has been the active spirit in

the administration of the company's property. He practically reorganized the operating department, effected great improvements in the traffic department, and was mainly instrumental in bringing about the improvement of the road's physical condition. He was successful in winning several labor strikes for the railroad, and in preventing other strikes.

John R. James, of West Scranton, who has been assistant inside foreman of the Cayuga mine for a number of years, has been appointed foreman at the same place, to succeed H. G. Davis, promoted to be district superintendent. Mr. James is a brother of Hon. Edward James, former member of the legislature from the Third district.

In a Blaze of Splendor We Open Our New Store

We do not hesitate to declare that this will be the grandest display of Furniture, Carpets and House Furnishings

Ever displayed in Scranton. What we invite you to visit next Monday will be both surprising and pleasing. You will find here many interesting lessons, teaching modern ways to furnish and beautify the home—ideas that are original with us. Our great success in our branch stores has been achieved by straightforward and fair dealing methods, by selling exactly what we advertise and by selling dependable merchandise at the very lowest possible prices. These methods will also prevail here. If large values at little cost and courteous treatment to patrons bring proper results, then our success in Scranton is now assured.

THE POWER BEHIND THIS CONCERN

Is its wonderfully strong position in buying its merchandise. The largest orders placed in the furniture and carpet markets are done so by our buyers for our many stores, which are located at

- Buffalo, N. Y.,
- Detroit, Mich.,
- Toledo, O.,
- Springfield, O.,
- Indianapolis, Ind.,
- Cincinnati, O.

You can readily appreciate the advantages of such extensive purchasing.
